

Contract No.: GS-10F-0050L (W81XWH-09-F-0511)
Mathematica Reference No.: 06663-500

2010 Health Care Survey of DoD Beneficiaries:

Adult Codebook and User's Guide

August 2010
Quarter III
Survey Fielded: April 2010

Submitted to:

TRICARE Management Activity
5111 Leesburg Pike, Suite 510
Falls Church, VA 22041
(703) 681-3636

Submitted by:

Mathematica Policy Research, Inc.
600 Maryland Ave., SW, Suite 550
Washington, DC 20024-2512
(202) 484-9220

Task Order Officer:

Richard R. Bannick, Ph. D., FACHE

Project Director:

Eric Schone, Ph. D.

TABLE OF VARIABLES

Page

SAMPLING VARIABLES		
MPRID	- Unique MPR identifier.....	103
SVCSMPL	- Branch of service sampling variable.....	103
SEXSMPL	- Sex sampling variable	103
STRATUM	- Sampling stratum	103
ENBGSMPL	- Enrollment by beneficiary category.....	110
MPCSMPL	- Military personnel category.....	110
NHFF	- Stratum sample size.....	110
QUARTER	- Survey quarter	110
D_HEALTH	- Health service region.....	111
TNEXREG	- TRICARE next generation of contracts region grouping	111
SERVAFF	- Service affiliation	111
BWT	- Basic sampling weight.....	112
DEERS VARIABLES		
RACEETHN	- Race/Ethnic code	112
PNSEXCD	- Person gender	112
RDAGEQY	- Age at time of data collection-Capped(18 and below, 86 and above).....	113
RFLDAGE	- Age at start of fielding period-Capped(18 and below, 86 and above)	113
PCM	- Primary manager code (civilian or military)	113
ACV	- Alternate care value.....	114
DBENCAT	- Beneficiary category	114
DSPONSVC	- Derived sponsor branch of service.....	115
PATCAT	- Aggregated beneficiary category.....	115
PNTYPECD	- Person type code.....	115
QUESTIONNAIRE RESPONSES		
H10001	- Are you the person listed on envelope	115
H10002A	- Health plan(s) covered: TRICARE Prime	116
H10002C	- Health plan(s) covered: TRICARE Ext/Std.....	116
H10002N	- Health plan(s) covered: TRICARE Plus	116
H10002O	- Health plan(s) covered: TRICARE For Life	116
H10002P	- Health plan(s) covered: TRICARE Supplemental Insurance.....	116
H10002Q	- Health plan(s) covered: TRICARE Reserve Select.....	117
H10002F	- Health plan(s) covered: Medicare.....	117
H10002G	- Health plan(s) covered: FEHBP	117
H10002H	- Health plan(s) covered: Medicaid.....	117
H10002I	- Health plan(s) covered: Civilian HMO	117
H10002J	- Health plan(s) covered: Other civilian.....	118
H10002K	- Health plan(s) covered: USFHP	118
H10002M	- Health plan(s) covered: Veterans.....	118
H10002R	- Health plan(s) covered: Other Non-US government health insurance.....	118
H10002L	- Health plan(s) covered: Not sure.....	118
H10003	- Which health plan did you use most in the past 12 months?	119
H10004	- Months or years in a row with health plan	119
H10005	- In last year: facility used most for health care	120
H10006	- In last year: have illness/injury/condition that needed care right away	120
H10007	- In last year: how often got care as soon as you believed you need it	120
H10008	- In last year: wait between trying to get care and actually seeing a provider for an illness or injury.....	121
H10009	- In last year: made appointments for non-urgent health care.....	121
H10010	- In last year: how often got appointments for non-urgent health care as soon as you wanted	121
H10011	- In last year: days between making an appointment for regular or routine care and actually seeing a provider.....	122

H10012	- In last year: times went to an emergency room for own care.....	122
H10013	- In last year: times went to a doctors office or clinic for yourself (not counting times went to an emergency room).....	122
H10014	- In last year: how often talk to doctor or other health care provider about illness prevention.....	123
H10015	- In last year: doctor or other health care provider talked about more than 1 choice for treatment	123
H10016	- In last year: doctor talked about pros/cons of each treatment/health care choice	123
H10017	- In last year: doctor/health care provider asked which treatment option you thought was best for you when there was more than one choice of treatment.....	124
H10018	- Rating of all health care in last year	124
H10019	- Have one person you think of as your personal doctor	124
H10020	- In last year: number of times visited personal doctor for care for self.....	125
H10021	- In last year: how often personal doctor listened carefully to you	125
H10022	- In last year: how often personal doctor explained things in a way that was easy to understand.....	125
H10023	- In last year: how often your personal doctor showed respect for what you have to say.....	126
H10024	- In last year: how often your personal doctor spent enough time with you.....	126
H10025	- In last year: got care from doctor or other health provider other than personal doctor	126
H10026	- In last year: how often personal doctor seemed informed and up-to-date about care received from other doctors	127
H10027	- Rating of your personal doctor	127
H10028	- In last year: tried to make appointment to see a specialist.....	127
H10029	- In last year: how often it was easy to get appointments with specialists	128
H10030	- In last year: how many specialists seen	128
H10031	- Rating of specialist seen most often in last year	128
H10032	- In last year: tried to get care, tests, or treatment through health plan	129
H10033	- In last year: how often easy to get care, tests, or treatment you thought you needed through health plan.....	129
H10034B	- In last year: looked for information in written material or on the Internet about how health plan works.....	129
H10034	- In last year: how often written material/Internet provide information you needed about how your plan works.....	129
H10035	- In last year: looked for information from health plan on cost of health care service or equipment.....	130
H10036	- In last year: how often able to find out cost of health care service or equipment from health plan.....	130
H10037	- In last year: looked for information from health plan on cost of prescription medications	130
H10038	- In last year: how often able to find out cost of prescription medications	131
H10039	- In last year: tried to get information or help from health plan's customer service	131
H10040	- In last year: how often did customer service give needed information or help.....	131
H10041	- In last year: how often did customer service treat with courtesy and respect	132
H10042	- In last year: health plan gave forms to fill out	132
H10043	- In last year: how often forms from health plan were easy to fill out.....	132
H10044	- In last year: sent in any claims to your health plan	133
H10045	- In last year: how often health plan handled claims quickly.....	133
H10046	- In last year: how often health plan handled claims correctly	133
H10047	- Rating of all experience with health plan	134
H10048	- Blood pressure: when last reading	134
H10049	- Blood pressure: know if blood pressure is too high or not.....	134
H10050	- When did you last have a flu shot	135
H10051	- Smoked at least 100 cigarettes in life.....	135
H10052	- Smoke everyday, some days, or not at all.....	135

H10053	- Last year: number of visits advised to quit smoking.....	136
H10054	- Last year: number of visits medication was recommended or discussed to assist with quitting smoking.....	136
H10055	- Last year: number of visits recommended or discussed methods and strategies to assist quitting smoking	136
H10056	- Are you male or female	137
H10057	- Female: last have a Pap smear test.....	137
H10058	- Female: are you under age 40	137
H10059	- Female: last time breasts checked mammography	138
H10060	- Female: been pregnant in last year or pregnant now	138
H10061	- Female: in what trimester is your pregnancy.....	138
H10062	- Female: trimester first received prenatal care.....	139
H10063	- In general how would you rate your overall health.....	139
H10064	- Limited in any way in any activities because of any impairment or health problem	139
H10065	- In last year: seen doctor or other health provider 3 or more times for same condition or problem.....	139
H10066	- Condition lasted for at least 3 months	140
H10067	- Need to take medicine prescribed by a doctor	140
H10068	- Medicine to treat condition that has lasted for at least 3 months	140
H10069F	- Feet portion of height without shoes.....	140
H10069I	- Inches portion of height without shoes	141
H10070	- Weight without shoes in pounds.....	141
SREDA	- Highest grade completed	146
H10071	- Are you Spanish, Hispanic, or Latino	146
H10071A	- No, not Spanish, Hispanic, or Latino	146
H10071B	- Yes, Mexican, Mexican American, Chicano	147
H10071C	- Yes, Puerto Rican.....	147
H10071D	- Yes, Cuban.....	147
H10071E	- Yes, other Spanish, Hispanic, or Latino	147
SRRACEA	- Race: White.....	147
SRRACEB	- Race: Black or African American.....	148
SRRACEC	- Race: American Indian or Alaska native	148
SRRACED	- Race: Asian	148
SRRACEE	- Race: Native Hawaiian/other Pacific Islanders.....	148
SRAGE	- What is your age now?	149
H10072	- Currently covered Medicare part A.....	149
H10073	- Currently covered Medicare part B.....	149
H10074	- Currently covered Medicare supplemental.....	149
S10C09	- Lst yr: did you have a health problem for which you needed special medical equipment, such as a cane, a wheelchair, or oxygen equipment	150
S10C10	- Lst yr: how much of a problem was it to get special medical equipment you needed through your health plan.....	150
S10C11	- Lst yr: did you need special therapy, such as physical, occupational, or speech therapy.....	150
S10C12	- Lst yr: how much of a problem was it to get special therapy you needed through your health plan.....	151
S10C13	- Lst yr: did you need home health care or assistance	151
S10C14	- Lst yr: how much of a problem was it to get home health care you needed through your health plan.....	151
S10C01	- Is personal doctor a general doctor, specialist, physician assistant, or nurse.....	152
S10C02	- How long have you been going to your personal doctor or nurse	152
S10C03	- Do you have physical or mental condition that interferes with ability to work/attend school/manage day-to-day activities.....	152
S10C04	- Does personal doctor or nurse understand how any health problems have affected day-to-day life	153
S10C06	- Lst yr: were any decisions made about your health care.....	153

S10C07	- Lst yr: how often were you involved as much as you wanted in these decisions about your health care.....	153
S10C08	- Lst yr: how often was it easy to get your doctors to agree with you on the best way to manage your health conditions or problems.....	154
S10009	- Had the same personal doctor or nurse before joining this health plan	154
S10010	- Since joined health plan, how much of a problem, if any, was it to get a personal doctor or nurse you are happy with?	154
S10C05	- Lst yr: how many times did you go to specialists for care for yourself.....	155
S10B01	- Self rating of overall mental/emotional health	155
S10B02	- Last year: needed treatment/counseling for personal/family problem.....	155
S10B03	- Last year: problem getting needed treatment/counseling	156
S10B04	- Last year: rating of treatment/counseling received.....	156
S10Q01	- Have you ever had a blood stool test using a home kit.....	156
S10Q02	- How long since last blood stool test using a home kit.....	157
S10Q03	- Have you ever had a sigmoidoscopy or colonoscopy.....	157
S10Q04	- How long since last sigmoidoscopy.....	157
S10Q05	- How long since last colonoscopy.....	158
S10D03	- Currently use any tobacco products other than cigarettes, like cigars/pipes/kreteks/other	158
S10D02	- Currently use chewing tobacco or snuff every day, some days, or not at all.....	158
S10D05	- In a typical week: amount of dip/chewing tobacco/snuff/snus used.....	159
S10C15	- Has an impairment or health problem caused you to need help with personal care needs such as eating, dressing, or getting around the house.....	159
S10C16	- Has an impairment or health problem caused you to need help with routine needs such as everyday household chores, doing necessary business, shopping, or getting around for other purposes	159
S10C17	- Physical or mental condition that interferes with independence, participation in the community, or quality of life.....	160
S10C18	- Rating of how well your health plan has done in providing the equipment, services, and help you need.....	160
S10C19	- In last year: been a patient in a hospital overnight or longer	160
S10011	- Able to see my provider when needed	161
S10014	- Satisfaction with health care received during last visit	161
SURVEY FIELDING VARIABLES		
ONTIME	- Responded within 8 weeks of mail-out.....	161
FLAG_FIN	- Final disposition.....	161
DUPFLAG	- Multiple response indicator.....	162
FNSTATUS	- Final status	162
KEYCOUNT	- Number of key questions answered.....	162
WEB	- Web survey indicator.....	162
CODING SCHEME FLAGS AND COUNTS		
N1	- Coding scheme note 1	163
N2	- Coding scheme note 2	163
N3	- Coding scheme note 3	163
N4	- Coding scheme note 4	164
N5	- Coding scheme note 5	164
N5A1	- Coding scheme note 5A1	164
N5A2	- Coding scheme note 5A2.....	164
N5A3	- Coding scheme note 5A3.....	165
N6_Q3	- Coding scheme note 6_Q3.....	165
N6A1	- Coding scheme note 6A1	165
N7	- Coding scheme note 7	165
N8	- Coding scheme note 8	166
N8B1	- Coding scheme note 8B1	166
N8A1	- Coding scheme note 8A1	166
N9	- Coding scheme note 9	166
N10_Q3	- Coding scheme note 10_Q3.....	167
N10A1	- Coding scheme note 10A1	167

N11	- Coding scheme note 11	167
N11B	- Coding scheme note 11B	167
N12	- Coding scheme note 12	168
N13	- Coding scheme note 13	168
N14	- Coding scheme note 14	168
N15	- Coding scheme note 15	168
N16	- Coding scheme note 16	169
N16A1	- Coding scheme note 16A1	169
N16A2	- Coding scheme note 16A2	169
N17	- Coding scheme note 17	169
N18	- Coding scheme note 18	170
N19A	- Coding scheme note 19A	170
N19B	- Coding scheme note 19B	170
N20	- Coding scheme note 20	171
N21	- Coding scheme note 21	171
N21A1	- Coding scheme note 21A1	171
N22	- Coding scheme note 22	171
N23	- Coding scheme note 23	172
N24	- Coding scheme note 24	172
MISS_1	- Count of: violates skip pattern	172
MISS_3	- Count of: do not use other tobacco products response.....	172
MISS_4	- Count of: incomplete grid error	173
MISS_5	- Count of: scalable response of don't know.....	173
MISS_6	- Count of: not applicable - valid skip.....	173
MISS_7	- Count of: out-of-range error.....	174
MISS_9	- Count of: no response - invalid skip	174
MISS_TOT	- Total number of missing responses	175
CONSTRUCTED VARIABLES		
XENRLLMT	- Enrollment in TRICARE prime.....	176
XENR_PCM	- Enrollment by PCM type	176
XINS_COV	- Insurance coverage	176
XBENCAT	- Beneficiary category	177
XENR_RSV	- Enrollment by PCM type - reservist	177
XINS_RSV	- Insurance coverage - reservist	178
XREGION	- Region	178
XTNEXREG	- TRICARE next generation of contracts region grouping	179
USA	- CONUS/OCONUS indicator	179
XOCONUS	- Overseas Europe/Pacific/Latin indicator	179
OUTCATCH	- Out of catchment area indicator	179
XSEXA	- Male or female (recode)	180
XBMI	- Body mass index	180
XBMICAT	- Body mass index category	180
XBNFGRP	- Constructed beneficiary group.....	180
XSERVAFF	- Service affiliation	181
KMILOPQY	- Outpatient visits to military facility.....	181
KCIVOPQY	- Outpatient visits to civilian facility	181
KCIVINS	- Beneficiary covered by civilian insurance	181
HP_PRNTL	- Pregnant in last year received care in 1st trimester	182
HP_MAMOG	- Women age 40 and over mammography in past 2 years	182
HP_MAM50	- Women age 50 and over mammography in past 2 years	182
HP_PAP	- All women pap smear in last 3 years.....	182
HP_BP	- Blood pressure check in last 2 years know results.....	183
HP_FLU	- Age 65 and older flu shot in last 12 months	183
HP_OBESE	- Obese or morbidly obese	183
HP_SMOKE	- Advised to quit smoking in last 12 months	183
HP_SMKH2	- Smoker under HEDIS definition (modified)	184
HP_CESH2	- Had smoking cessation counseling - HEDIS (modified).....	184
XCATCH	- XCATCH- Catchment area (reporting)	184

POSTCELL	- Poststratification cell for new weights.....	187
WEIGHTS		
FWRWT1	- Replicated/Jackknife quarterly weight 1	189
FWRWT2	- Replicated/Jackknife quarterly weight 2	190
FWRWT3	- Replicated/Jackknife quarterly weight 3	190
FWRWT4	- Replicated/Jackknife quarterly weight 4	190
FWRWT5	- Replicated/Jackknife quarterly weight 5	191
FWRWT6	- Replicated/Jackknife quarterly weight 6	191
FWRWT7	- Replicated/Jackknife quarterly weight 7	191
FWRWT8	- Replicated/Jackknife quarterly weight 8	192
FWRWT9	- Replicated/Jackknife quarterly weight 9	192

FWRWT8	- Replicated/Jackknife quarterly weight 8	192
FWRWT9	- Replicated/Jackknife quarterly weight 9	192
H10001	- Are you the person listed on envelope	115
H10002A	- Health plan(s) covered: TRICARE Prime	116
H10002C	- Health plan(s) covered: TRICARE Ext/Std	116
H10002F	- Health plan(s) covered: Medicare.....	117
H10002G	- Health plan(s) covered: FEHBP	117
H10002H	- Health plan(s) covered: Medicaid	117
H10002I	- Health plan(s) covered: Civilian HMO	117
H10002J	- Health plan(s) covered: Other civilian.....	118
H10002K	- Health plan(s) covered: USFHP	118
H10002L	- Health plan(s) covered: Not sure.....	118
H10002M	- Health plan(s) covered: Veterans	118
H10002N	- Health plan(s) covered: TRICARE Plus	116
H10002O	- Health plan(s) covered: TRICARE For Life	116
H10002P	- Health plan(s) covered: TRICARE Supplemental Insurance.....	116
H10002Q	- Health plan(s) covered: TRICARE Reserve Select	117
H10002R	- Health plan(s) covered: Other Non-US government health insurance	118
H10003	- Which health plan did you use most in the past 12 months?	119
H10004	- Months or years in a row with health plan	119
H10005	- In last year: facility used most for health care	120
H10006	- In last year: have illness/injury/condition that needed care right away	120
H10007	- In last year: how often got care as soon as you believed you need it	120
H10008	- In last year: wait between trying to get care and actually seeing a provider for an illness or injury.....	121
H10009	- In last year: made appointments for non-urgent health care.....	121
H10010	- In last year: how often got appointments for non-urgent health care as soon as you wanted	121
H10011	- In last year: days between making an appointment for regular or routine care and actually seeing a provider.....	122
H10012	- In last year: times went to an emergency room for own care.....	122
H10013	- In last year: times went to a doctors office or clinic for yourself (not counting times went to an emergency room).....	122
H10014	- In last year: how often talk to doctor or other health care provider about illness prevention.....	123
H10015	- In last year: doctor or other health care provider talked about more than 1 choice for treatment	123
H10016	- In last year: doctor talked about pros/cons of each treatment/health care choice	123
H10017	- In last year: doctor/health care provider asked which treatment option you thought was best for you when there was more than one choice of treatment	124
H10018	- Rating of all health care in last year	124
H10019	- Have one person you think of as your personal doctor	124
H10020	- In last year: number of times visited personal doctor for care for self.....	125

2010 HEALTH CARE SURVEY OF DOD BENEFICIARIES – QUARTER III

H10021	- In last year: how often personal doctor listened carefully to you	125
H10022	- In last year: how often personal doctor explained things in a way that was easy to understand.....	125
H10023	- In last year: how often your personal doctor showed respect for what you have to say	126
H10024	- In last year: how often your personal doctor spent enough time with you	126
H10025	- In last year: got care from doctor or other health provider other than personal doctor	126
H10026	- In last year: how often personal doctor seemed informed and up-to-date about care received from other doctors	127
H10027	- Rating of your personal doctor	127
H10028	- In last year: tried to make appointment to see a specialist.....	127
H10029	- In last year: how often it was easy to get appointments with specialists	128
H10030	- In last year: how many specialists seen	128
H10031	- Rating of specialist seen most often in last year	128
H10032	- In last year: tried to get care, tests, or treatment through health plan	129
H10033	- In last year: how often easy to get care, tests, or treatment you thought you needed through health plan.....	129
H10034	- In last year: how often written material/Internet provide information you needed about how your plan works.....	129
H10034B	- In last year: looked for information in written material or on the Internet about how health plan works.....	129
H10035	- In last year: looked for information from health plan on cost of health care service or equipment.....	130
H10036	- In last year: how often able to find out cost of health care service or equipment from health plan.....	130
H10037	- In last year: looked for information from health plan on cost of prescription medications	130
H10038	- In last year: how often able to find out cost of prescription medications	131
H10039	- In last year: tried to get information or help from health plan's customer service	131
H10040	- In last year: how often did customer service give needed information or help.....	131
H10041	- In last year: how often did customer service treat with courtesy and respect	132
H10042	- In last year: health plan gave forms to fill out	132
H10043	- In last year: how often forms from health plan were easy to fill out.....	132
H10044	- In last year: sent in any claims to your health plan	133
H10045	- In last year: how often health plan handled claims quickly.....	133
H10046	- In last year: how often health plan handled claims correctly	133
H10047	- Rating of all experience with health plan	134
H10048	- Blood pressure: when last reading	134
H10049	- Blood pressure: know if blood pressure is too high or not.....	134
H10050	- When did you last have a flu shot	135
H10051	- Smoked at least 100 cigarettes in life.....	135
H10052	- Smoke everyday, some days, or not at all.....	135
H10053	- Last year: number of visits advised to quit smoking.....	136
H10054	- Last year: number of visits medication was recommended or discussed to assist with quitting smoking.....	136
H10055	- Last year: number of visits recommended or discussed methods and strategies to assist quitting smoking	136
H10056	- Are you male or female	137
H10057	- Female: last have a Pap smear test.....	137
H10058	- Female: are you under age 40	137
H10059	- Female: last time breasts checked mammography	138
H10060	- Female: been pregnant in last year or pregnant now	138
H10061	- Female: in what trimester is your pregnancy.....	138
H10062	- Female: trimester first received prenatal care	139
H10063	- In general how would you rate your overall health.....	139

H10064	- Limited in any way in any activities because of any impairment or health problem	139
H10065	- In last year: seen doctor or other health provider 3 or more times for same condition or problem.....	139
H10066	- Condition lasted for at least 3 months	140
H10067	- Need to take medicine prescribed by a doctor	140
H10068	- Medicine to treat condition that has lasted for at least 3 months	140
H10069F	- Feet portion of height without shoes.....	140
H10069I	- Inches portion of height without shoes	141
H10070	- Weight without shoes in pounds.....	141
H10071	- Are you Spanish, Hispanic, or Latino	146
H10071A	- No, not Spanish, Hispanic, or Latino	146
H10071B	- Yes, Mexican, Mexican American, Chicano	147
H10071C	- Yes, Puerto Rican.....	147
H10071D	- Yes, Cuban.....	147
H10071E	- Yes, other Spanish, Hispanic, or Latino	147
H10072	- Currently covered Medicare part A.....	149
H10073	- Currently covered Medicare part B.....	149
H10074	- Currently covered Medicare supplemental.....	149
HP_BP	- Blood pressure check in last 2 years know results.....	183
HP_CESH2	- Had smoking cessation counseling - HEDIS (modified).....	184
HP_FLU	- Age 65 and older flu shot in last 12 months	183
HP_MAM50	- Women age 50 and over mammography in past 2 years	182
HP_MAMOG	- Women age 40 and over mammography in past 2 years	182
HP_OBESE	- Obese or morbidly obese	183
HP_PAP	- All women pap smear in last 3 years.....	182
HP_PRNTL	- Pregnant in last year received care in 1st trimester	182
HP_SMKH2	- Smoker under HEDIS definition (modified)	184
HP_SMOKE	- Advised to quit smoking in last 12 months	183
KCIVINS	- Beneficiary covered by civilian insurance	181
KCIVOPQY	- Outpatient visits to civilian facility	181
KEYCOUNT	- Number of key questions answered	162
KMILOPQY	- Outpatient visits to military facility.....	181
MISS_1	- Count of: violates skip pattern	172
MISS_3	- Count of: do not use other tobacco products response.....	172
MISS_4	- Count of: incomplete grid error	173
MISS_5	- Count of: scalable response of don't know.....	173
MISS_6	- Count of: not applicable - valid skip.....	173
MISS_7	- Count of: out-of-range error.....	174
MISS_9	- Count of: no response - invalid skip	174
MISS_TOT	- Total number of missing responses	175
MPCSMPL	- Military personnel category.....	110
MPRID	- Unique MPR identifier.....	103
N1	- Coding scheme note 1	163
N10_Q3	- Coding scheme note 10_Q3.....	167
N10A1	- Coding scheme note 10A1	167
N11	- Coding scheme note 11	167
N11B	- Coding scheme note 11B	167
N12	- Coding scheme note 12	168
N13	- Coding scheme note 13	168
N14	- Coding scheme note 14	168
N15	- Coding scheme note 15	168
N16	- Coding scheme note 16	169
N16A1	- Coding scheme note 16A1	169
N16A2	- Coding scheme note 16A2.....	169
N17	- Coding scheme note 17	169
N18	- Coding scheme note 18	170
N19A	- Coding scheme note 19A.....	170

N19B	- Coding scheme note 19B	170
N2	- Coding scheme note 2	163
N20	- Coding scheme note 20	171
N21	- Coding scheme note 21	171
N21A1	- Coding scheme note 21A1	171
N22	- Coding scheme note 22	171
N23	- Coding scheme note 23	172
N24	- Coding scheme note 24	172
N3	- Coding scheme note 3	163
N4	- Coding scheme note 4	164
N5	- Coding scheme note 5	164
N5A1	- Coding scheme note 5A1	164
N5A2	- Coding scheme note 5A2	164
N5A3	- Coding scheme note 5A3	165
N6_Q3	- Coding scheme note 6_Q3.....	165
N6A1	- Coding scheme note 6A1	165
N7	- Coding scheme note 7	165
N8	- Coding scheme note 8	166
N8A1	- Coding scheme note 8A1	166
N8B1	- Coding scheme note 8B1	166
N9	- Coding scheme note 9	166
NHFF	- Stratum sample size.....	110
ONTIME	- Responded within 8 weeks of mail-out.....	161
OUTCATCH	- Out of catchment area indicator	179
PATCAT	- Aggregated beneficiary category.....	115
PCM	- Primary manager code (civilian or military)	113
PNSEXCD	- Person gender	112
PNTYPECD	- Person type code.....	115
POSTCELL	- Poststratification cell for new weights.....	187
QUARTER	- Survey quarter	110
RACEETHN	- Race/Ethnic code	112
RDAGEQY	- Age at time of data collection-Capped(18 and below, 86 and above).....	113
RFLDAGE	- Age at start of fielding period-Capped(18 and below, 86 and above)	113
S10009	- Had the same personal doctor or nurse before joining this health plan	154
S10010	- Since joined health plan, how much of a problem, if any, was it to get a personal doctor or nurse you are happy with?	154
S10011	- Able to see my provider when needed	161
S10014	- Satisfaction with health care received during last visit	161
S10B01	- Self rating of overall mental/emotional health	155
S10B02	- Last year: needed treatment/counseling for personal/family problem.....	155
S10B03	- Last year: problem getting needed treatment/counseling	156
S10B04	- Last year: rating of treatment/counseling received.....	156
S10C01	- Is personal doctor a general doctor, specialist, physician assistant, or nurse.....	152
S10C02	- How long have you been going to your personal doctor or nurse	152
S10C03	- Do you have physical or mental condition that interferes with ability to work/attend school/manage day-to-day activities.....	152
S10C04	- Does personal doctor or nurse understand how any health problems have affected day-to-day life	153
S10C05	- Lst yr: how many times did you go to specialists for care for yourself.....	155
S10C06	- Lst yr: were any decisions made about your health care.....	153
S10C07	- Lst yr: how often were you involved as much as you wanted in these decisions about your health care.....	153
S10C08	- Lst yr: how often was it easy to get your doctors to agree with you on the best way to manage your health conditions or problems	154
S10C09	- Lst yr: did you have a health problem for which you needed special medical equipment, such as a cane, a wheelchair, or oxygen equipment	150
S10C10	- Lst yr: how much of a problem was it to get special medical equipment you needed through your health plan.....	150

S10C11	- Lst yr: did you need special therapy, such as physical, occupational, or speech therapy.....	150
S10C12	- Lst yr: how much of a problem was it to get special therapy you needed through your health plan.....	151
S10C13	- Lst yr: did you need home health care or assistance	151
S10C14	- Lst yr: how much of a problem was it to get home health care you needed through your health plan.....	151
S10C15	- Has an impairment or health problem caused you to need help with personal care needs such as eating, dressing, or getting around the house.....	159
S10C16	- Has an impairment or health problem caused you to need help with routine needs such as everyday household chores, doing necessary business, shopping, or getting around for other purposes	159
S10C17	- Physical or mental condition that interferes with independence, participation in the community, or quality of life.....	160
S10C18	- Rating of how well your health plan has done in providing the equipment, services, and help you need.....	160
S10C19	- In last year: been a patient in a hospital overnight or longer	160
S10D02	- Currently use chewing tobacco or snuff every day, some days, or not at all.....	158
S10D03	- Currently use any tobacco products other than cigarettes, like cigars/pipes/kreteks/other	158
S10D05	- In a typical week: amount of dip/chewing tobacco/snuff/snus used	159
S10Q01	- Have you ever had a blood stool test using a home kit	156
S10Q02	- How long since last blood stool test using a home kit	157
S10Q03	- Have you ever had a sigmoidoscopy or colonoscopy.....	157
S10Q04	- How long since last sigmoidoscopy.....	157
S10Q05	- How long since last colonoscopy.....	158
SERVAFF	- Service affiliation	111
SEXSMPL	- Sex sampling variable	103
SRAGE	- What is your age now?	149
SREDA	- Highest grade completed	146
SRRACEA	- Race: White.....	147
SRRACEB	- Race: Black or African American.....	148
SRRACEC	- Race: American Indian or Alaska native	148
SRRACED	- Race: Asian	148
SRRACEE	- Race: Native Hawaiian/other Pacific Islanders.....	148
STRATUM	- Sampling stratum	103
SVCSMPL	- Branch of service sampling variable.....	103
TNEXREG	- TRICARE next generation of contracts region grouping	111
USA	- CONUS/OCONUS indicator	179
WEB	- Web survey indicator	162
XBENCAT	- Beneficiary category	177
XBMI	- Body mass index	180
XBMICAT	- Body mass index category	180
XBNFGRP	- Constructed beneficiary group.....	180
XCATCH	- XCATCH- Catchment area (reporting)	184
XENR_PCM	- Enrollment by PCM type	176
XENR_RSV	- Enrollment by PCM type - reservist	177
XENRLLMT	- Enrollment in TRICARE prime.....	176
XINS_COV	- Insurance coverage	176
XINS_RSV	- Insurance coverage - reservist	178
XOCONUS	- Overseas Europe/Pacific/Latin indicator	179
XREGION	- Region	178
XSERVAFF	- Service affiliation	181
XSEXA	- Male or female (recode)	180
XTNEXREG	- TRICARE next generation of contracts region grouping	179

Chapter

1

Introduction

This Codebook and Users' Guide provides a tool for programmers and analysts to assist them in creating cross-tabulations and basic statistical estimates from the Quarter III, 2010 Adult Health Care Survey of DoD Beneficiaries (HCSDB). It is intended to assist users in creating tables and generating analyses above and beyond those associated with this project.

Beginning with 2006, reporting and documentation of the HCSDB is performed on a fiscal year basis. In previous years, reporting and documentation were based on calendar years. Thus, the current codebook describes the Quarter III, 2010 dataset for fiscal year 2010. Throughout, 2010 Quarter III dataset refers to the fiscal year 2010.

This version of the Codebook and User's Guide describes the Quarter III data set. It contains frequency counts of all variables in the third quarter of fiscal year 2010.

This chapter explains how to use this guide, reviews the survey, briefly describes the sample design, and concludes with a list of other documents on the HCSDB data that may be useful for policymakers, administrators, and other users.

HOW TO USE THIS GUIDE

Chapter 2 describes the survey fielding process.

Chapter 3 describes the database conventions and types of variables in the database. Furthermore, it explains the relationship between the raw survey data and the cleaned and constructed variables preferred for data analyses.

Chapter 4 provides table-making instructions in both SAS and SPSS and clearly demonstrates the basic computer programming code necessary to tabulate the data in SAS and the interactive steps involved in generating tables in SPSS (either statistical package may be used). While we assume that most users have some knowledge of computer systems and statistical processing, examples of how to create tables and the resulting output are provided in order to simplify the process of data tabulation. Due to the complexity of the sample design, we suggest that users interested in measuring the precision of their results use a statistical package capable of calculating standard errors for survey estimates, such as SUDAANTM or WesVar PC[®]. Sample programming code is included to estimate standard errors using appropriate methods to accommodate the complex sample design.

The codebook is presented in Chapter 5, where we describe the quarterly counts for each variable in the database, including a list of all possible values of the variable, weighted and unweighted frequency counts and percent occurrences for each value, and the values' interpretation or formatting. The codebook helps users assess the availability of certain measures, specify variables of interest, and identify all possible values of a variable. The variables are listed in the order of their position on the data file, and they are grouped by source as follows:

- Sampling variables used to place beneficiaries in the appropriate strata

- Information from the Defense Enrollment Eligibility Reporting System (DEERS) at the time of sampling
- Questionnaire responses: cleaned and recoded
- Variables created during the fielding of the survey
- Coding Scheme flags and missing value counts
- Constructed variables for analysis
- Weights

In addition, users may refer to the Table of Variables, which follows directly after the Table of Contents, for an alphabetical quick-reference list intended to assist users in locating each variable.

Users interested in learning more about the technical aspects of the database creation, construction of new variables, or Mathematica's report production procedures may refer to "The 2010 Health Care Survey of DoD Beneficiaries: Adult Technical Manual," available in late 2010 from the TRICARE Management Activity Office.

What is the HCSDB?

The HCSDB is a health care survey of Active Duty military personnel, retirees, and their adult family members. It is comprised of an adult and a child survey, both fielded to a representative sample of beneficiaries. The adult survey is fielded every quarter, whereas the child survey is fielded only in one quarter of each fiscal year. Results from each quarter of the adult survey are presented as a web-based report. The survey is sponsored by the Assistant Secretary of Defense (Health Affairs) [OASD (HA)], under authority of the National Defense Authorization Act for Fiscal Year 1993 (P.L. 102-484). The surveys collect data on beneficiaries' satisfaction with, and access to, health care; knowledge of the TRICARE system; and use of preventive and other health care services.

Fielded annually from 1994 to 2000, the HCSDB now is fielded quarterly and consists of a fixed core questionnaire complemented by quarterly supplements intended to address topics of emerging interest. Users should note that, prior to 2000, the title of the HCSDB corresponded to the reference year that respondents were asked to think about when responding to questions. For example, although the 2000 HCSDB was fielded in 2001, beneficiaries responded to questions according to the reference period 12 months prior. Under the current naming convention the survey title refers to the year the questionnaires are fielded, so, for example, this year's survey is the 2010 HSCDB. Users should further note that, due to this change, there is no survey with the title "2001" survey, even though the questionnaire has been administered continuously throughout each quarter of 2001, 2002, 2003, 2004, 2005, 2006, 2007, 2008, 2009, and 2010. The annotated questionnaire appears in Appendix A. A crosswalk between the 2010 questions and the questions from the 1997, 1998, 1999, 2000, 2002, 2003, 2004, 2005, 2006, 2007, 2008 and 2009 surveys appears as Appendix C.

CAHPS Questions

To make responses comparable to civilian surveys, the HCSDB core questions are similar in content and format to questions used in the Consumer Assessment of Healthcare Providers and Systems (CAHPS) Health Plan Survey. CAHPS is a survey program sponsored by the Agency for Health Care Research and Quality (AHRQ), U.S. Department of Health and Human Service, and the Picker Institute, which is designed to monitor beneficiaries' satisfaction with their civilian health care plan and access to health care services. In 2010, the questionnaire was based on CAHPS version 4.

Core questions are described below.

Core questions

- **Health Plan.** This section collects data on TRICARE Prime enrollment and the use of supplemental insurance and/or other private insurance.
- **Your Health Care in the Last 12 Months.** This section collects information on where DoD beneficiaries received the majority of their care in the past 12 months, that is, from a military or civilian facility. It covers topics such as the availability of providers and their staff for both urgent and regular care. Respondents are asked to rate their health care on a scale from 0 to 10, where 0 is the lowest rating and 10 is the highest rating. They are also asked if the health care providers informed them of the available treatment options.
- **Your Personal Doctor.** In this section, respondents are asked about their relationship with their personal doctor. They are asked to rate their personal doctor on a scale from 0 to 10, where 0 is the lowest rating and 10 is the highest rating. It also covers topics like the ability of the personal doctor to listen carefully and respectfully, clearly explain things, and be informed about care received from another doctor.
- **Getting Health Care from a Specialist.** This section collects information about respondents' access to care from specialists. Respondents rate the specialist that they see most frequently on a scale from 0 to 10, where 0 is the lowest rating and 10 is the highest rating.
- **Your Health Plan.** This section is designed to measure beneficiaries' satisfaction with their primary health plan. Respondents are asked to rate their health plan on a scale of 0 to 10 where 0 is the lowest rating and 10 is the highest rating. Additionally, respondents are asked questions about any problems they may have encountered with getting necessary care, claims processing, customer service, processing paperwork, and finding necessary information in written materials or from the Internet.
- **Your Preventive Health Care.** This section collects information on the use of preventive health care services, including blood pressure readings and flu shots. All women are asked about Pap smears; women that are or have been pregnant within the past 12 months are questioned about prenatal care. Women age 40 and over are asked about mammography. All respondents are asked whether they smoke. Smokers are asked whether, and how often, they have received smoking cessation counseling from a health care professional.
- **About You.** This section asks basic background and health status questions. Beneficiaries are asked how they view their general health. They are further asked to report their height, weight, education level, race, and age.

Quarter III Supplements

- **Chronic Conditions.** Questions in this supplemental concern the experience of beneficiaries with chronic health problems. Respondents are asked to describe their experience obtaining special medical equipment, therapy, assistance and assess how well their condition has been managed.
- **Mental or Emotional Health.** Questions in this supplement concern overall mental or emotional health. Respondents are asked to rate their mental or emotional health. They are also asked questions about any mental or emotional treatment or counseling they may have received. Finally, respondents are questioned about post-traumatic stress due to an upsetting experience.
- **Personal Doctor and Health Provider.** Question in this supplement ask about the respondent's personal doctor and about the visits to the respondent's healthcare provider. Respondents are asked whether they were happy with their personal doctor once they joined the health plan.

Respondents are also asked to rate their experience making an appointment and on the overall healthcare they received on their last visit.

- **Colon Cancer Screening.** Questions in this supplement ask about screening for colorectal cancer. Respondents are asked if and when they last had blood stool tests, sigmoidoscopy and colonoscopy exams.
- **Use of Tobacco Products.** Questions in this supplement are about the use of tobacco products other than cigarettes. Respondents are asked questions on the frequency of use of smokeless tobacco products as well as other tobacco products, not including cigarettes.

Sample Design Overview

The sample of beneficiaries for the HCSDB was drawn from an extract file of the DEERS database of military health system (MHS) beneficiaries with a specific reference date. The DEERS extract file includes all eligible MHS beneficiaries as follows:

- Everyone in the Uniformed Services and on Active Duty (Army, Air Force, Navy, Marine Corps, Coast Guard, the Commissioned Corps of the Public Health Service, National Oceanic and Atmospheric Administration, Guard/Reserve personnel who are activated for a period in excess of 30 days, and other special categories of people who qualify for benefits)
- Those who retired from military careers
- Immediate family members of people in the previous two categories
- Surviving family members of people in the first two categories.

A stratified sample design was used to select DoD health care beneficiaries for the Quarter III, 2010 Adult HCSDB. Specific information on the sample design appears in "Health Care Survey of DoD Beneficiaries: 2010 Adult Sampling Report", Mathematica Policy Research, Washington, D.C.

From a sample of 51,000 beneficiaries, 13,371 adult MHS beneficiaries completed and returned a 2010 Adult HCSDB questionnaire for the third quarter, yielding a response rate of 26.4 percent. Information on developing response rates can be found in the "2010 Health Care Survey of DoD Beneficiaries: Adult Technical Manual."

Other Documents on the 2010 HCSDB

This document is intended for programmers and analysts using the 2010 Adult HCSDB data. The following is a list of other documents that may be requested from the TRICARE Management Activity Office:

- Health Care Survey of DoD Beneficiaries: 2010 Adult Sampling Report
- 2010 Health Care Survey of DoD Beneficiaries: Adult Technical Manual (Available late 2010)
- 2010 Health Care Survey of DoD Beneficiaries: TRICARE Annual Report (Available late 2010)

Chapter

2

Survey of Adults

This chapter presents information on the survey administration cycle for the Quarter III, 2010 Adult Health Care Survey of DoD Beneficiaries (HCSDB), with specific details on the survey mailing cycle and the number of surveys received.

A. SURVEY OPERATIONS ACTIVITIES

Operational support for the Health Care Survey of DoD Beneficiaries (HCSDB) involved four mailings to beneficiaries between March 8, 2010 and May 4, 2010 in Quarter III.

The mailings include:

1. Pre-Notification Letter – Letter of explanation encouraging participation
2. Questionnaire 1 – The survey
3. Postcard – A reminder to complete the survey and a thank you for completion
4. Questionnaire 2 – The survey, if necessary

The Pre-Notification Letter includes instructions on how to do the survey via the Internet. This change was initiated in Quarter I, 2007. Prior to that, the Internet survey option was first given to the beneficiaries in the letter accompanying the Questionnaire 1 mailing.

A change initiated in Quarter I, 2008 was to send the respondent a reminder to complete the questionnaire in the form of a double postcard which can be closed with a wafer seal. This enabled Synovate to provide the respondent with their Internet password in order to complete the survey online.

A change initiated in Quarter I, 2009 was that Mathematica emailed Active Duty their prenotification information as well as their reminder postcard information. In addition, Synovate continues to send prenotification letters and reminder postcards. Starting Quarter II, 2010, the Active Duty also received an email reminder during the 2nd questionnaire mailing. These emails supplemented, as opposed to replaced, their respective mailings.

Starting in Quarter III, 2010, the email schedule was changed; the Active Duty received emails as well as mail versions of the prenotification letter, the 1st questionnaire, and the 2nd questionnaire. The reminder postcard was a mail version only.

B. SAMPLE

A change in the sample file to increase response rate was initiated in Quarter II, 2009. Up to Quarter I, 2009 the Adult HCSDB was conducted quarterly on a sample of 50,000 beneficiaries. Starting in Quarter II, 2009 the sample size was increased to 51,000.

The Adult Quarter III, 2010 file only contained 50,987 records due to duplicates existing in the file prior to it being sent to Synovate. The HCSDB was mailed out to 50,431 respondents. The remaining 556 records did not include either the respondents' names or addresses and so were not able to be mailed.

C. QUESTIONNAIRE VERSION

In Quarter III, 2010, all respondents received the questionnaire with questions in the CAHPS 4.0 format.

D. SURVEY PROCESSING

Synovate applies a Bar Code, Control Number (MIQ) and Password to each beneficiary upon receipt of the sample. This system ensures that all data collected is aggregated and available throughout the survey lifecycle. Each of the identifying labels is detailed below:

Barcode

Digit 1 - Quarter Marker (1-4)

Digit 2 - Wave Marker (1-4)

Digit 3 - Study Marker (1=sample, 2=supplemental, 3=child)

Digits 4-8 - Sequential ID#

Control Number (MIQ) - 8-digit unique identifier

Digits 1-7 – Sequential ID #

Digit 8 – Check Digit

Password

Non-sequential 6-digit password (for online response access) – Password is unique across all samples

E. ADDRESSES

The HCSDB is designed so that beneficiaries may receive up to four mailings. Synovate may collect up to seven address changes for each beneficiary in order to maximize the receipt rate for mailing. Addresses from Center for Health Care Strategies, Inc (CHCS) were used starting in Quarter I, 2008.

The first available address in the following order was used for each mailing.

- | | |
|-----------------------------------------------|-------------------------------------------------------|
| 1. Respondent Updated | 9. Updated Residential
(depending on date in file) |
| 2. USPS Updated | 10. Updated Sponsor |
| 3. National Change of
Address (NCOA) | 11. Updated Unit |
| 4. Default - CHCS | 12. Original CHCS |
| 5. Default – Residential | 13. Original Residential |
| 6. Default – Sponsor | 14. Original Sponsor |
| 7. Default - Unit | 15. Original Unit |
| 8. Updated CHCS(depending
on date in file) | |

The origin of the addresses is as follows:

- Altarum/DEERS Addresses

In the initial sample file, Altarum provides up to four addresses for each beneficiary. Synovate considers these addresses to be Original CHCS, Original Residential, Original Sponsor and Original Unit.

Altarum also provides updates on each of the four addresses prior to the Questionnaire, Postcard and 2nd Questionnaire mailings. Synovate records these addresses as CHCS Updated, Residential Updated, Sponsor Updated, Unit Updated.

- NCOA Address

Upon receipt of the initial sample and prior to the Pre-Notification mailing, Synovate sends the first available address for each beneficiary to a NCOA vendor for updating and hygiene services. The updated address returned by the vendor is marked as the NCOA address. The definition of “best address” changed in Quarter I, 2009. Synovate compared the date on the Residential address to the date on the CHCS address. The address that had the more current date was sent off for NCOA processing. If the dates were the same or if one/both were missing dates, then the hierarchy of CHCS then Residential would prevail.

- Respondent Address Changes

Respondents were able to report address and status changes via regular mail, telephone, voicemail, fax, and email. Address changes submitted by respondent were considered priority over any other address type.

- Address Correction via USPS

The United States Postal Service provided address corrections on returned mail if available.

- Sample Refreshes

Another change made in Quarter I, 2009 was the use of the sample refreshes sent by Altarum for the first and second questionnaire mailings. Prior to Quarter I, 2009, Synovate used information on recently deceased beneficiaries, information regarding beneficiaries who were no longer in the TRICARE program (nomatch), and any updated addresses for the subsequent mailings. Starting in Quarter I, 2009, Synovate only used the deceased and nomatch information, and did not use any refreshed addresses in order to maintain the integrity of the NCOA address. Addresses that were updated due to the previous address being undeliverable are marked as “Default” (Residential, CHCS, Sponsor, or Unit).

Table 2.1 gives the address breakdown for each mailing by beneficiary category.

G. DISPOSITION CODES

Synovate assigns disposition codes to each sample member as the information is received and questionnaire is returned. These codes are outlined below.

- FLAG_FIN=1
Returned survey – survey was completed and returned.
- FLAG_FIN=2
Returned ineligible – survey was returned with at least one question marked and information that the beneficiary was ineligible. The information indicating ineligibility may have come by mail, phone, fax, or the survey itself.
- FLAG_FIN=3
Returned blank – temporarily ill or incapacitated. Survey was returned blank along with information that the beneficiary was temporarily ill or incapacitated. These sample members were eligible.
- FLAG_FIN=4
Returned blank – deceased. Survey was returned blank along with information that the beneficiary was deceased. These sample members were ineligible.
- FLAG_FIN=5
Returned blank – incarcerated or permanently incapacitated. Survey was returned blank along with information that the beneficiary was incarcerated or permanently hospitalized. These sample members were ineligible.
- FLAG_FIN=6
Returned blank – left military or divorced after fielding date, retired. Survey was returned blank along with information that the beneficiary left the military after fielding date, divorced after fielding date, or retired. These sample members were eligible.
- FLAG_FIN=7
Returned blank – not eligible on fielding date. Survey was returned blank along with information that the beneficiary was not eligible for Military Health System Plan on fielding date. These sample members were ineligible.

- FLAG_FIN=8
Returned blank – other eligible. Survey was returned blank along with a reason given by the sample member. These sample members were eligible.
- FLAG_FIN=9
Returned blank – no reason. Survey was returned blank without an explanation. These sample members had unknown eligibility.
- FLAG_FIN=10
No return – temporarily ill or incapacitated. Survey was not returned and beneficiary was temporarily ill or incapacitated. These sample members were eligible.
- FLAG_FIN=11
No return – active refuser. Survey was not returned and beneficiary refused to take part in the survey. These sample members were eligible.
- FLAG_FIN=12
No return – deceased. Survey was not returned and beneficiary deceased. These sample members were ineligible.
- FLAG_FIN=13
No return – incarcerated or permanently incapacitated. Survey was not returned, beneficiary was incarcerated or permanently hospitalized. These sample members were ineligible.
- FLAG_FIN=14
No return – left military or divorced after fielding date, retired. Survey was not returned, beneficiary left service after fielding date, divorced after fielding date, or retired. These sample members were eligible.
- FLAG_FIN=15
No return – not eligible on fielding date. Survey was not returned, beneficiary was not eligible for Military Health System Plan on fielding date. These sample members were ineligible.

Example: Beneficiary turned 21 and is no longer covered under parents' plan.

- FLAG_FIN=16
No return – other eligible. Survey was not returned, beneficiary gave other reason for not completing the survey. These sample members were eligible.

Examples: Beneficiary claims they have not used benefits in past 12 months.
Beneficiary is away at college, on a religious mission, lives overseas.
Received information that beneficiary chosen for survey does not speak English well enough to participate.

- FLAG_FIN=17
No return – no reason. Survey was not returned, beneficiary gave no reason. These sample members had unknown eligibility.
- FLAG_FIN=18
Postal Non Deliverable (PND) – no address remaining. All addresses were attempted, mailing was returned PND. These sample members had unknown eligibility.
- FLAG_FIN=19
PND – address remaining at the close of field. At the close of field, the last address used was found invalid, next available was not attempted. These sample members had unknown eligibility.

- FLAG_FIN=20
Original Non-Locatable – no address at start of mailing. Substantially incomplete or blank address field before the survey was administered, no mailings attempted. These sample members had unknown eligibility.
- FLAG_FIN=21
Beneficiary provides written documentation declining to participate but doesn't specify a reason. These sample members were eligible.
- FLAG_FIN=22
Beneficiary indicates they are hospitalized but without providing any way to determine whether incapacity is temporary or permanent. Therefore, eligibility determination can not be made. These sample members had unknown eligibility.
- FLAG_FIN=23
Returned blank – deployed. Survey was returned blank along with information that the beneficiary was deployed. These sample members were eligible.
- FLAG_FIN=24
No return – deployed. Survey was not returned, beneficiary was deployed. These sample members were eligible.
- FLAG_FIN=25
Deceased. Beneficiary coded as deceased due to refresh sample sent by Altarum. These sample members were ineligible.
- FLAG_FIN=26
No match. Not eligible indicated by Altarum-DEERS update. Beneficiary coded as no longer having TRICARE coverage due to sample refresh.

Tables 2.2 shows frequencies of these disposition codes by beneficiary category.

Description of the Adult HCSDB Database

This chapter presents the procedures for developing the database, and presents the database file layout.

VARIABLE NAMING CONVENTIONS

The conventions used to name variables on the 2010 Adult HCSDB data file are listed below and summarized in Table 3.1. The naming conventions remain constant across the four quarters of the 2010 HCSDB.

- **Survey Variables.** Variable names for core survey questions consist of up to eight alphanumeric characters that start with an alpha character ("H" for Adult survey variables), followed by a year designation ("10") and ending with three numbers and, if necessary, one alpha character to identify the relevant survey question. Recoded variables have the same names as on the annotated survey. The original variables are suffixed with "_O"; these will not be on the public release file.
- **Supplemental Question Variables.** Each quarter, the questionnaire includes a battery of questions on specific health care topics concerning services offered to MHS beneficiaries. Like the core questions, supplemental questions also include up to eight alphanumeric characters; each variable begins with an "S" to distinguish it as a supplemental question, followed by the year designation ("10"). The variable ends with an alphanumeric character denoting the supplemental topic followed by the question number in the supplemental series.
- **Self-Reported Data.** Defense Manpower Data Center (DMDC) standard demographic self-reporting variables on the adult survey are prefixed with "SR." Survey variables with this naming convention include SRRACEA-SRRACEE (race/ethnicity) and SREDA (education).
- **Coding Scheme Flags and Counts.** Coding Scheme flags, variables like N1-N24, reference the notes in the Coding Scheme for the Adult Survey. See Appendix D for the Coding Scheme for Quarter III for more information. Coding Scheme counts are sums of missing value responses for each questionnaire; each of these variable names begins with the 4 characters "MISS".
- **Constructed Independent Variables.** Independent variables are prefixed with an "X." These include original survey variables modified as a result of data cleaning or recoding and newly constructed variables that did not previously exist on the survey file. For example, since the variable PNSEXCD was modified as a result of data cleaning and recoding, it was renamed XSEXA.
- **Constructed Dependent Variables.** Dependent variables are given different prefixes depending on function. Healthy People 2010 variables, for example, are prefixed with an "HP" and all other newly constructed dependent variables are prefixed with a "K."
- **Constructed Restricted Use Variables.** Original DEERS variables that have been recoded to maintain the confidentiality of the respondent are prefixed with "R."
- **Weighting Variables.** Quarterly weighting variables are prefixed with a "FW".

TABLE 3.1

NAMING CONVENTIONS FOR 2010 HCSDB VARIABLES – QUARTER III

1 st Character: Survey Type	2 nd – 3 rd Characters: Survey Year	4 th – 6 th Characters: Question #	Additional Characters: Additional Information
H= Health Beneficiaries (18 and older, Adult Questionnaire) ----- S = Supplemental Question	10	001 to 074 ----- Quarter III 009-011, 014 – Supplemental questions about respondent’s personal doctor and about the visits to the respondent’s healthcare provider. B01-B04, B23-B26 – Supplemental questions about overall mental or emotional health. C01-C19 – Supplemental questions about beneficiaries’ chronic conditions. D02-D03, D05 – Supplemental questions about respondent’s use of tobacco products. Q01-Q05 – Supplemental questions about colon cancer screening tests.	A to R are used to label responses associated with a multiple response question

1 st Characters: Variable Group	Additional Characters: Additional Information
SR=Self-reported demographic data	Descriptive text, e.g., SREDA
N=Coding Scheme notes	Number referring to Note, e.g., N2
X=Constructed independent variable	Descriptive text, e.g., XREGION
HP=Constructed <i>Healthy People</i> 2010 variable	Descriptive text, e.g., HP_BP (had blood pressure screening in past two years and know the results)
R=Constructed restricted use variables	Descriptive text, e.g., RDAGEQY (Age at time of data collection- Capped(18 and below, 86 and above))
K=Constructed dependent variables	Descriptive text, e.g., KMILOPQY (total number of outpatient visits to military facility)
FW=Quarterly weighting variables	Descriptive text, e.g., FWRWT for the overall final quarterly weight; Number referring to replicate weights, e.g., FWRWT10

CLEANING AND EDITING CONVENTIONS

Data quality procedures are found in the Coding Scheme tables. The complete Coding Scheme for Quarter III appears in Appendix D. It contains detailed instructions for all editing procedures used to correct data inconsistencies and errors. Editing procedures check for appropriate response values and consistent responses throughout the questionnaire. The steps to insure data quality include the following:

- **Initial Cleaning.** Missing value flags were encoded when Synovate created the SAS dataset:
 - Skipped items were encoded with SAS missing value code of ‘.’.
- **Data Cleaning and Recoding of Variables – Implementation of the Coding Scheme.** Skip patterns were checked for consistency, and questions that were skipped legitimately were recoded with the SAS missing value of “.N”; questions that were answered, but should have been skipped, were recoded with a SAS missing value of “.C”. When possible, variables were backward coded or forward coded to make all responses consistent within a sequence. Numeric values were checked, and values that were out of range were flagged with the SAS missing value of “.O”.
- **Frequency Checks.** Formatted and unformatted frequency tables for all variables in Quarter III, 2010 Adult HCSDB data file appear in Chapter 5 of this document. These frequency tables and other relevant cross tabulations were used to examine the range of values recorded for each data item to determine the type and magnitude of missing values. All value labels have been checked for accuracy.

RECORD SELECTION CRITERIA

Blank returns, nonrespondents, and any respondents found to be ineligible for MHS benefits were removed from the database. In addition, among eligible respondents with a non-blank questionnaire, a questionnaire must be “complete” to be included in the database.

To determine if a questionnaire is “complete”, 20 key questions were chosen. These key questions were adapted from the complete questionnaire rule developed by AHRQ for CAHPS surveys. At least 50 percent of these key items (more than nine) must be answered for a questionnaire to be accepted as a complete questionnaire. The key survey variables are: H10003, H10005, H10006, H10009, H10013, H10018, H10019, H10027, H10028, H10031, H10033, H10039, H10042, H10047, H10050, H10051, H10063, H10071, SREDA and the race indicator.

Weighting Procedures

The analysis of survey data from complex sample designs, such as the 2010 Adult HCSDB, requires weights to do the following:

- Compensate for variable probabilities of selection
- Adjust for differential response rates
- Improve the precision of the survey-based estimates through post-stratification [for details, see Brick and Kalton (1996) and references cited therein], and trim extreme weights.

Sampling weights are equivalent to the reciprocal of the probability of each respondent’s selection into the sample. Sampling weights are further adjusted for nonresponse within the classes formed based on the percentiles of the propensity scores from the propensity model. Finally, we poststratified the nonresponse adjusted weights to the frame totals to obtain specific domain weighted totals equal to the

population totals, and trimmed some extreme weights to reduce the excessive effect of extreme weights on variance inflation. Chapter 5 contains the weighted and unweighted frequencies for each variable in Quarter III. For further details of the 2010 weighting, see “2010 Health Care Survey of DoD Beneficiaries: Technical Manual”.

Programming Guide

This chapter is designed to help users create tables and variance estimates. Procedures for using SAS, SPSS, SUDAAN, and WesVarPC to create estimates are explained. Examples provided in the text are based on the 2010 Quarter III HCSDb dataset.

HOW TO MAKE A TABLE USING SAS

The Quarter III, 2010 Adult HCSDb dataset is provided in a Statistical Analysis System (SAS) 8.0 format. SAS is a computer software system used for data management, summarization, and analysis. Later versions of SAS can also read version 8 datasets. A format library for the adult database is included along with the dataset. SAS can be run interactively or non-interactively (in batch mode), and the sample programs presented here can be run using either method. Special instructions are given later in the chapter for working interactively with the SAS Display Manager System in a Windows environment. All SAS programs generate a LOG and a LST file. The LOG file shows how SAS interprets your program and flags SAS syntax errors. The LST file shows the requested output.

File References, Libraries, and Options

SAS recognizes two types of datasets -- permanent and temporary. Permanent datasets, such as the HCSDb, are located through a LIBNAME that references the directory where the data is stored. For example, if the 2010 Quarter III adult dataset is located on a CD-ROM in the subdirectory HCSDb10\FORMA\Q3, your LIBNAME statement must look like this:

```
LIBNAME INFORMA 'F:\HCSDb10\FORMA\Q3';
```

The adult dataset can then be referred to as INFORMA.HCSDb10, where INFORMA is the location of the file HCSDb10.

A format library requires a LIBNAME LIBRARY statement that shows the location of the format library. For example, if the adult format library is stored on your hard drive in a FMTLIB subdirectory, the LIBNAME statement should look like this:

```
LIBNAME LIBRARY 'C:\HCSDb10\FORMA\Q3\FMTLIB';
```

The OPTIONS statement controls page format and line length. A table with a "portrait" orientation might have this statement:

```
OPTIONS PS=79 LS=132;
```

A table with a "landscape" orientation that is left justified would have this OPTIONS statement:

```
OPTIONS PS=50 LS=175 NOCENTER;
```

DATA Step

The DATA step is used to create permanent or temporary datasets. It is also used to create new variables, modify existing variables, and limit the number of variables or observations. In a DATA step, you can do any or all of the following activities:

- Construct new variables. For example, to construct a variable of Active Duty by sex:

```
/* Active Duty males */  
IF XSEXA = 1 AND XBNFGRP = 1 THEN XSEX_AD = 1;  
* Active Duty females;  
ELSE IF XSEXA = 2 and XBNFGRP = 1 THEN XSEX_AD = 2;  
ELSE XSEX_AD = .; /* missing value */
```

[Note: the two methods to insert comments: enclosed within /* */ or beginning with * and ending with a semicolon]

- Modify existing variables. For example, if the respondent is in region 7, the respondent will be placed in the combined region 7/8:

```
IF XREGION = 7 THEN XREGION = 8
```

- Limit the number of variables. Use a KEEP statement:

```
KEEP XREGION SVCSMPL H10049 H10051;
```

- Limit the number of observations. Use a subsetting IF:

```
/* Keep only TNEX region 3 observations */  
IF XTNEXREG = 3;
```

- Create a new temporary dataset. For example, SVC_1 is a temporary file of observations for only those respondents in service branch 1 (Army):

```
LIBNAME INFORMA 'F:\HCSDB10\FORMA';  
DATA SVC_1;  
/* Input file is HCSDB10 */  
SET INFORMA.HCSDB10;  
IF SVCSMPL = 1;  
RUN;
```

- Create a new permanent dataset. For example, OUT.SVC_2 is a permanent dataset only of Navy respondents:

```
LIBNAME INFORMA 'F:\HCSDB10\FORMA';  
LIBNAME OUT 'C:\HCSDB10\FORMA';  
DATA OUT.SVC_2;  
SET INFORMA.HCSDB10;  
IF SVCSMPL = 2;  
RUN;
```

PROC TABULATE

PROC TABULATE produces summary statistics in a table layout. The table can have up to three dimensions: page, row, and column. Within any dimension, multiple variables can be reported one after another or hierarchically. Useful statistics that are available in PROC TABULATE include:

- N number of observations with nonmissing values
- NMISS number of observations with missing values
- MEAN the arithmetic mean
- SUM the sum
- PCTN percent that one frequency represents of another frequency
- PCTSUM percent that one sum represents of another sum

The essential elements to execute PROC TABULATE are outlined below (items within < > are not required):

```
PROC TABULATE DATA=your dataset <option list>;  
CLASS class variables;  
VAR analysis variables;  
TABLE << page expression, > row expression, > column expression </ table options >;  
WEIGHT FWRWT;  
RUN;
```

If the input file is to be limited to a specific population, a separate DATA step can precede the TABULATE, or a WHERE statement can be used within the TABULATE procedure. For example, to create a table from only respondents in service branch 1, you would use the following statement after the PROC TABULATE statement:

```
WHERE SVCSMPL = 1;
```

CLASS variables are any variables that are used for grouping; variables such as XTNEXREG, XSEXA, and SVCSMPL are good examples of class variables. Class variables can be either character or numeric and typically have a discrete number of values. Unless MISSING is specified in the options list in the PROC TABULATE statement, any observations with a missing CLASS variable will be dropped from the table.

The VAR statement identifies all analysis variables for a table. Analysis variables must be numeric and can be either discrete or continuous. SAS excludes missing values when computing statistics such as means and percentages.

The WEIGHT statement identifies the numeric variable whose value is used for weighting each *analysis* variable. In the HCSDB for Quarter III, 2010, the weight variable is FWRWT.

The TABLE statement defines the table features. Every variable listed in this statement **must** be classified as either a class variable or an analysis variable in the CLASS or VAR statements. A comma separates each table dimension (page, row, and column). If there are three dimensions, the first is the page, the second is the row, and the last is the column. If there are only two dimensions, the first is the row and the second is the column. Tables with only one dimension are in column form. Each dimension expression is composed of the same following elements:

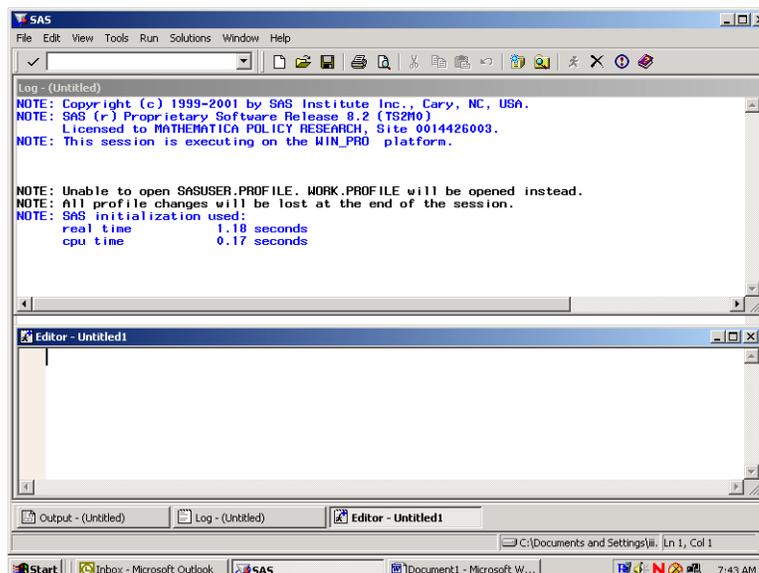

- Analysis variables

- Class variables
- The universal class variable ALL, which summarizes the class variables in the same group or dimension
- Keyword for the statistic to be performed, such as MEAN, SUM, or PCTSUM
- A format modifier, which defines how to format values in cells. For example, F=8.2 will present values with a maximum of 8 positions and 2 digits to the right of the decimal.
- Labels, which temporarily replace variable names and statistic keywords. These labels have the form `=/label/`; for example, `XTNEXREG=TNEX Region` or `MEAN=' '` (to eliminate the word MEAN from the headings).
- Crossing operator * (asterisk). The asterisk is used to cross elements within the same dimension. For example, you would use `XENRLLMT*XSEXA` to cross enrollment status by sex. The asterisk is also used to connect the statistic (e.g., MEAN, SUM) to the appropriate dimension; for example, to calculate the mean of respondents' satisfaction with all health care in the last 12 months, you would use `H10018 *MEAN`.
- Denominator definitions are enclosed by `< >` (brackets).
- Concatenation operator is a single space between elements in a dimension. For example, to concatenate satisfaction with all health care in the last 12 months with satisfaction with health plan, you would use `H10018 H10047`.
- Grouping is accomplished with parentheses. Below is an example of grouping, concatenation, and crossing within a single dimension:

(XBNFGRP ALL)*XSEXA

The SAS Display Manager System

The SAS Display Manager system provides an interactive tool for running SAS commands, like those given above, in the Windows environment. Double clicking the SAS icon on the desktop begins the SAS session. When you first enter SAS version 8, the following screen opens.

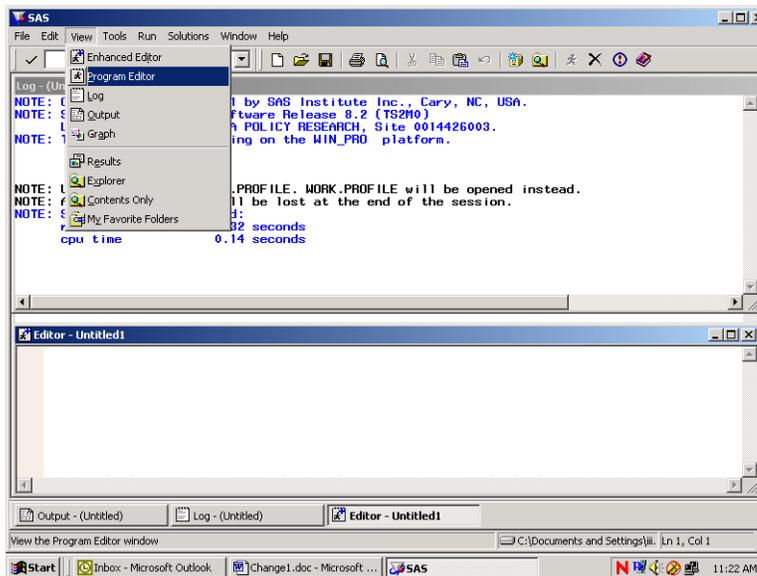

The screen is divided into two windows, a Log window above and an Editor window below.

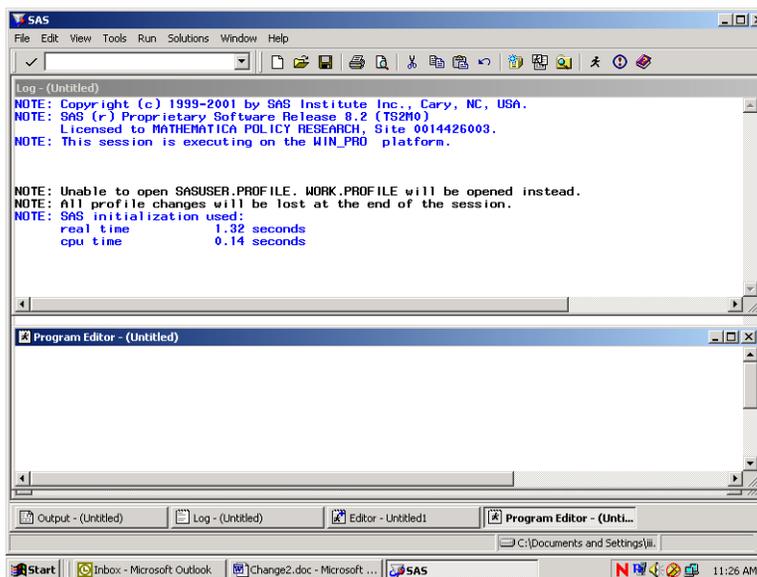

The Window Bar at the bottom of the screen includes tabs for the Log and Editor windows with an additional tab for the Output Window. Clicking on the Output tab will open the Output window. The instructions in this document will outline options for setting up the Editor and for displaying the windows themselves.

The default editor for version 8 is the SAS Enhanced Editor which is color coded to check SAS syntax. Another editing option is to use the Program Editor which includes line editing options. We will describe procedures for setting up the Program Editor.

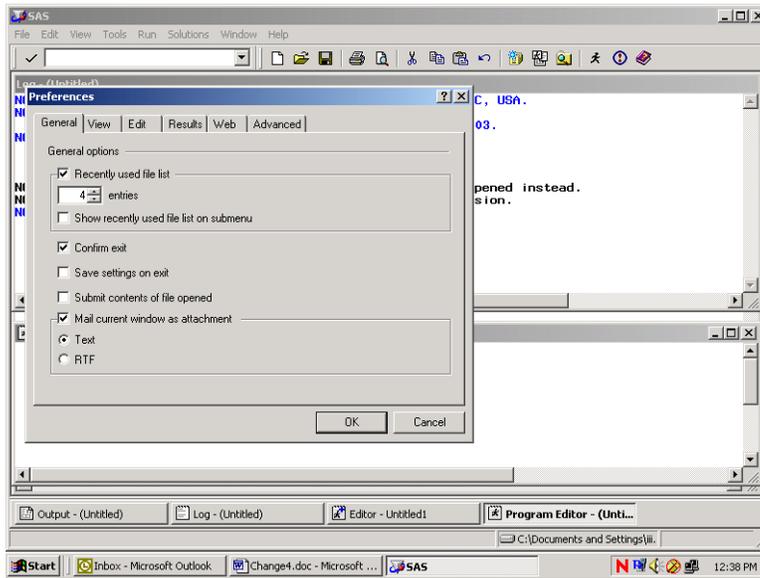

Click on View and select Program Editor as in the following:

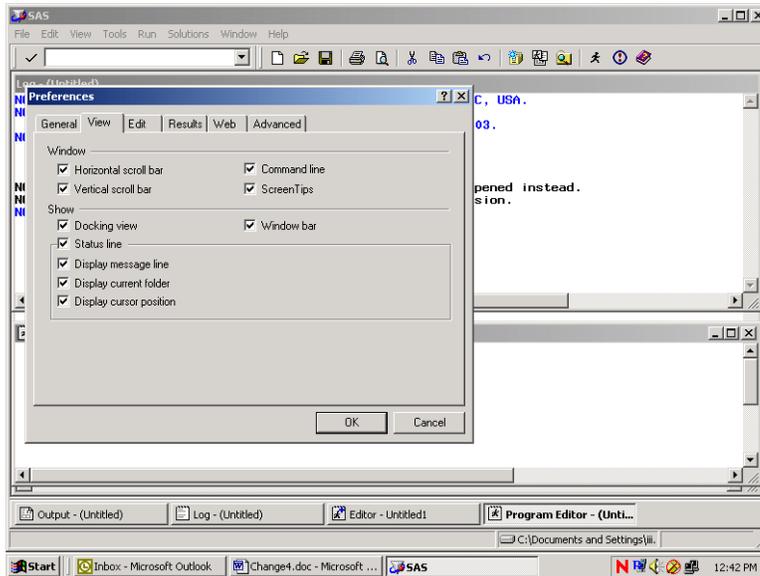

The lower Editor Window has now changed to Program Editor as in the following screen:

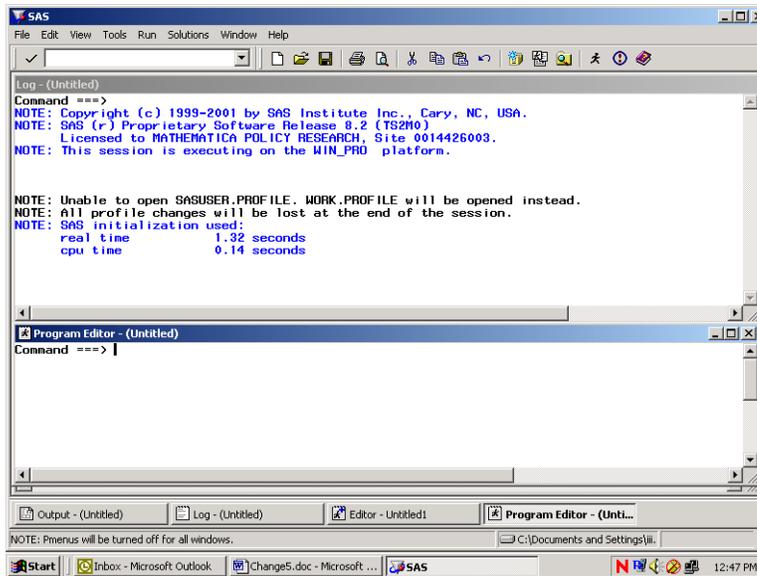

Open the Tools menu and choose Options and Preferences.

Many of these settings are system default options. To add a command line to the three windows, do the following. Click on the View tab and click in the box opposite **Command Line** as follows:

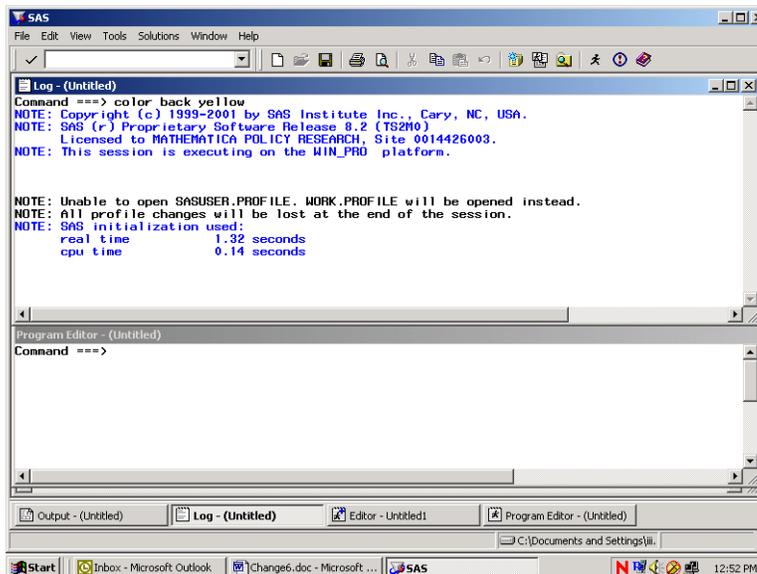

Click on OK and a command line will be added as in the screen below.

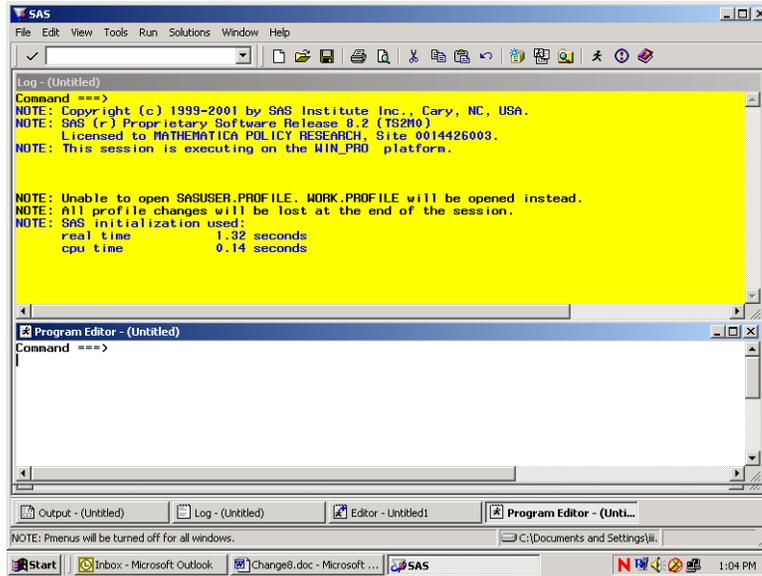

Each window shows the word **Command** followed by an arrow. Commands may be typed at this location. To arrive at the command line, depress the **Home** button on your keyboard. The cursor will appear opposite the arrow.

Toggling among the windows may be accomplished by typing the desired window name at the command line and pressing **Enter**. SAS recognizes **Pgm** as the abbreviated reference to the Program Editor and **Out** as a shortened name for the Output window. A few keystrokes allow you to navigate among the windows. For example, the command line lets you continue to customize our SAS session as follows.

In order to more easily distinguish between the SAS windows, it may be preferable to change the background color of selected windows. As an example, set the background color of the Log window to yellow and the Output window to gray. Press the **Home** key to arrive at the command line. Type **Log** opposite the arrow to toggle to the Log window. Type the command, **color back yellow** (or some other color) on the command line. Your screen will resemble the following.

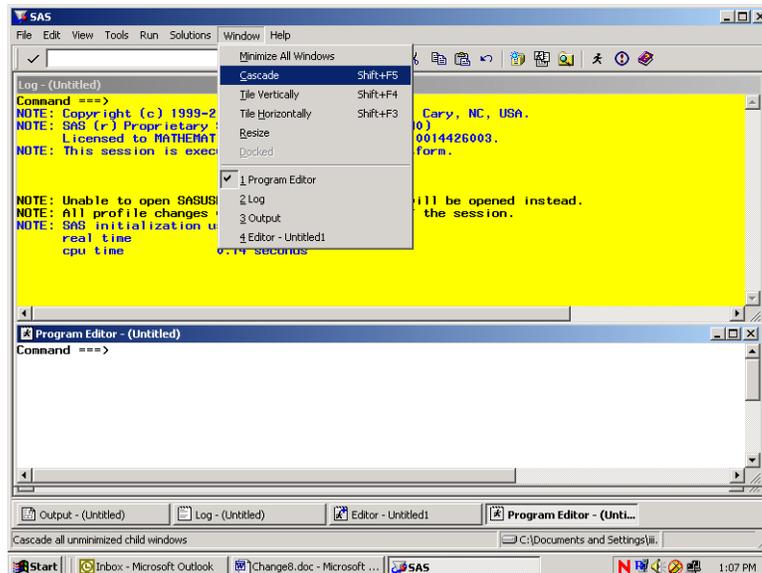

Press **Enter** to process the commands and the window will shade to yellow. Toggle to the Output window by typing **Out** and keying **Enter**. Type **color back gray** and key **Enter**. Return to the Program Editor and the screen will look like the following.

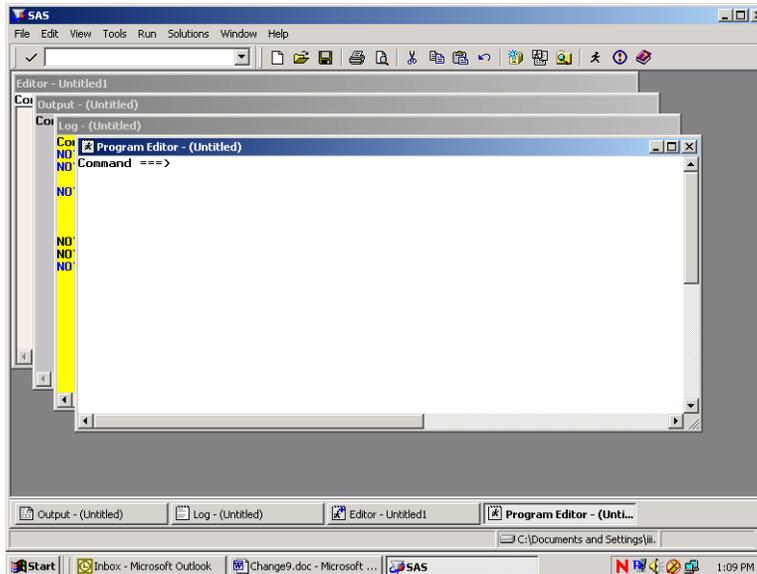

All SAS statements for building and processing SAS datasets are typed into the Program editor. A SAS session may involve typing statements like the ones above for library reference, computing new variables, data steps, etc. Entering a long series of statements in such a small space may be awkward, so another arrangement for the windows may be preferable.

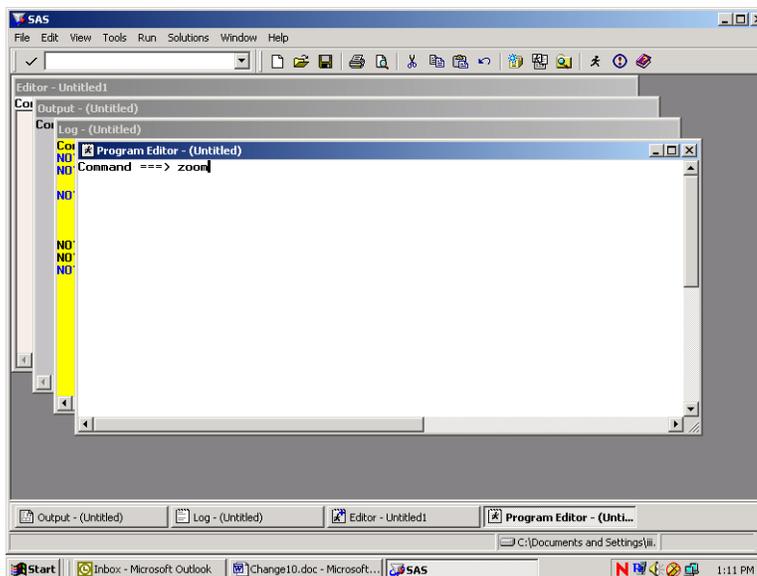

Cascading the windows is one option. To cascade the windows, open the **Window** menu, and choose **Cascade** as indicated in the following.

Clicking the option Cascade produces the following result.

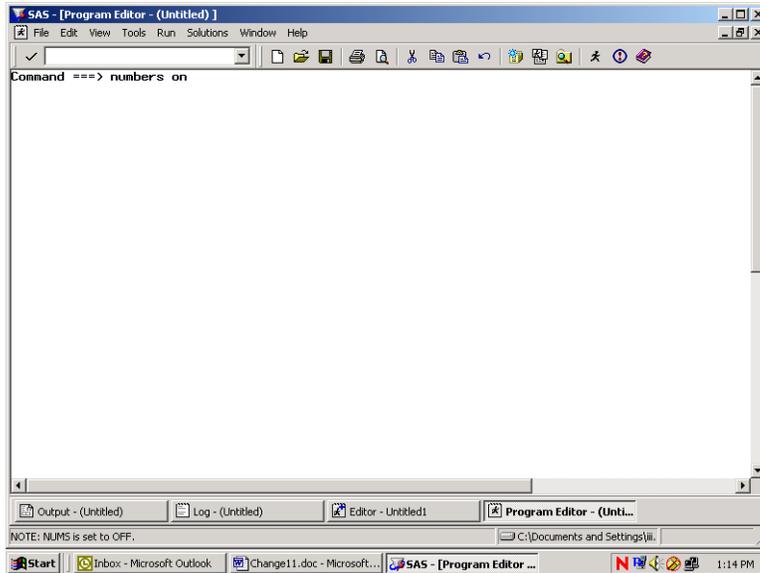

Each window is partly superimposed on the other. The colors distinguish between windows at a glance. With the Program Editor in front, SAS statements may be typed there with relative ease. As a final option, you can enlarge the Program Editor to fill the entire screen. At the command line, type **zoom** as in the following:

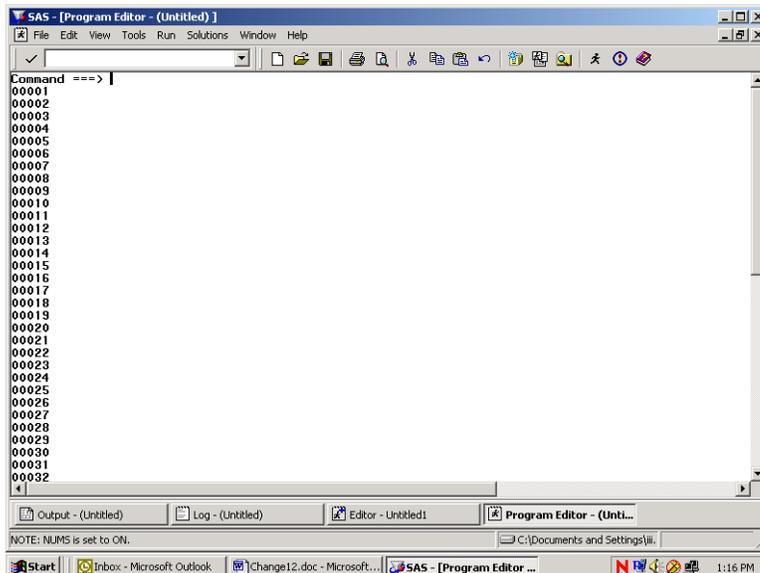

The window changes to fill the screen.

One more option for customizing screens is explained below. This involves adding line numbers to the editing environment in the Program Window. After adding the line numbers, many useful line-editing commands become available (see the SAS Manual). At the **Command** line type “numbers on” as in the following screen.

The line numbers appear at the left of the full screen Program Editor as in the screen below, and the SAS statements can be typed into the screen and edited.

Below is an example of a PROC TABULATE to construct a table of health status and respondent's weight by beneficiary group and gender for respondents in TNEX region 3. Beneficiary group (XBNFGRP) and sex (XSEXA) are both class variables with a discrete number of values. The columns of the table are beneficiary group broken out by sex, a total for each beneficiary group, and a region total. The variables (H10070 and H10063) are the analysis variables appearing as the rows of the table. The statistic that we want to see is the weighted mean of these variables for each group in the table and for the entire region as a whole.

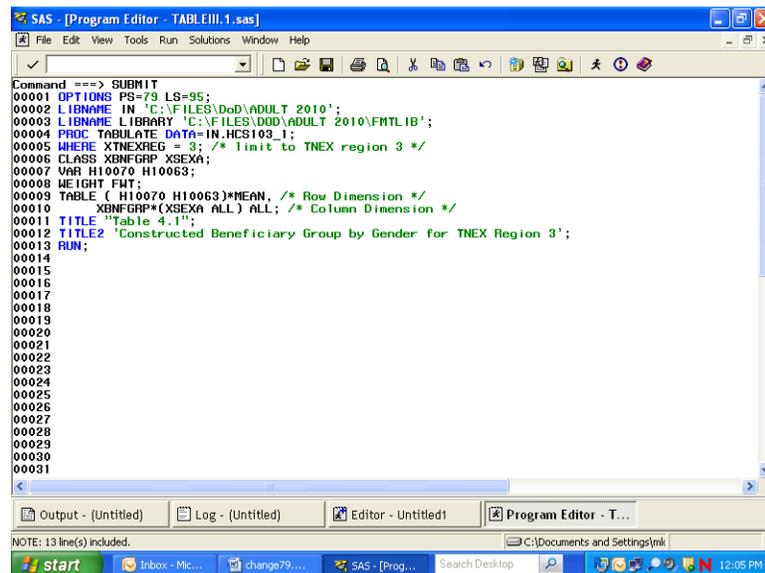

Enter the following SAS statements into the **Program Editor**.

```

OPTIONS PS=79 LS=95;
LIBNAME IN 'C:\FILES\DoD\ADULT 2010';
LIBNAME LIBRARY 'C:\FILES\DoD\ADULT 2010\FMTLIB';
PROC TABULATE DATA=IN.HCS103_1;
WHERE XTNEXREG = 3; /* limit to TNEX Region 3 */
CLASS XBNFGRP XSEXA;
VAR H10070 H10063;
WEIGHT FWT;
TABLE (H10070 H10063)*MEAN, /* Row Dimension */
      XBNFGRP*(XSEXA ALL) ALL; /* Column Dimension */
TITLE "Table 4.1";
TITLE2 'Constructed Beneficiary Group by Gender for TNEX Region 3';
RUN;

```

Key **Home** and type the command **SUBMIT** on the Command Line. **Submit** instructs the SAS system to process the commands written in the Program Editor. Your screen should resemble the following.

```

SAS - [Program Editor - TABLEIII.1.sas]
File Edit View Tools Run Solutions Window Help
Command ==> SUBMIT
00001 OPTIONS PS=79 LS=95;
00002 LIBNAME IN 'C:\FILES\DoD\ADULT 2010';

```

Enter the Submit command, and the SAS statements disappear from the Program Editor. If a table is successfully produced, the Output window will open and the table will be displayed. If no output is produced, then SAS has encountered an error. SAS statements about the error can be seen

The result of this process is Table 4.1.

Note that the TITLE statement defines the heading for each page. Titles of more than one line are entered as TITLE, TITLE2, etc.

Table 4.1

Using Formats

The format library is the key to interpreting values of discrete variables. For example, in the program above, the format library found at C:\FILES\DoD\ADULT 2010\FMTLIB indicates that a Value of 1 for XSEXA means male, and a value of 2 for XSEXA means female. Similarly, if XBNFGRP equals 1, the respondent is Active Duty; if XBNFGRP equals 2, the respondent is a family member of Active Duty personnel; if XBNFGRP equals 3, the respondent is an under-65 retiree or a survivor or one of their family members; if XBNFGRP equals 4, the respondent is a 65-or-over retiree, survivor, or one of their family members.

Since formats are associated with the variables in the HCSDB, formatting is automatic as long as SAS can locate the format library. Error messages will result if the LIBNAME LIBRARY statement is not present. If the format library is not available for some reason, use the statement

FORMAT _ALL_;

within the PROC TABULATE to prevent SAS from searching for the missing format library. The default formats in the format library were used to produce the table described in the previous section.

Table Appearance

Format modifiers and temporary labels improve the appearance of a table. In Table 4.1, the values of the statistics are of the form xxx.xx. If each cell is defined to be six positions wide with two positions to the right of the decimal, there is adequate space to keep the table from looking crowded. This is done by crossing the statistic with the format modifier:

MEAN*F=6.2

Labels are attached to all variables in the HCSDB. You can use temporary labels to override the label within the SAS dataset. It is not always necessary to use both the variable label and the formatted values for each value of a class variable. In the previous example, the formatted values of XBNFGRP are Active Duty, family members of Active Duty, etc. which we know to be beneficiary groups; the title also tells you that these are beneficiary groups. The table can be made attractive by deleting the heading for XBNFGRP by including a blank for the temporary label:

XBNFGRP='

Similarly, because the statistic being reported here is a mean, you do not need MEAN on each row. You can add or eliminate a label and include a format modifier to the same variable:

MEAN=' *F=6.2

The headings for XSEXa and ALL can be improved:

XSEXa='Gender'
ALL='Group Total' for the ALL that is crossed with XBNFGRP
ALL='Total' for the TNEX Region 3 total

The new program looks like this:

```

OPTIONS PS=79 LS=95;
LIBNAME IN 'C:\FILES\DoD\ADULT 2010';
LIBNAME LIBRARY 'C:\FILES\DoD\ADULT 2010\FMTLIB';
PROC TABULATE DATA=IN.HCS103_1;
WHERE XTNEXREG = 3; /* limit to TNEX Region 3 */
CLASS XBNFGRP XSEXa;
VAR H10070 H10063;
WEIGHT FWRWT;
TABLE (H10070 H10063)*MEAN=' *F=6.2, /* Row Dimension */
      /* Column Dimension */
      XBNFGRP=' *(XSEXa='Gender' ALL='Group Total')
      ALL='Total';

TITLE "Table 4.2";
TITLE2 'Constructed Beneficiary Group by Gender for TNEX Region 3';
RUN;

```

Typing these statements into the Program Window produces the following screen.

```

Although the label for MEAN is deleted, there is still a space in the table for this label. You can eliminate this blank space by using the TABLE option of ROW=FLOAT. SAS row headings are automatically allocated; you can override this by using the TABLE option of RTS=n where n is an integer value specifying the number of print positions to be used for row headings. If you decide that we don't need the label 'Gender' for XSEXA because 'male' and 'female' are self-explanatory, the revised program is as follows:

```

OPTIONS PS=79 LS=95;
LIBNAME IN 'C:\FILES\DoD\ADULT 2010';
LIBNAME LIBRARY 'C:\FILES\DoD\ADULT 2010\FMTLIB';
PROC TABULATE DATA=IN.HCS103_1;
WHERE XTNEXREG = 3; /* limit to TNEX Region 3 */
CLASS XBNFGRP XSEXA;

Calculating Percents

When calculating percentages, it is necessary to appropriately define the denominator. To calculate a column percentage, the denominator definition must include all *class* variables that define the *row*. For example, if you want to look at the percentage of people in region 2 and each branch of service who answered yes (or no) to variable H10051, 'Have you ever smoked at least 100 cigarettes in your entire life?', your TABLE statement in the TABULATE procedure would look like this:

```
WHERE XTNEXREG = 2;
TABLE H10051 ALL='Total',
(All='Service Total' SVCSMPL)*PCTN<H10051 ALL>='Percent';
```

Table 4.4 includes a program and its output for calculating column percentages. The program statements in the Program Editor appear as follows.

```

(Continued)

Table 4.4
Have You Ever Smoked At Least 100 Cigarettes In Your Entire Life
for Service Branches within TNEX Region 2

	Coast Guard		Other/Unknown	
	#	%	#	%
Smoked at least 100 cigarettes in life				
Yes	39	42.39	2	14.29
No	53	57.61	12	85.71
Total	92	100.00	14	100.00

The statistic N is included with PCTN to make it easier to verify that the denominator definitions have been set up properly. After you check to see that the percentages are accurate, the N statistic can be removed. Note that the output for Table 4.4 is unweighted. The N statistic (and PCTN statistic) is always unweighted even if a WEIGHT statement is included.

Similarly, if you want to look at the percentage of TRICARE enrollees (and non-enrollees) by gender who report having smoked at least 100 cigarettes in their lifetime, this would be a row percentage. To calculate a row percentage, the denominator definition must include all *class* variables that define the *column*. Your TABLE statement would look like this:

```
TABLE H10051 ALL='Total',
XENRLLMT *(XSEXA=' ' All='Group Total')*
PCTN<XENRLLMT*XSEXA XENRLLMT*ALL>='Percent';
```

Notice that there are no parentheses used in the denominator definition. Because parenthetical groupings are not allowed in the denominator definition, all crossings and concatenations must be

included. As noted above, the N and PCTN statistic are unweighted counts of CLASS variables. If you want to produce a weighted count and percentage for this table, you would include FWRWT (the 2010 quarterly weight variable) as an analysis variable in the VAR statement and in the column crossing of the TABLE statement; the statistics to be generated should be specified as SUM and PCTSUM. A program and output to demonstrate weighted row percentages appears in Table 4.5.

The following screen shows the new program typed into the Program Editor.

```

HOW TO MAKE A TABLE USING SPSS

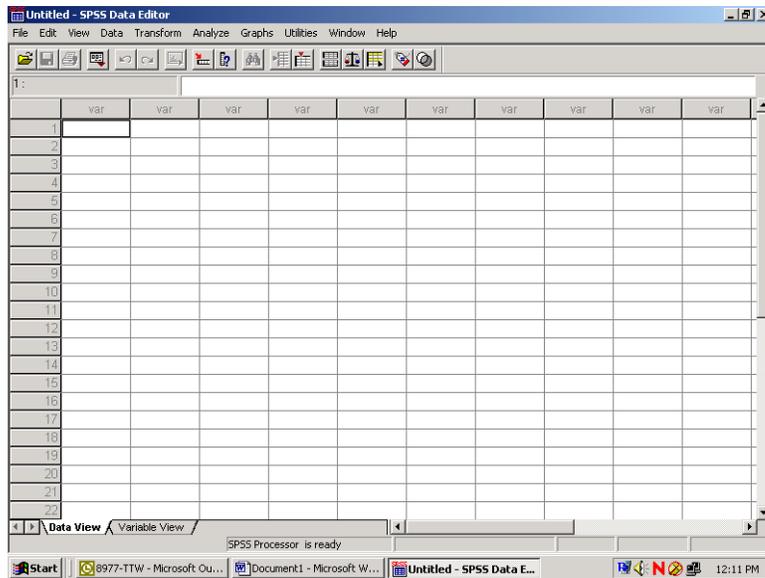

The Quarter III, 2010 Adult HCSDB dataset is in an SPSS format. SPSS is a computer software system used for data management, summarization, and analysis. SPSS can be run interactively, using menus, or in batch mode, using syntax commands. This guide instructs users on how to use SPSS dialog boxes to:

- Construct new variables
- Recode existing variables
- Select cases for analysis
- Weight cases for analysis
- Create customized tables

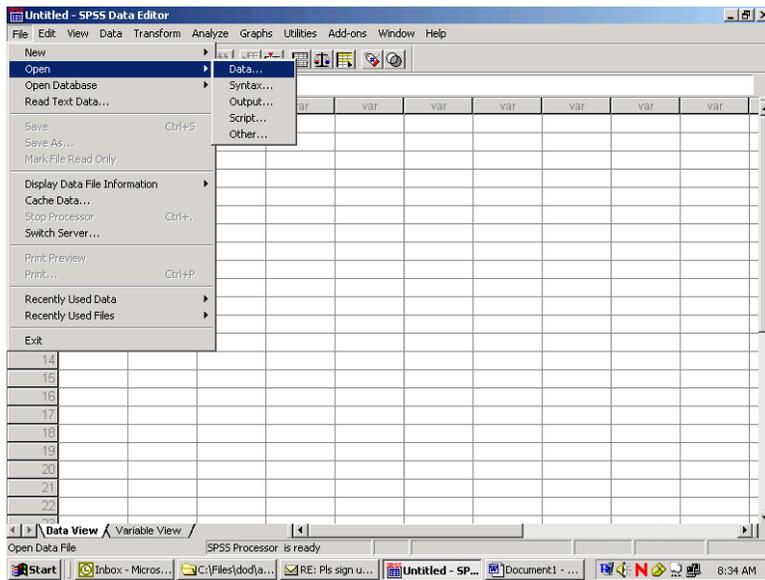

As you use the dialog boxes, you generate syntax automatically. This syntax may be pasted into a syntax file for future use or for modification.

Locating and opening the data file

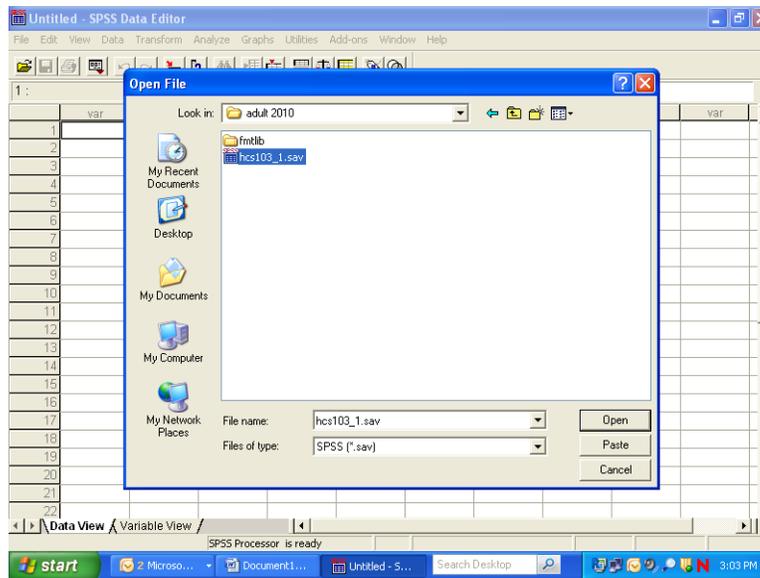

To begin an SPSS session, double click on the SPSS icon on your desktop. The Data Editor window will open and present a blank spreadsheet like the following screen:

Click on File in the upper left corner to open the following menu:

Select the **Open** option or choose a file from the list displayed. **Open** and **data** produces the following screen:

If the file is not in this directory, navigate through your folders until you locate it. Mark the file and click **Open**. You will be returned to the spreadsheet Data Editor with the file on view. The Quarter III, 2010 Adult HCSDB dataset has been opened and is displayed below.

	MPRID	SVCSMPL	SEXSMPL	STRATUM	ENBGSMP	MPCSMPL	NHFF	QUARTER	D_HEALTH	TNE
1	00101241	1	2	1000303	03	3	72	Q3FY2010	18	S

22	01601292	1	2	6900399	10	2	366	Q3FY2010	19	W

Constructing new variables

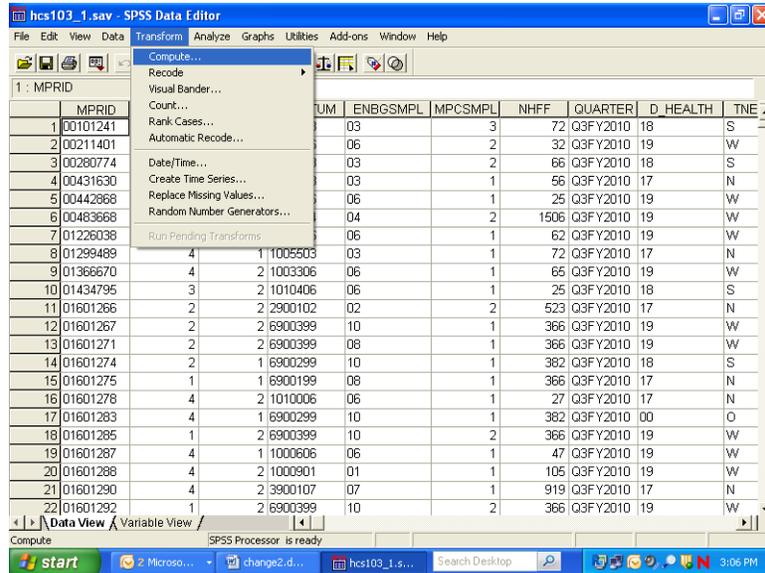

Data can be evaluated from many different aspects. It is sometimes useful to build new variables from combinations of the existing ones and to examine their distributions.

For example, the variable in the file for beneficiary group at the time of sampling is called `xbnfgrp`, and the variable for sex is `xsexa`. The value 1 for `xbnfgrp` indicates that the individual is on Active Duty. The relationships for constructing a new variable of Active Duty by sex are:

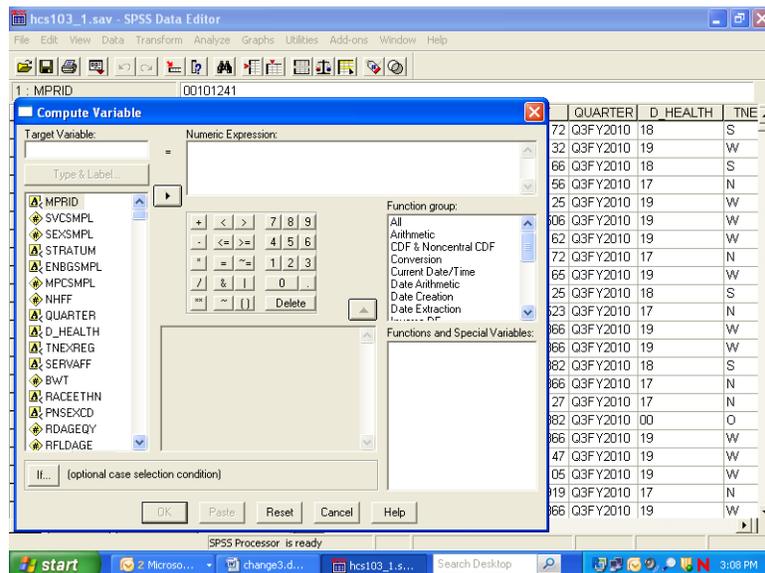

Active-Duty-males: **xsexa=1 and XBNFGRP=1**

Active-Duty-females: **xsexa=2 and XBNFGRP=1**

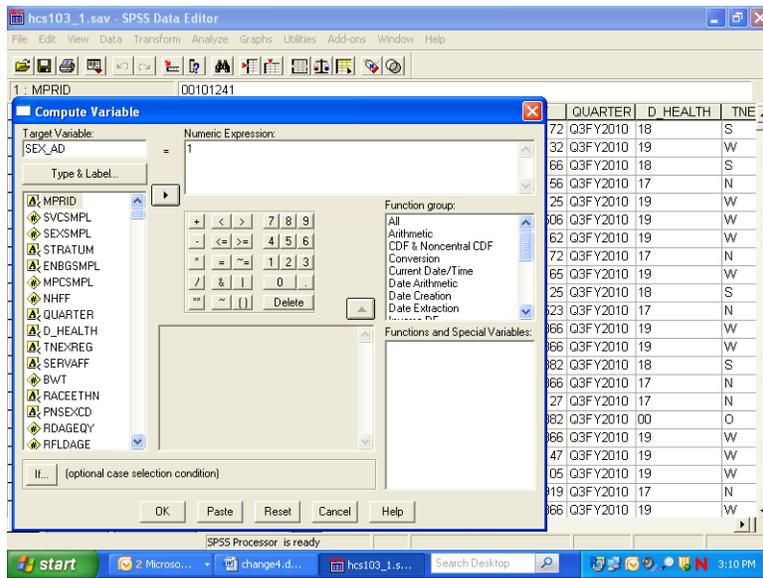

Open the Transform menu and select Compute as in the following:

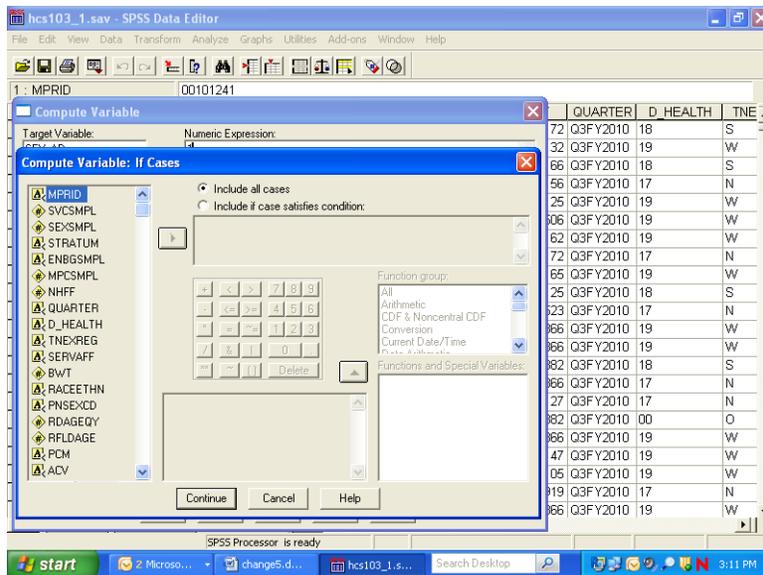

The following dialog box will open:

You can build the new variable in two steps to express the two conditions. The first task is to give the new variable a name and its first value. Enter the Target Variable slot and name the new variable **sex_ad**. Next, assign the value 1 to **sex_ad** by entering it into the slot for Numeric Expression. Your screen should look like the following:

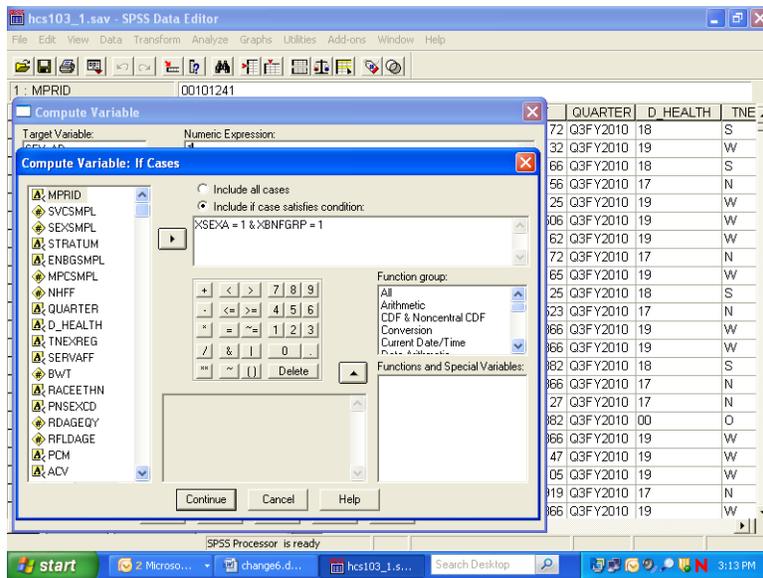

Once you we have assigned the value 1 to sex_ad, you can build the condition that qualifies the assignment. Click on If and open the following dialog box:

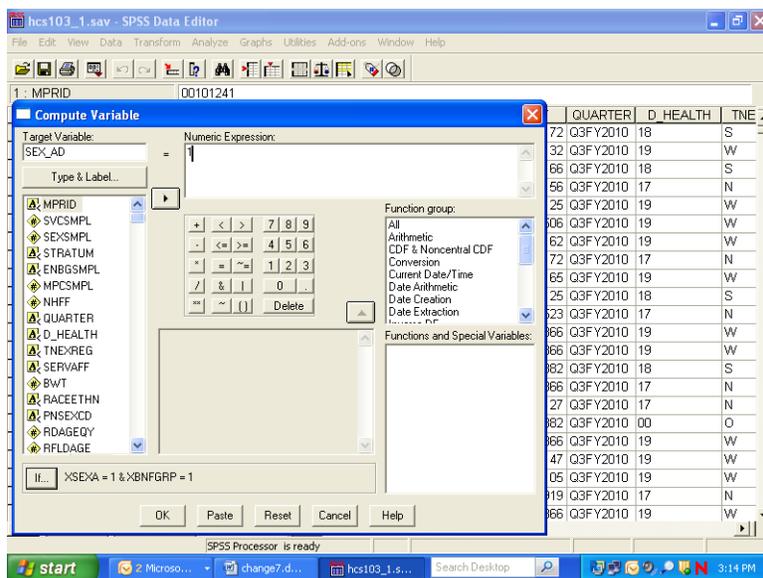

Click on the circle indicating Include if case satisfies condition, and the black dot will move to that circle. The slot underneath will open, ready for your input. Build the "if" condition. Write it directly into the slot or move the elements into the slot from the given options. Add the elements xsexa = 1 & xbnfgrp = 1.

The screen should resemble the following:

Click on Continue and return to the previous screen, which will now look like this:

Your condition will be written next to the If button. Click on OK to exit the dialog box, and the variable sex_ad will be created with its value set to 1.

The next step is to build the second condition for the new variable, which will set it to the value 2. Reopen the Compute dialog box. The commands you just gave still appear in the dialog box. Simply assign the value 2 to sex_ad, press If, and enter the new condition to identify Active Duty females. Click Continue, and finish with OK. The condition, if xsexa = 2 and xbnfgrp = 1, will be added to the new variable sex_ad.

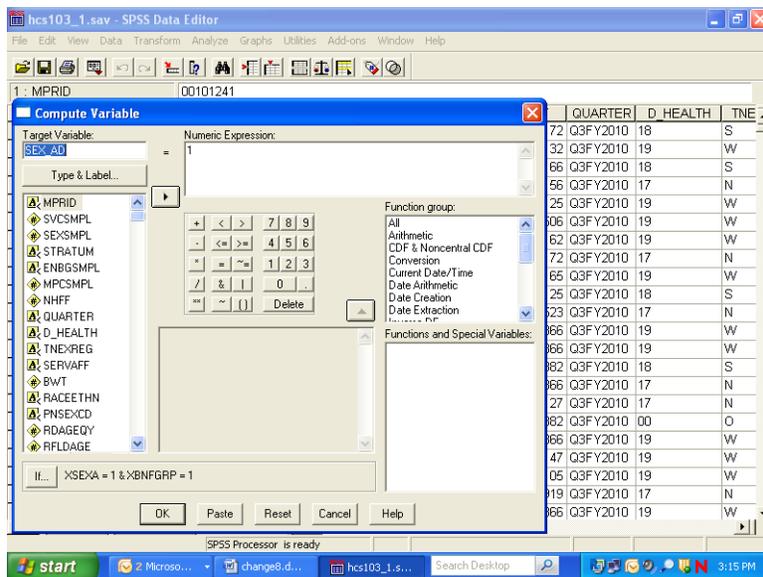

Once you have created a new variable, you may want to add it permanently to the dataset. The new variable is computed for each case in the file and added to the view in the Data Window after the last variable in the dataset. The variable name is the column heading.

Since the HCSDDB data set carries Read-Only status to protect it from corruption, changes to it cannot be saved. At the end of the day, when the work session ends and you exit SPSS, the file will revert to its former status and the new variables will be lost. The solution is to save the dataset under a new name when you exit. Choose the Save As option on the File menu, and you will be prompted to name the file and to save it in a folder of your choosing. Give the file a new name and save it. Open the new expanded file anytime for processing.

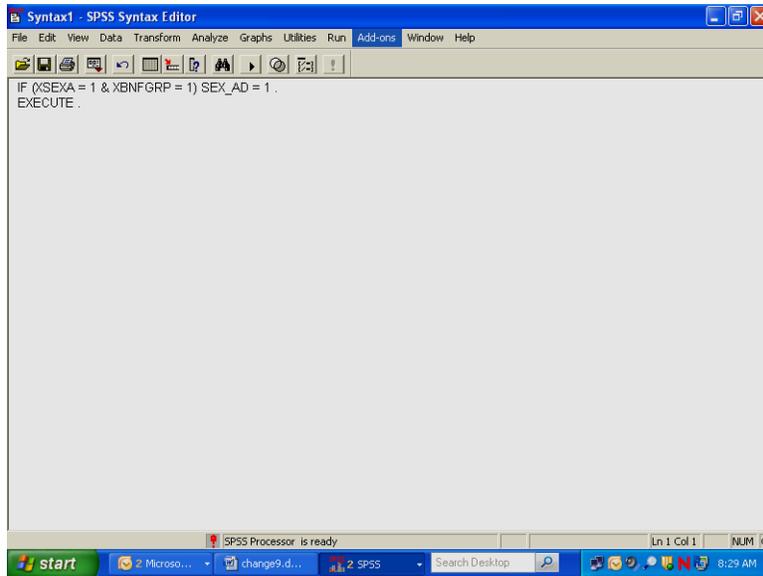

Suppose you do not want to use up your disk space for expanded copies of the dataset. Another option is to save the syntax you have generated in a file that can be run as it is needed. Syntax is a written instruction generated by the commands you give in a dialog box. These “sentences” can be saved in a file and executed when needed. This is the batch mode of processing syntax commands. Syntax files take up very little space.

Experienced SPSS programmers, who have mastered SPSS syntax, often prefer to work only in batch mode. This option is available to users who have not mastered the syntax language. You can paste the commands, generated interactively in the dialog box, onto a syntax file.

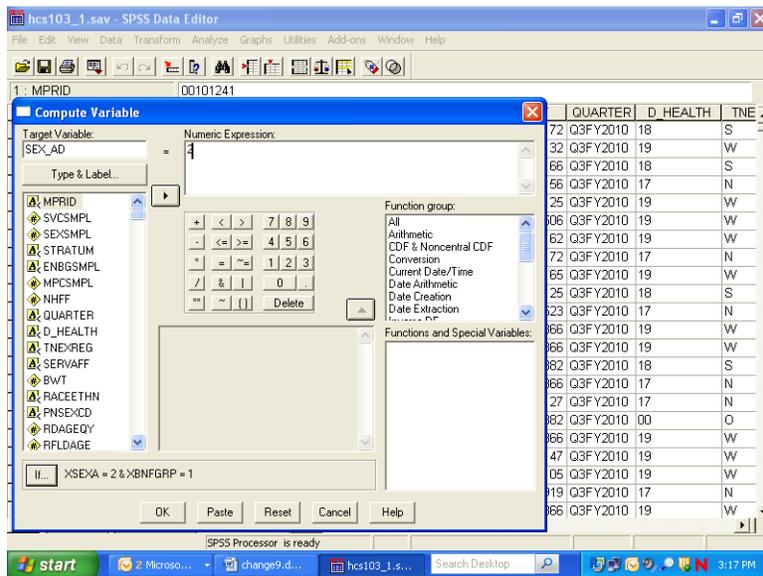

Recall the compute example for the new variable sex_ad. The screen below is the result of assigning 1 to sex_ad according to an If condition. You clicked on OK to set the value. Returning to the screen and clicking on Paste writes the command to a syntax file.

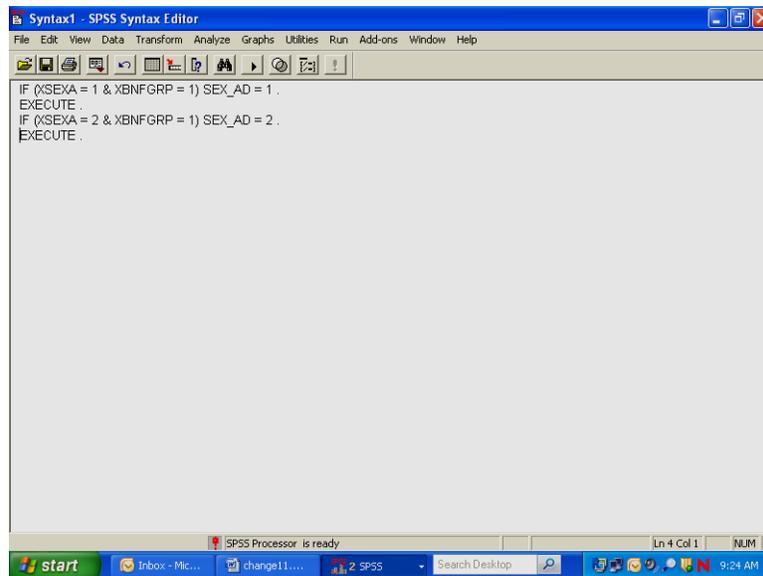

Click on the Paste button, and the syntax window below will open with the syntax written in it.

Now return to the compute dialog box.

Assign the value **2** to **sex_ad** and build the “**if**” condition as in the diagram above. Select **Paste**, and these commands will be appended to the syntax file.

The results appear in the screen above. SPSS gives default names to syntax files, such as Syntax1, Syntax2, etc., as they are created. It is a good idea to save the syntax, re-naming the file using the **Save As** option on the **File** menu. Use a name that has some meaning to you, e.g., **New_computes**. The file will automatically receive the suffix **.sps**.

Another option for adding new variables to the dataset is to **Recode** existing variables **into** new variables. A common example involves **grouping** an age variable into age categories as shown below, using the variable **RFLDAGE**, which exists on our dataset. **RFLDAGE** is coded in years from 18 to 86, which can be grouped into four age categories:

18 to 34 = 1 - label: "young adult"

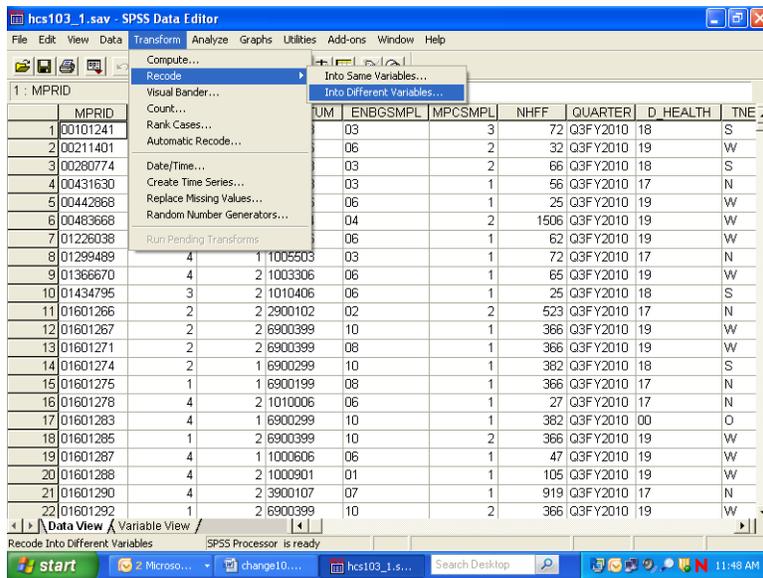

35 to 49 = 2 - label: "mature adult"

50 to 65 = 3 – label: "middle-age"

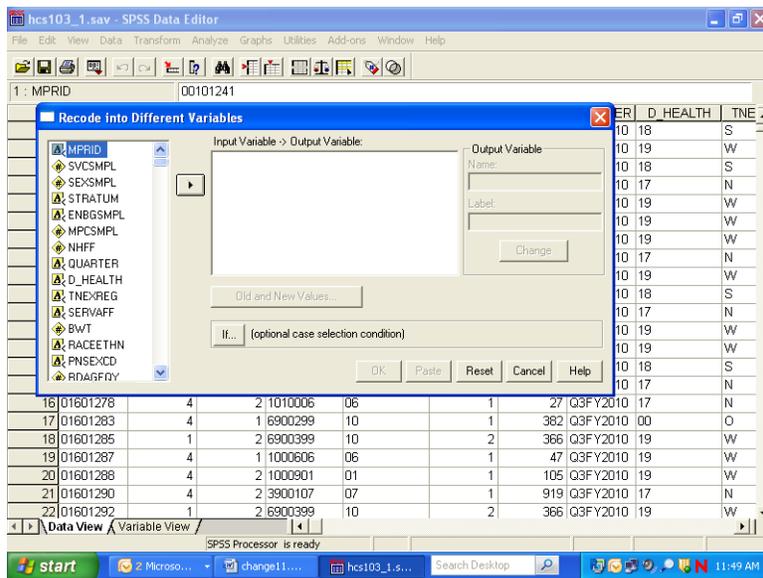

66 to 86 = 4 – label: "senior citizen"

The new variable is called **age_grp**.

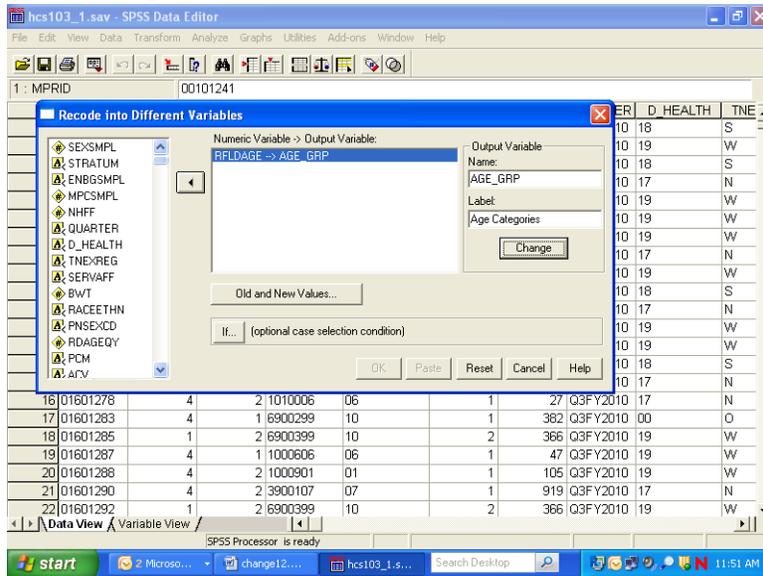

From the **Transform** menu, choose **Recode** and **Into Different Variables** as pictured below:

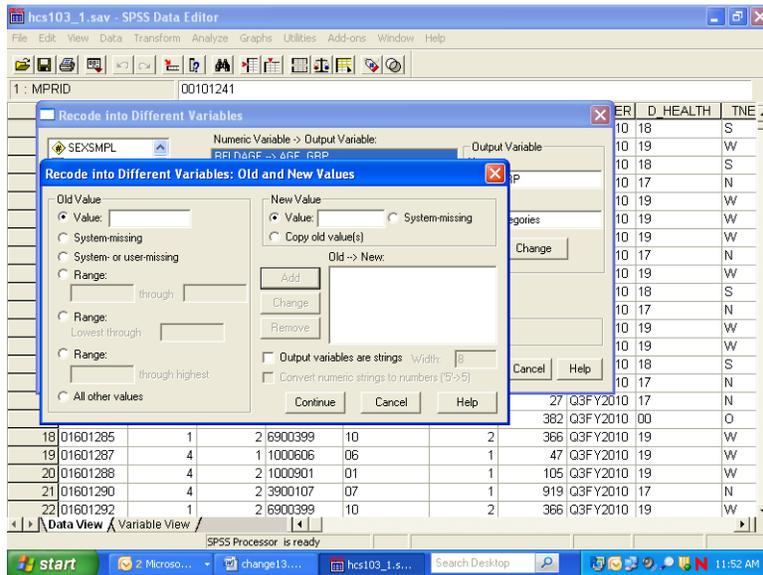

The following dialog box will open:

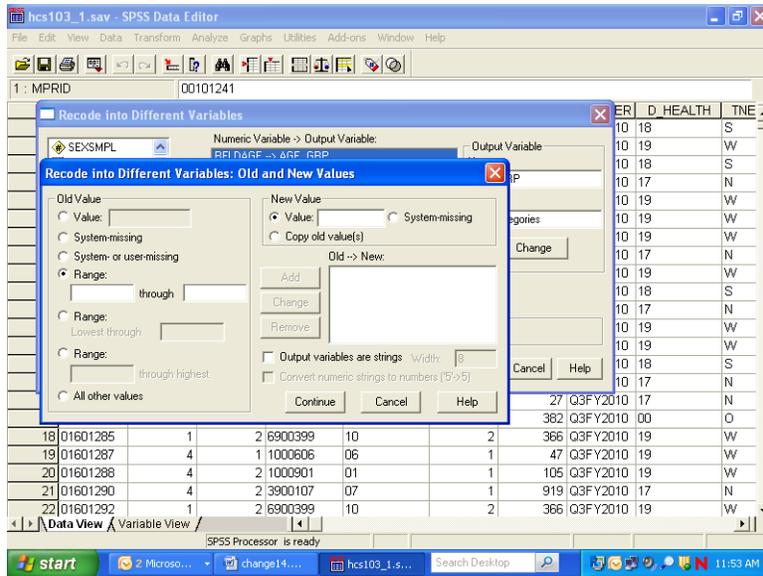

Move **RFLDAGE** from the variable list on the left to the box labeled **Input Variable -> Output Variable**. In the **Name** slot, enter the new variable name **age_grp**. Enter **Age Categories**, the variable label, in the **Label** slot. Click on **Change**. The dialog box should look like the one below.

Click on Old and New Values, and the following dialog box will open:

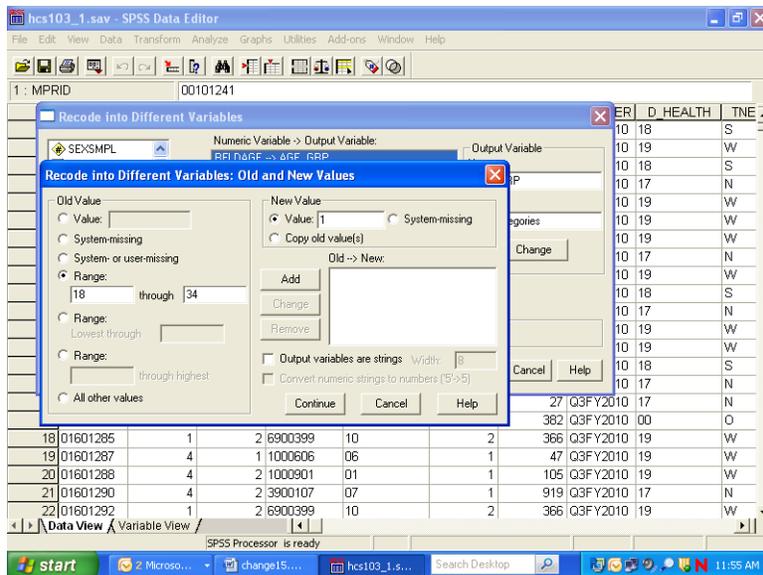

The next step in grouping the age variable is to specify the existing values of **Age** to be recoded. To do this, click on the **Range** circle under **Old Value**.

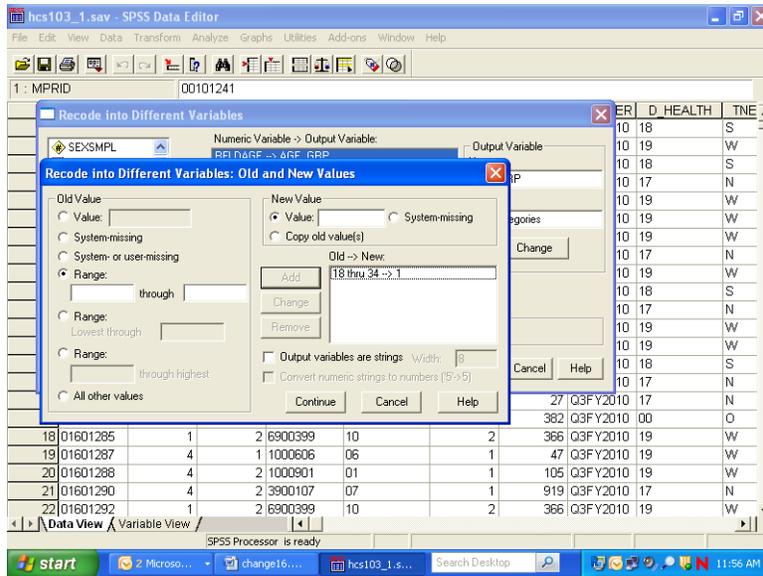

Once the appropriate slots are open, you have four ranges to enter.

First, enter **18 through 34** in the slots provided under **Range**. Next, enter the value **1** in the **Value** slot under **New Value**. **Add** is now illuminated.

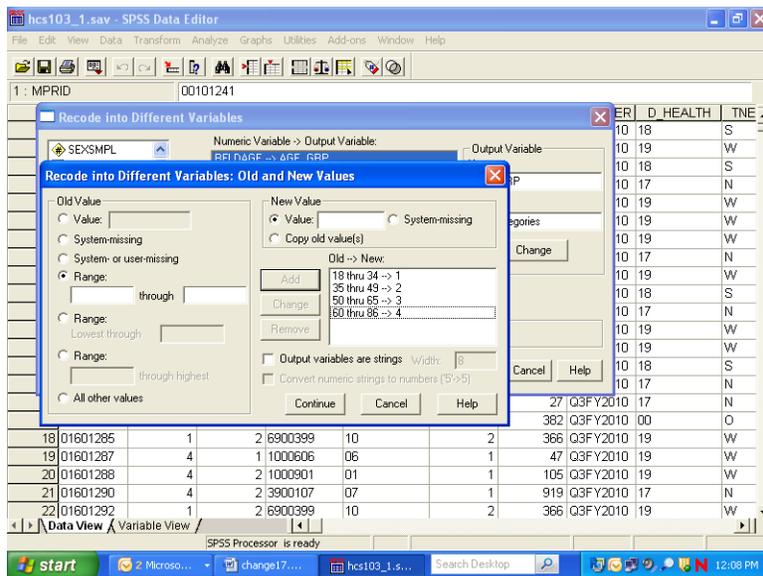

Clicking on Add produces the following result:

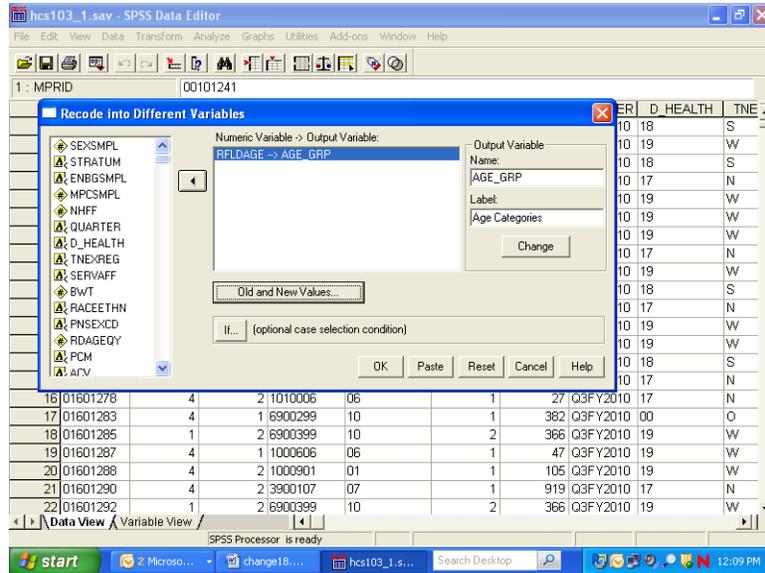

The specified range appears in the box labeled **Old -> New**, and the **Range** and **Value** slots have been cleared to permit additional entries.

The three remaining ranges are built in the same manner, adding each specification, until the dialog box looks like the one below.

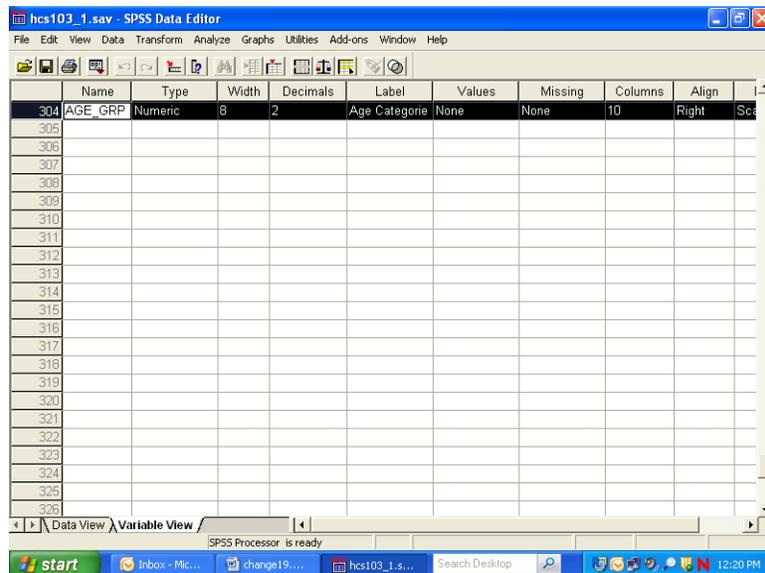

Click on Continue and return to the previous screen.

Click on **OK** to exit the screen. The new variable **age_grp** has been created. The **Recode** syntax can be pasted to a syntax file.

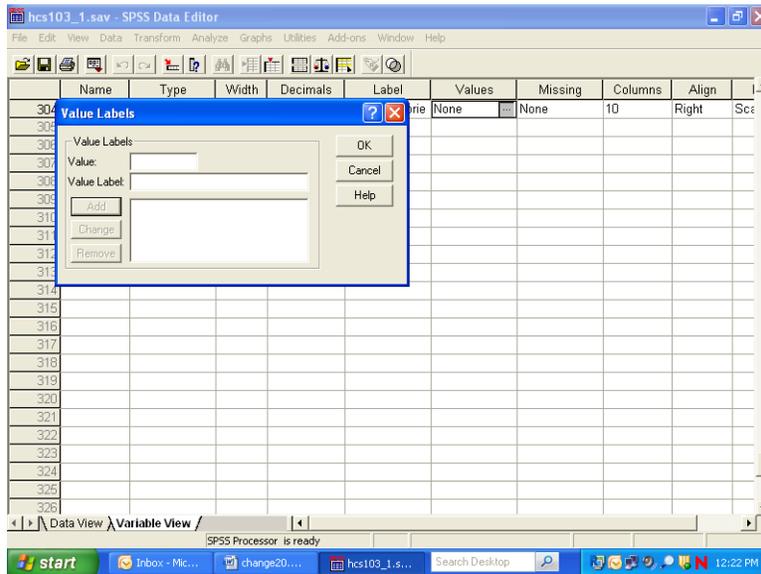

The final task is to create the value labels for the new variable **age_grp**. Labeling variables makes output from statistical reporting procedures much clearer and more elegant.

In the **Data Window**, go to the column for the new variable **age_grp** and double click in the gray area containing the variable name. The screen will change to variable view:

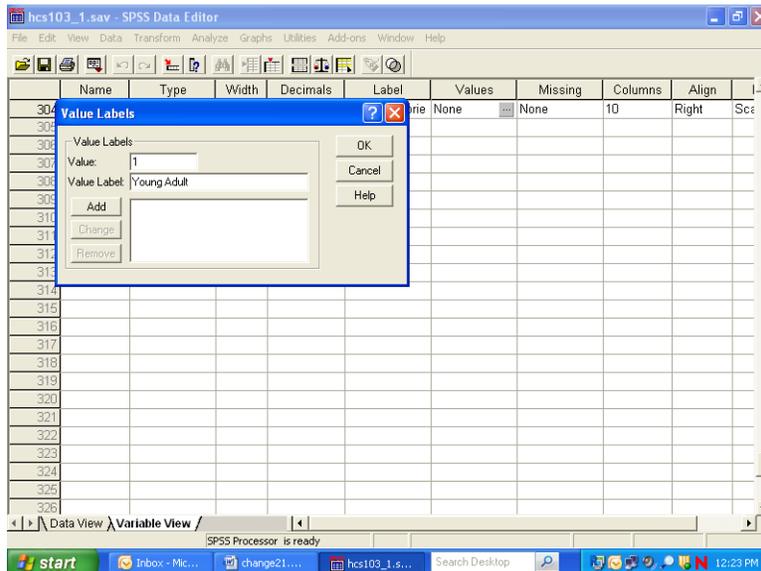

The variable **age_grp** is shown with its attributes.

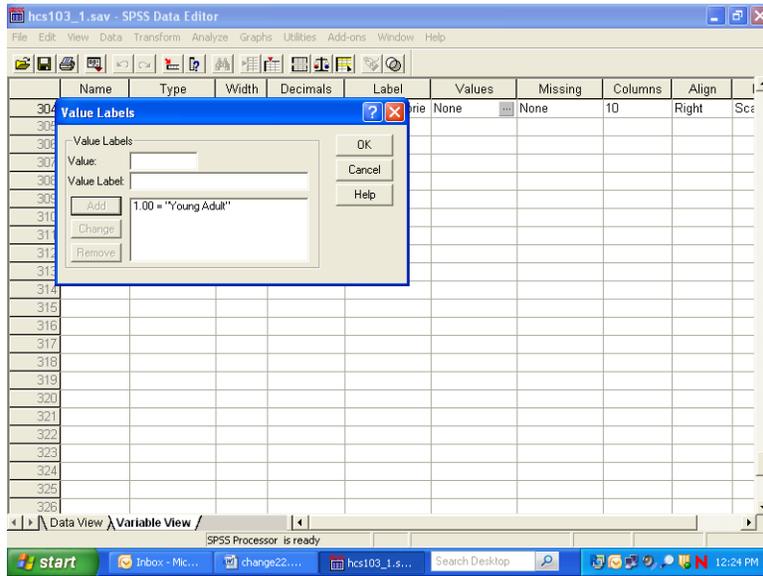

Click in the cell under **Values** and the following dialog box will open:

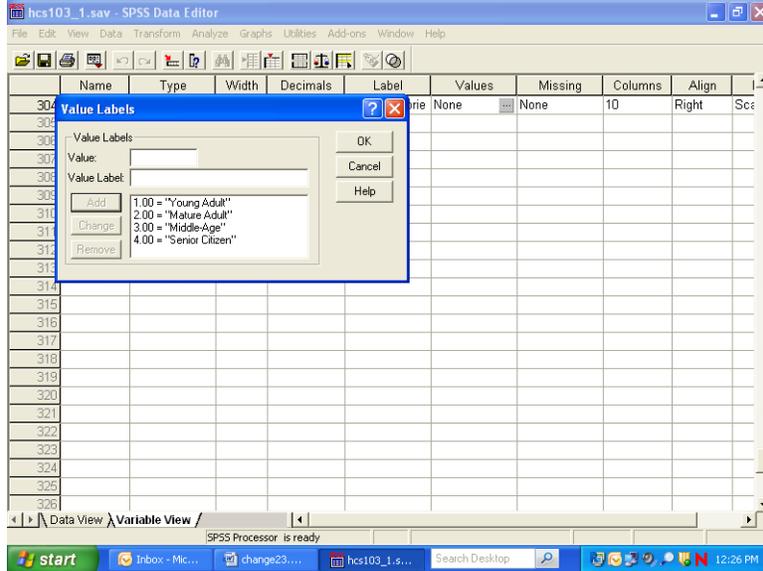

You can then begin to label the *values* of **age_grp**. Enter **1** in the slot marked **Value**, and enter the label **Young Adult** in the slot marked Value Label. The screen will look like the following:

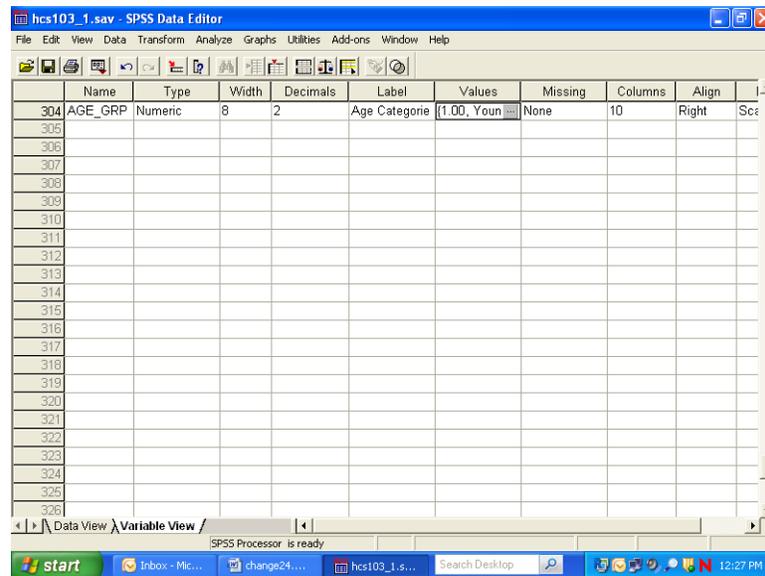

Add is now illuminated. Click on **Add** and the text of your command will appear in the central box, clearing the slots for further entries, as in the next screen.

Build the other three labels until the screen looks like the following:

Click on **OK** and the screen will appear as follows:

Click on the **Data View** tab to return to the data screen.

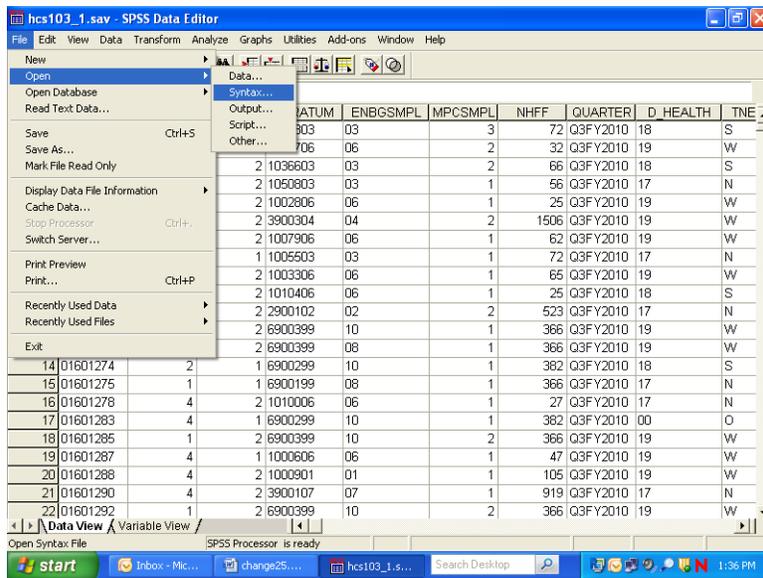

Limiting the Number of Variables

The HCSDDB dataset contains many variables. To speed up software performance time, it may be desirable to limit the number of variables for analysis. There are ways to do this.

The first is to **Save** a subset of variables in a new file with a new name. This option is available only through syntax. The **Keep** or **Drop** command lets you save a subset of variables. The choice of **Keep** or **Drop** is dependent on which list is shorter to write.

For example, suppose you want to run some procedures to evaluate respondent's weight as it relates to their state of health. You are also interested in people that have smoked at least 100 cigarettes in their lifetime, and in differences within these groupings by gender. Moreover, you want to look at regional differences and differences among branches of service by beneficiary group and enrollment. You can do all the work on a subset of only nine variables, saving them in a separate file.

To write the syntax, open a syntax window. If you want to create a new syntax file, choose **New, Syntax** on the **File** menu as in the following:

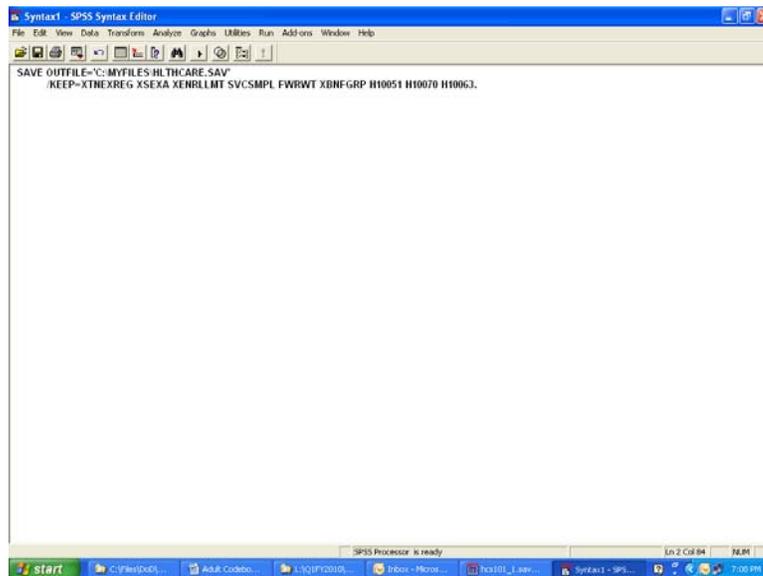

A blank syntax window will open.

Write the following command, substituting the file name and directory specification:

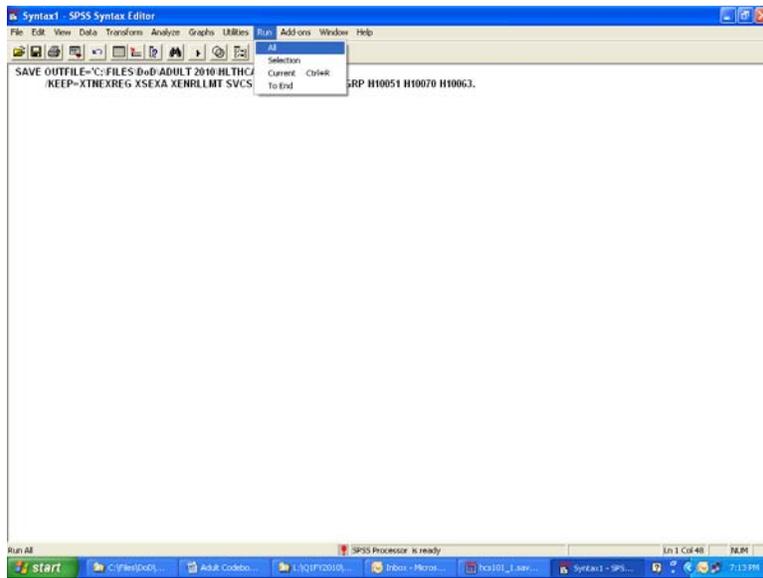

**SAVE OUTFILE='C:\MYFILES\HLTHCARE.SAV'/KEEP=XTNEXREG XSEXA XENRLLMT
SVCSMPL FWRWT XBNFGRP H10051 H10070 H10063.**

as in the following:

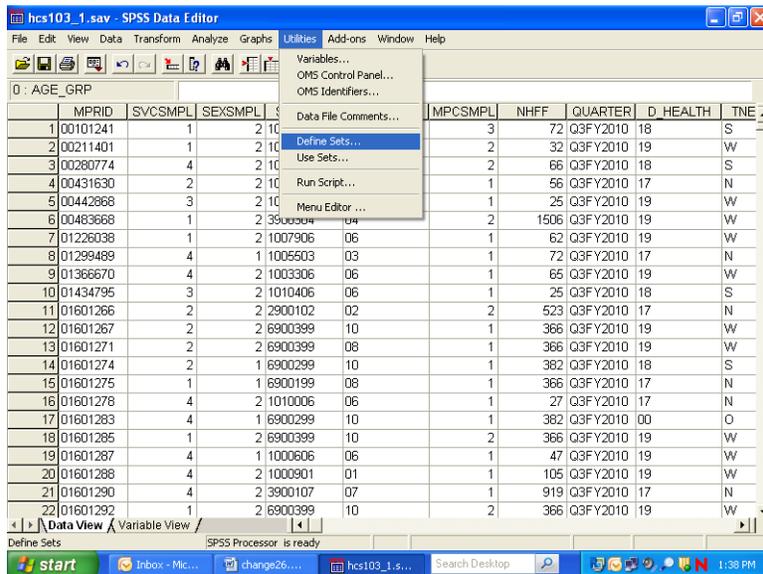

Upper case is optional. Be sure to enclose the entire file name in single quotes and to type a period at the end of the command.

Run the command by choosing the **Run** menu and selecting **All** from the choices.

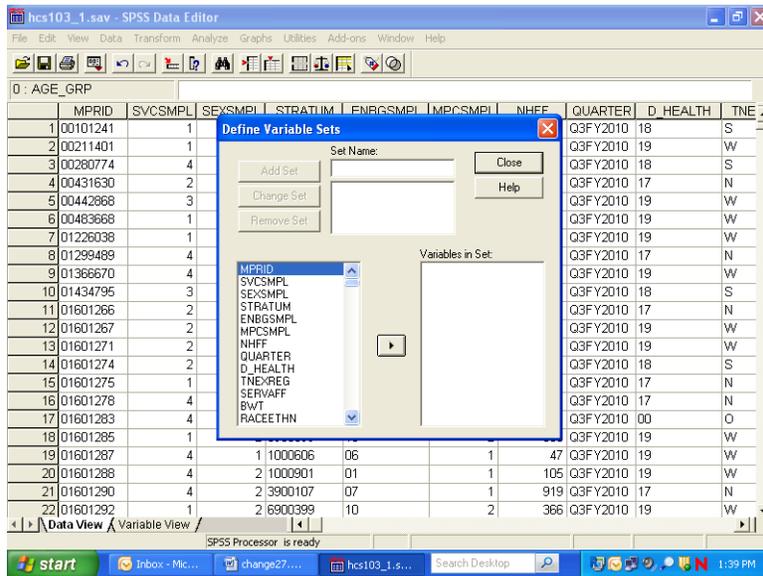

Open the new file according to the specifications at the beginning of this chapter.

The second way to limit the number of variables for analysis is to define a subset of *variables* that will appear in the dialog boxes for procedures. Using the **Utilities** menu, define a subset of variables as in the following:

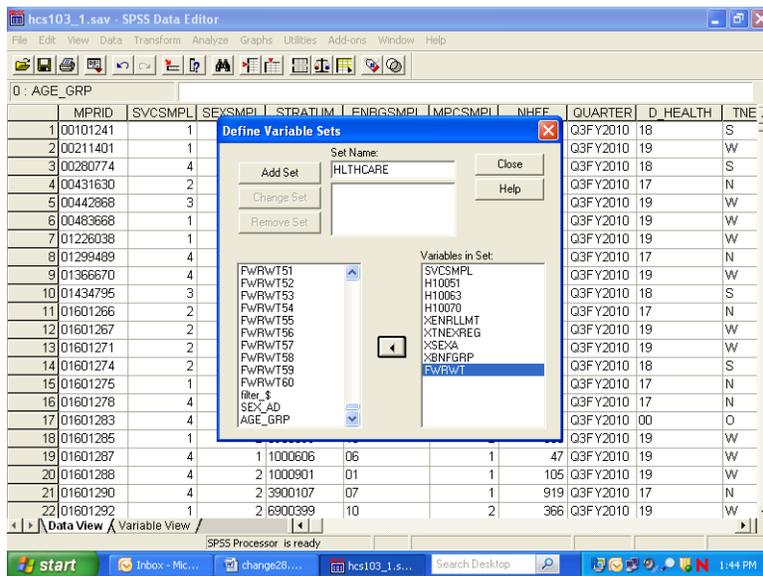

Select Define Sets.

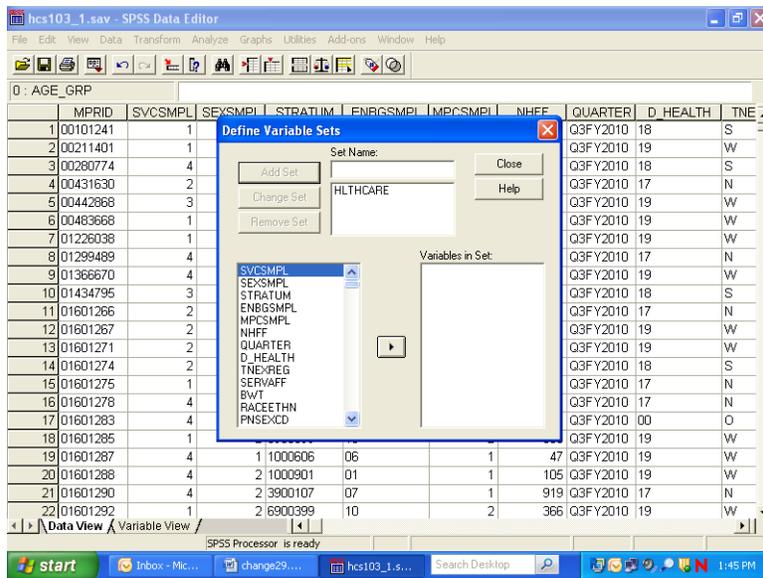

Insert a name for the subset of variables in the slot labeled **Set Name**. Move the variables you want to subset from the list on the left to the slot marked **Variables in Set**. By way of illustration, we will move the nine variables selected for the day's processing.

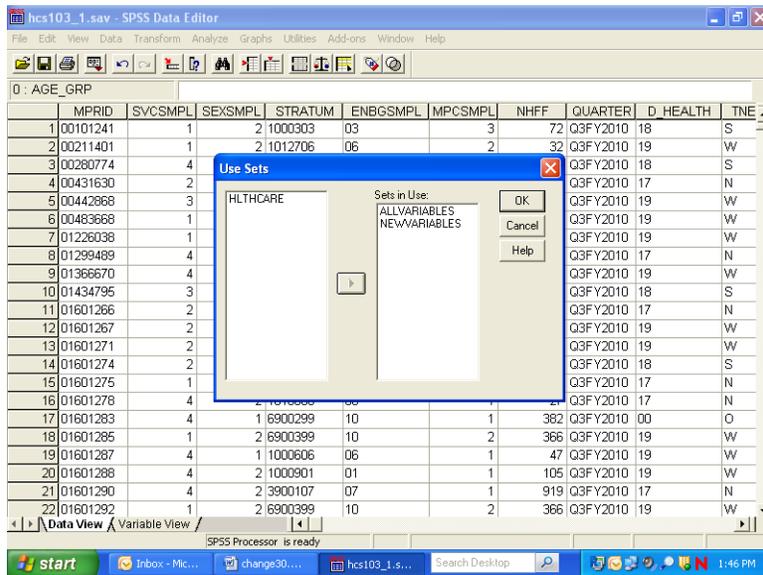

The screen should look like the following:

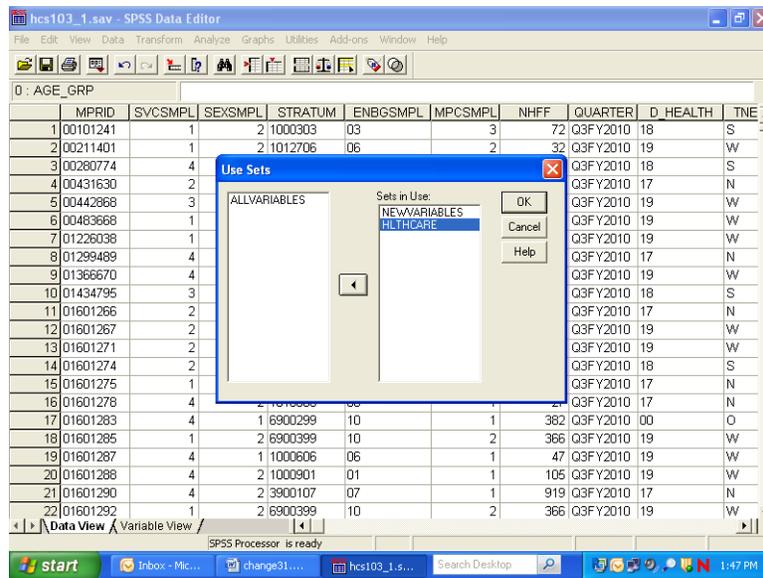

Click on **Add Set** to save the set specifications. The screen will change to the following:

The set is now available for use. To use the set, **Close** the dialog box, reopen the **Utilities** menu, choose **Use Sets...**, and receive this screen:

Move HLTHCARE from the left slot to the right slot, which is labeled **Sets in Use**. Transfer ALLVARIABLES from the right to the left slot. Leave NEWVARIABLES where it is. **OK** saves this change.

Until you change this specification, only nine original variables and any new variables will appear in the dialog boxes associated with procedures.

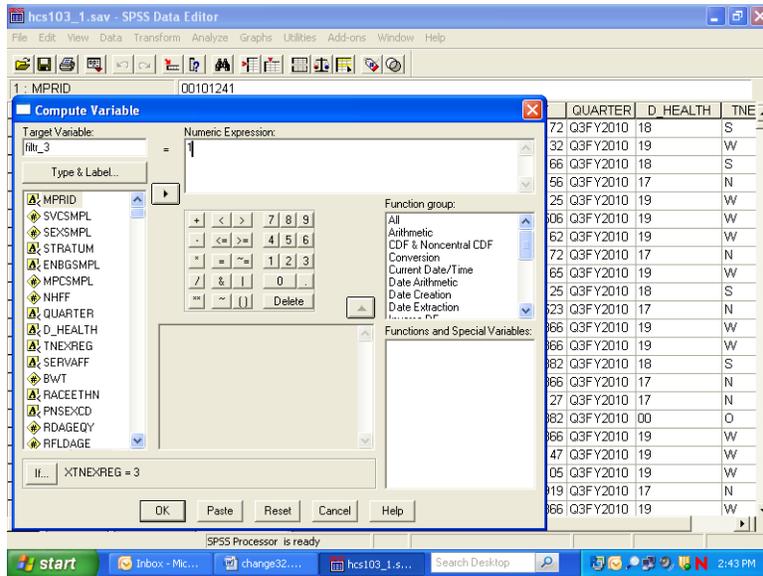

Limiting the Number of Observations

There are many ways to limit the number of observations available to statistical reporting procedures. The method illustrated here involves using **filter variables** with a menu-driven **Filter By** option. Using filters deactivates but does not delete cases from the file. A diagonal line appears next to the filtered cases in the **Data Window**.

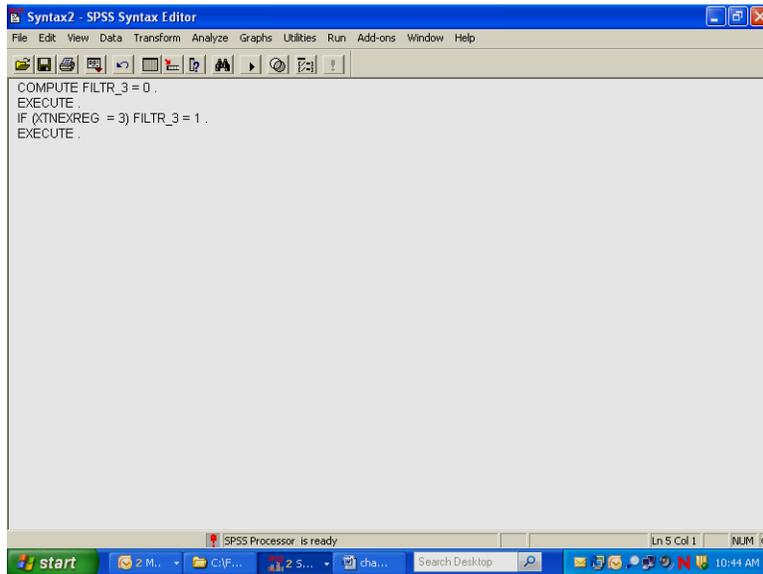

The first task is to **compute** a filter variable for all the cases in the file. A filter variable has two values: **0** and **1**. The **1** indicates that the case will be included for procedures. The **0** flags the case for removal.

For example, suppose you want to produce a table for people who live in the West, i.e., cases for which the variable **xtnexreg = 3**. You would build a filter variable named **filtr_3**, which has the value **1** associated with the cases in the West and 0 for all the other cases in the file. The logic is: if **xtnexreg = 3**, then **filtr_3 = 1**, else **filtr_3 = 0**.

The screen below shows the final step in computing the filter variable. The variable was first initialized to **0**. Then, the "if" condition was built for setting the filter variable to **1**. You are now working with a subset of variables, allowing the dialog boxes to be used more efficiently.

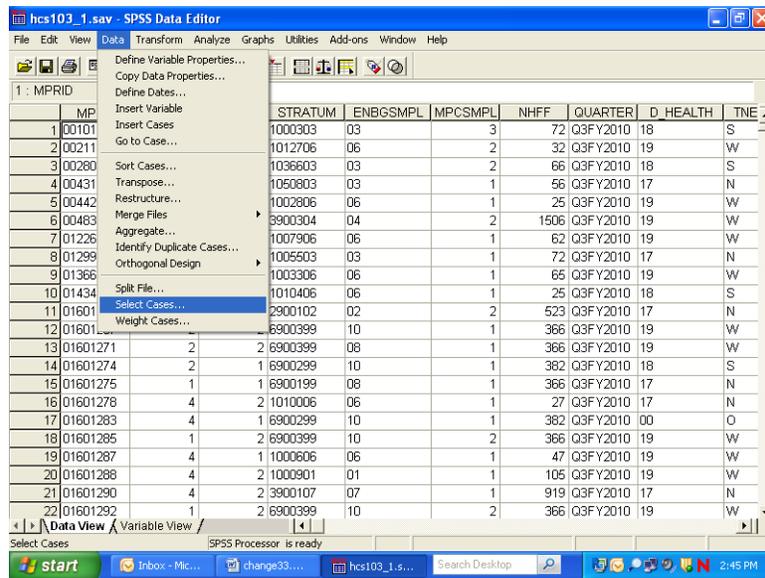

The screen that follows shows the syntax that was generated as you built the variable filtr_3.

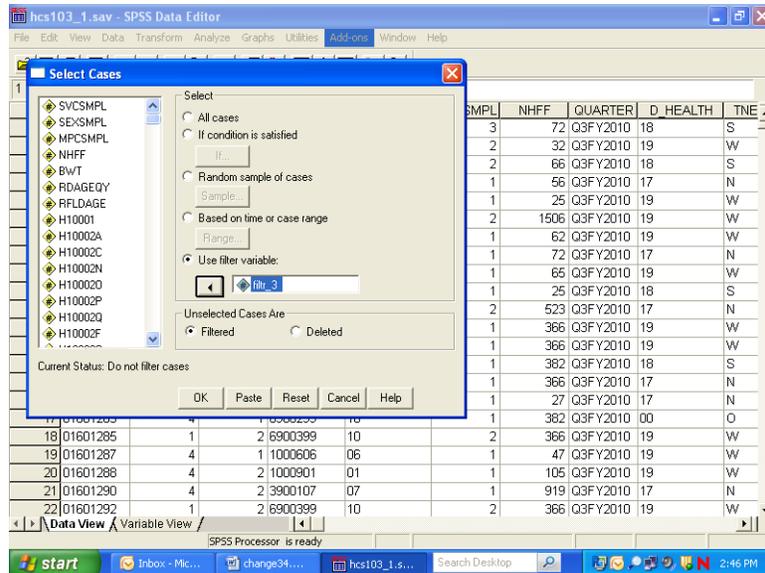

Once you build the filter variable, you can apply it for analyzing only those people from the West.

Using the **Data** menu, choose **Select Cases**.

In the dialog box, check **Use filter variable**. Move the variable **filtr_3** from the variable list on the left side of the dialog box into the slot provided, as indicated below. Check that the option **Filtered** is checked under **Unselected Cases Are**. This is the default option.

Click **OK** and exit the dialog box.

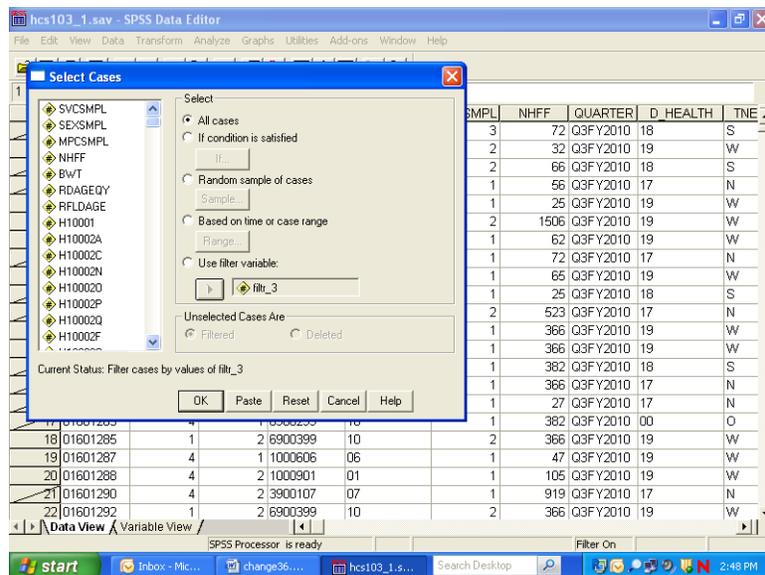

When you return to the **Data Window**, notice the slanting line next to some of the cases in the file. Those cases have been filtered out.

	MPRID	SVCSMPL	SEXSMPL	STRATUM	ENBGSMP	MPCSMPL	NHFF	QUARTER	D_HEALTH	TNE

7	01226038	1	2	1007906	06	1	62	Q3FY2010	19	W
8	01299489	4	1	1005503	03	1	72	Q3FY2010	17	N
9	01366670	4	2	1003306	06	1	65	Q3FY2010	19	W
10	01434795	3	2	1010406	06	1	25	Q3FY2010	18	S
11	01601266	2	2	2900102	02	2	523	Q3FY2010	17	N
12	01601267	2	2	6900399	10	1	366	Q3FY2010	19	W
13	01601271	2	2	6900399	08	1	366	Q3FY2010	19	W
14	01601274	2	1	6900299	10	1	382	Q3FY2010	18	S
15	01601275	1	1	6900199	08	1	366	Q3FY2010	17	N
16	01601278	4	2	1010006	06	1	27	Q3FY2010	17	N
17	01601283	4	1	6900299	10	1	382	Q3FY2010	00	O
18	01601285	1	2	6900399	10	2	366	Q3FY2010	19	W
19	01601287	4	1	1000606	06	1	47	Q3FY2010	19	W
20	01601288	4	2	1000901	01	1	105	Q3FY2010	19	W
21	01601290	4	2	3900107	07	1	919	Q3FY2010	17	N
22	01601292	1	2	6900399	10	2	366	Q3FY2010	19	W

You can now produce tables for the subset of cases.

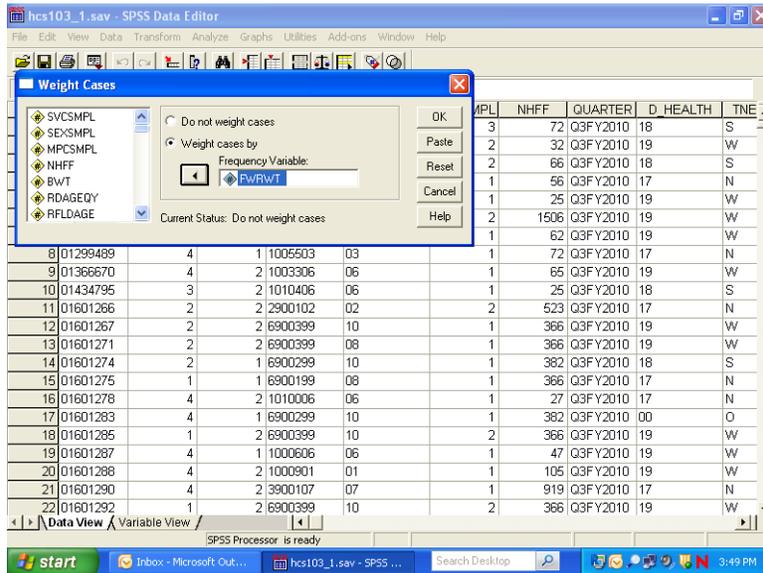

When using filter variables, it is important to check the filter status and to adjust it to fit the present need. Filtered cases are not available for procedures. Moreover, a filter is in effect until it is turned off or until another filter is activated. Check the status line at the bottom of the **Data Editor** window to see if a filter is activated. In the example above, **Filter On** is indicated on the status line. To see *which* filter is active, you must re-enter the **Select Cases** dialog box. There you can deactivate the filter or activate a new one.

To deactivate a filter, choose **All cases** and **OK** as in the screen below.

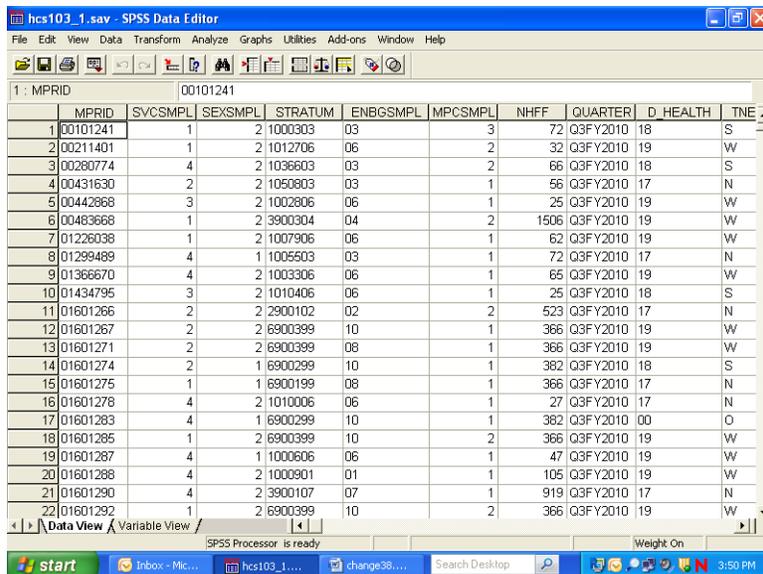

Weighting Data

The data file includes a weighting variable, FWRWT, which should be applied to all procedures and runs. Again, using the **Data** menu, choose **Weight Cases**. In the dialog box, choose **Weight cases by**. Move the weight variable from the list on the left into the slot labeled **Frequency Variable** on the right as shown below:

Click on **OK** and exit the dialog box. The indication that the data is weighted appears on the status line near the bottom of the screen. As in the following screen, **Weight On** is specified there.

The status line indicates if the data is weighted. Which weight variable is in effect can only be checked by re-entering the **Weight Cases** dialog box. Weighting stays in effect until it is canceled or until another weight variable is activated.

BUILDING TABLES

Building tables starts with creating a new subset of variables that includes H10051, H10070, H10063, svcsmpl, xbnfgrp, xsexa, xtnexreg, xenrllmt, FWRWT, and filtr_3. The procedures **Means** and **Crosstabs** will probably meet most of your statistical reporting needs. SPSS also offers many options for editing the output tables themselves. Some of these options are explained here.

Calculating Means

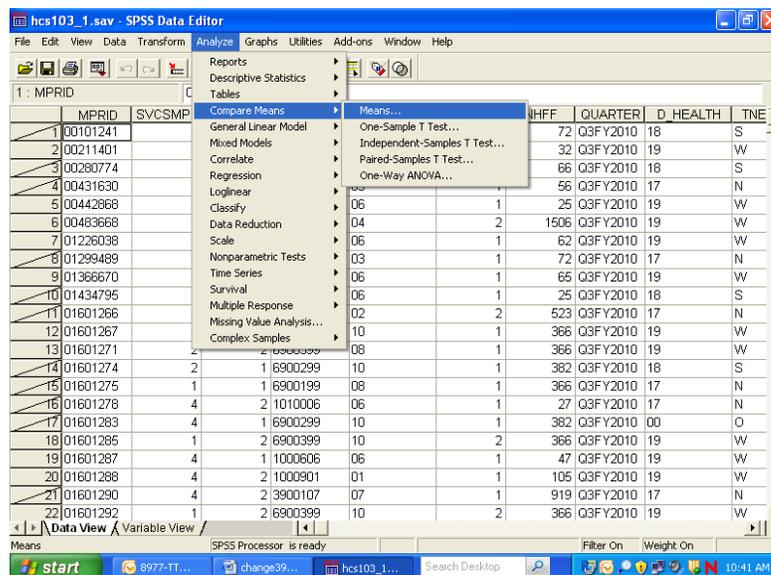

As an example, suppose you want to analyze the health care variables and you want to focus on the West (**xtnexreg = 3**). Suppose you are also interested in how the respondent's weight relates to his self-evaluation of his health for the West region. Within this grouping, you want to examine the effects of the beneficiary group, **xbnfgrp**, and sex, **xsexa**.

The health care variables are **H10070** – respondent's weight, and **H10063** – assessment of the state of health. The statistic you want to see is the mean of the health care variables for each group in our breakdown.

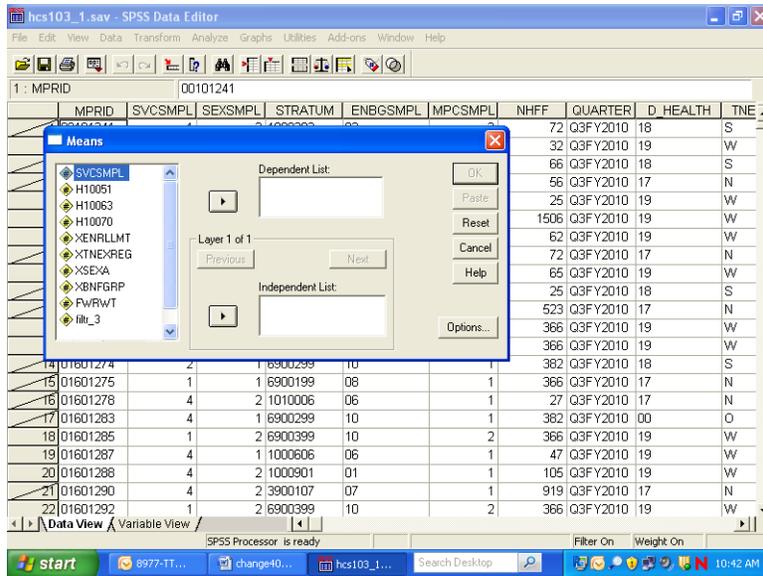

For this analysis, you can use the subset of variables defined above. The subset includes the weight variable, **FWRWT**, which you would activate for procedure runs. The subset also includes the new variable, **filtr_3**, which allows us to select only those cases in the West.

Open the **Data** menu in the **Data Window**. In the **Weight Cases** dialog box, activate the weight variable **FWRWT**. Reopen the Data menu and, in the **Select Cases** dialog box, activate the filter variable, **filtr_3**. On the status line, **Filter On** and **Weight On** should appear.

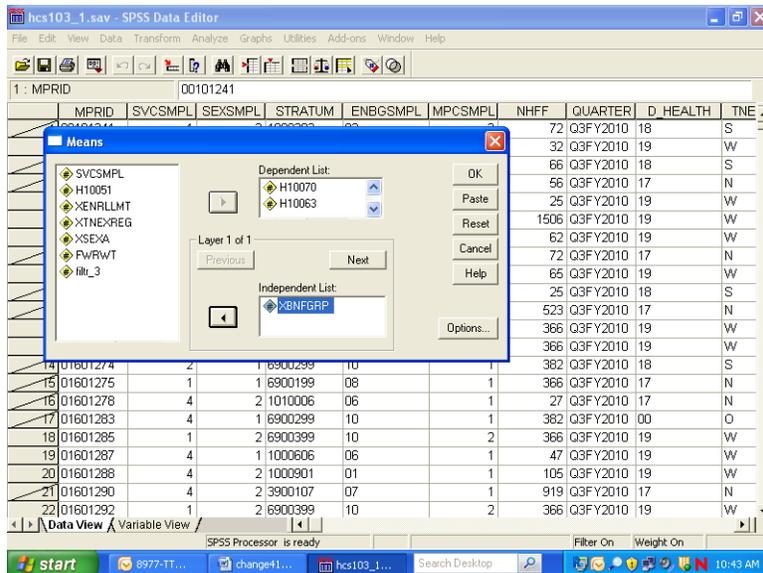

Open the **Analyze** menu in the **Data Window**. Choose **Compare Means** and **Means** from the options as illustrated below.

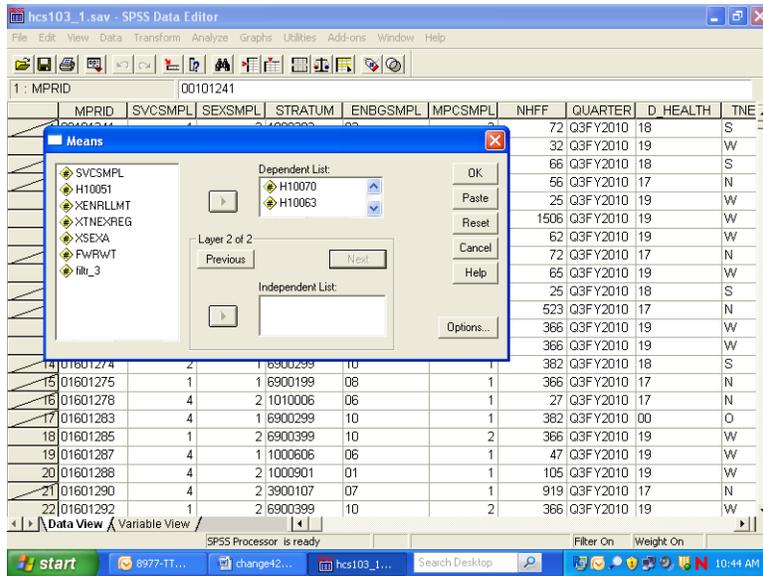

The dialog box for the Means procedure will open as in the following screen:

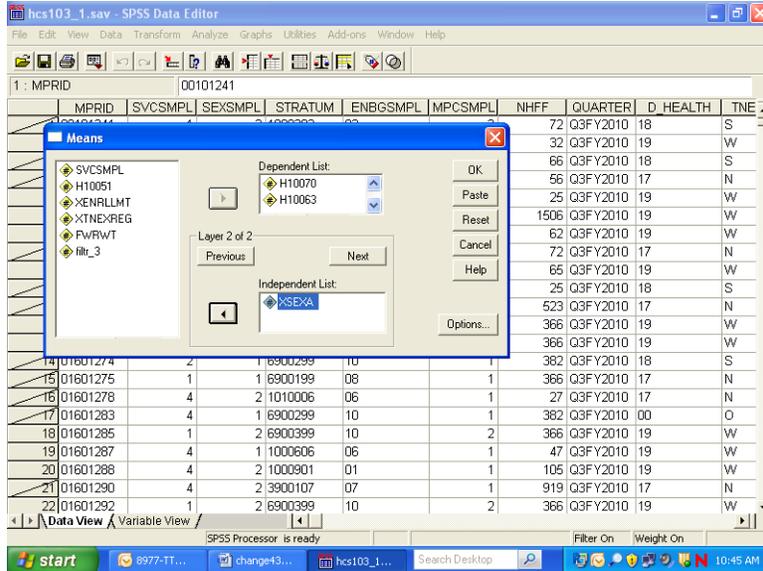

Move the variables **H10070** and **H10063**, from the variable list on the left to the box underneath **Dependent List**. These are the two analysis variables. Notice that **Layer 1 of 1** is specified in the middle of the dialog box. Move **XBNFGRP** from the variable list on the left into the box under **Independent List**. **XBNFGRP** is the first grouping variable. The screen should look like the following:

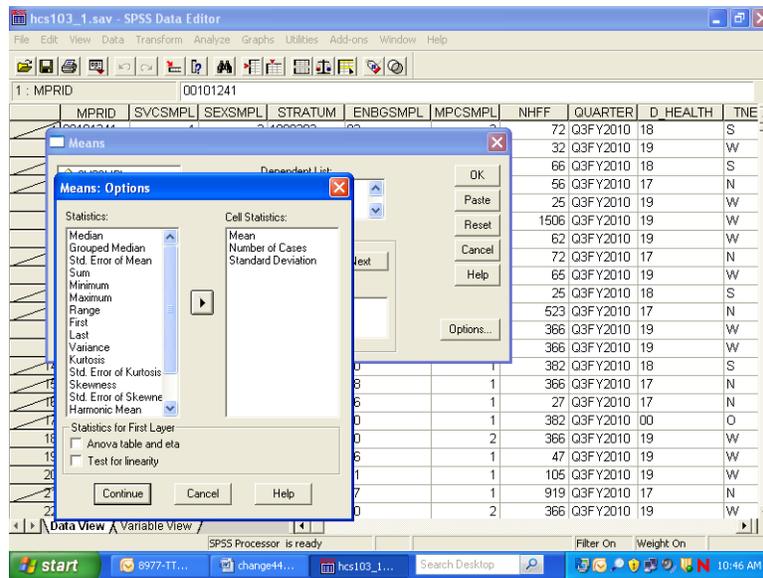

Click on **Next** in the center of the box to create a second layer. The following screen will open:

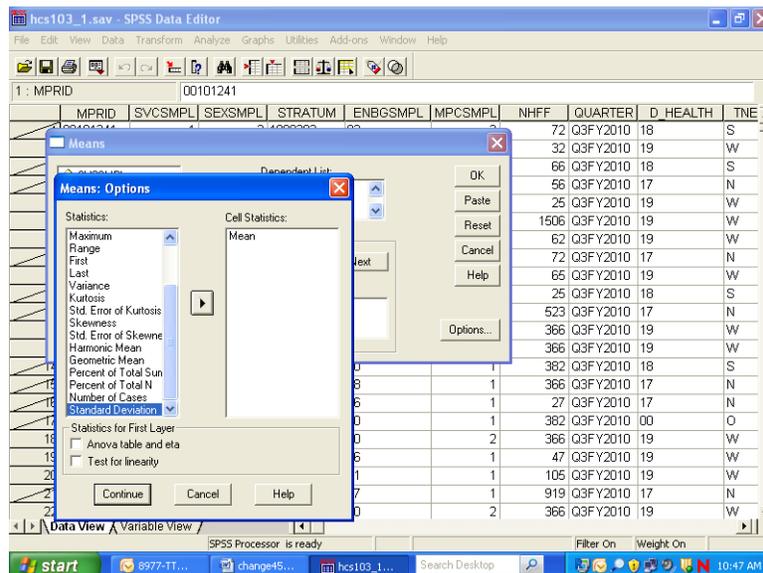

Notice that **Layer 2 of 2** is specified in the middle of the dialog box. Move **xsex** from the variable list on the left into the box under **Independent List**. **Xsex** is the second grouping variable. The screen should look like the following:

To set some options, click on **Options** and the following dialog box will open:

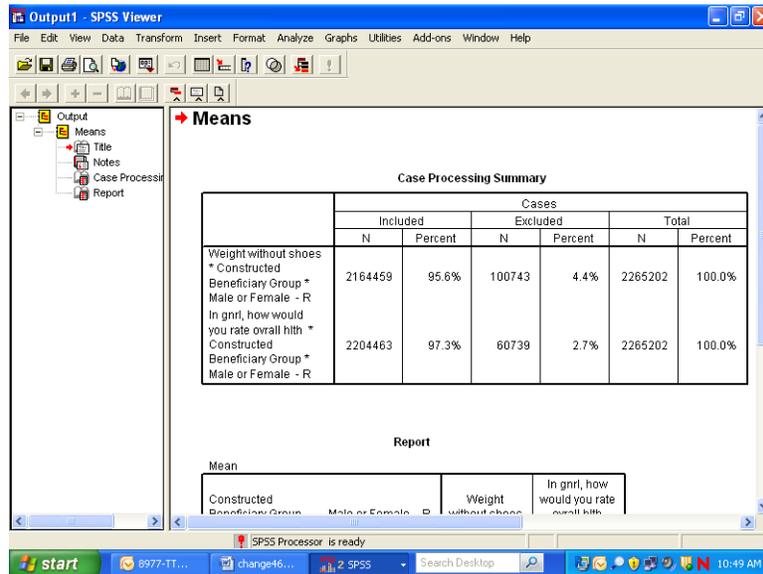

On the left of the box is a list of statistics, under **Statistics**. These are all the possible options for statistical output. In the box under **Cell Statistics** are the default output statistics for the analysis. In this case, **Mean** is the statistic of interest. Highlight **Number of Cases** and **Standard Deviation** and move them to the box at the left, removing them from the analysis, as follows:

Click on **Continue** and return to the previous screen. Click **OK**. The **Means** procedure will run. On the status line, **Running Means** will appear, and a counter for the number of cases processed will be activated.

When **Means** has finished processing, the **Output Navigator** window will open automatically. As the name suggests, the output window is not just for looking at output. A number of options are available for *navigating* through output, moving tables, and even editing the tables themselves.

The output is organized into two sections. On the left side is a navigating tool, which lists the components of the right side, the actual output. In the left pane, **Means** is indicated, and indented under it appear **Title**, **Notes**, **Case Processing Summary**, and **Report**. Clicking on **Means** highlights and selects all the elements. Lines appear around these elements in the right pane. The indenting indicates that the elements are hierarchically organized, with **Means** at the top. Clicking on any of the sub-elements selects just that element.

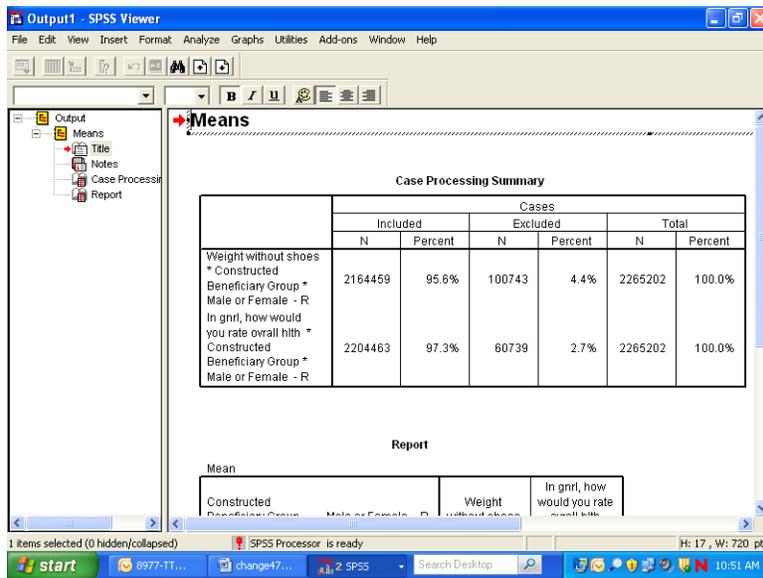

A closer look at the left pane reveals another feature. Hiding underneath the element icons are book icons. The books are either open or closed. If a book is closed, the element is *hidden*. Notice that the book under the **Notes** icon is closed. This is a default SPSS option. Double-clicking the icon will open the book, and the Notes will appear in the output. Double-clicking an **open** book will close it, and the physical element will *disappear* from the output. Closing a book and hiding the element does *not delete* the element.

It is possible to select elements in the right pane of the output. Simply click anywhere inside of the actual output element, and that element will be selected.

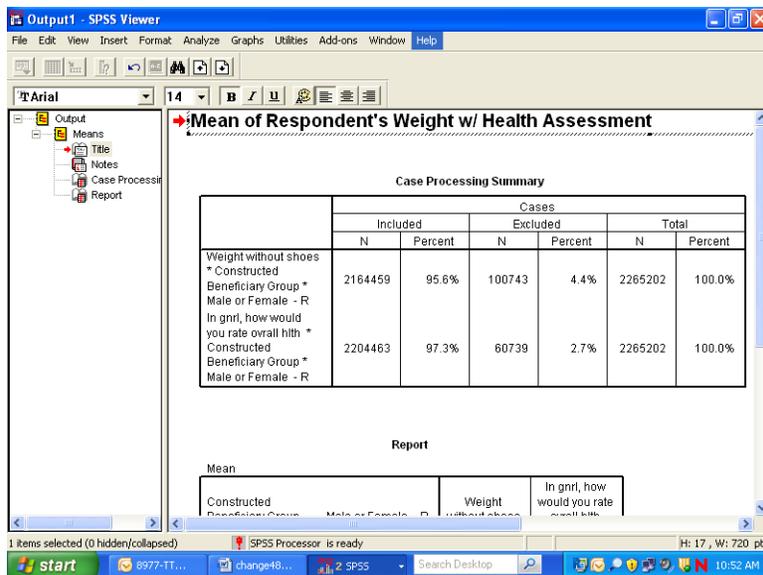

The output may contain many different procedures. The procedure name will be at the top of the list for each section in the left pane. The procedure name does not actually parallel physical output but indicates the category of the output elements.

As you click on each element in the left pane, you will notice that the screen jumps to the actual output of the element, in the right pane. When you click on the procedure name, you jump to the beginning of the next procedure output. This is a quick way to scroll through your output. It also lets you delete, move, and edit selected elements.

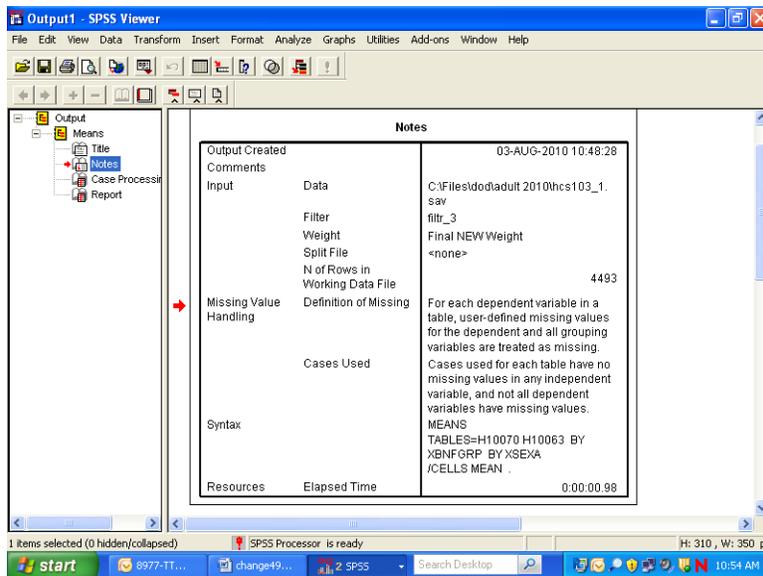

To **Edit** the **Title** element, **Means**, to create a more appropriate title, select the table title by clicking once on the **Title** icon in the left pane. A box now surrounds the title in the right pane. Double-click anywhere within this box, and a box appears around **Means**, as shown in the following screen.

You have entered the **edit** mode for this element, and the cursor appears inside the box. You can delete the word **Means** and write a title that relates to the information in the table. A possible title appears in the next screen. To exit edit mode, click anywhere outside the box. The change you made will be saved.

If you navigate to the next element, **Notes**, you see a closed book. Double-click this item, and the notes will appear as follows:

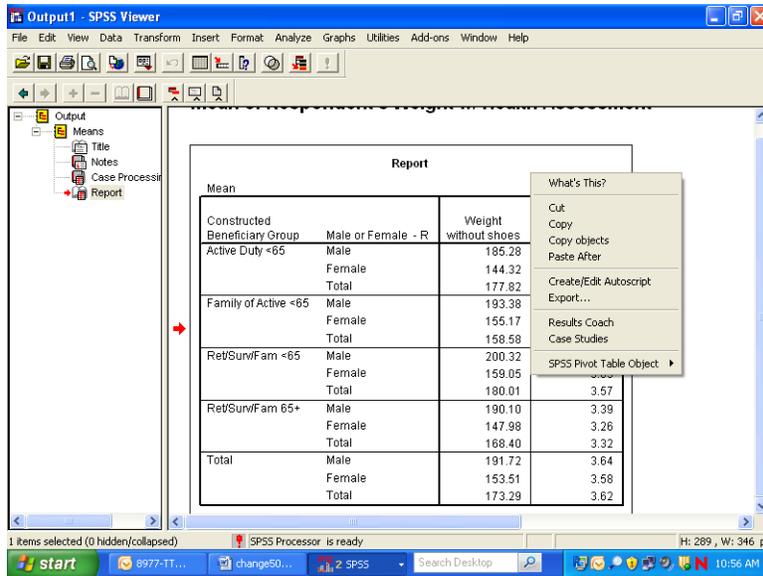

Decide if you want this information to appear in your report. If not, simply double-click the **Notes** icon, and the notes will again become hidden.

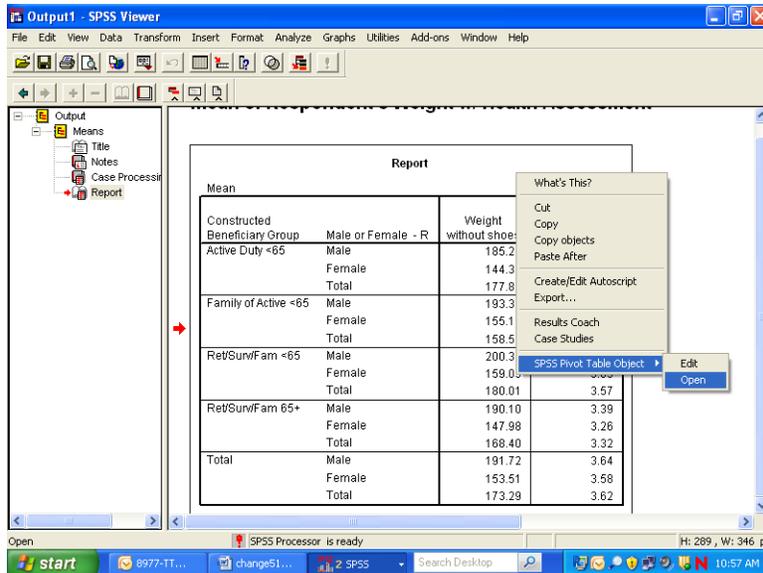

Navigate to **Case Processing Summary**. The table gives useful information about the number of cases included in and the number of cases excluded from a given procedure. This information is important for the researcher but probably not necessary for the report, so you would double click this item to hide it.

Navigate to **Report** to see the actual table output from the procedure **Means**. You can view this table by scrolling through the output. If the table is large, however, scrolling in the output window can be problematic. A better way to review the table is to open it as a **Pivot Table Object** in a special editor.

Select the table by clicking the **Report** icon or by clicking inside the table itself. A box will appear around the table. Insert the mouse pointer inside the table and right-click, opening the following dialog box:

Select **SPSS Pivot Table Object** and **Open** as pictured below:

The table will appear in a new screen superimposed on the output. Maximize this screen as shown below.

SPSS Pivot Table - table1

Report

Statistics Mean

Constructed Beneficiary Group	Male or Female - R	Weight without shoes	In gnrl, how would you rate overall hlth
Active Duty <65	Male	185.28	3.90
	Female	144.32	3.88
	Total	177.82	3.90
Family of Active <65	Male	193.38	4.00
	Female	155.17	3.77
	Total	158.58	3.79
RetSun/Fam <65	Male	200.32	3.51
	Female	159.05	3.63
	Total	180.01	3.57
RetSun/Fam 65+	Male	190.10	3.39
	Female	147.98	3.26
	Total	168.40	3.32
Total	Male	191.72	3.64
	Female	153.51	3.58
	Total	173.29	3.62

In this special editor, there are many options for formatting the table.

Suppose you want to change the table format from vertical to horizontal. Open the **Pivot** menu in the tool bar and choose **Transpose Rows and Columns** as shown below:

SPSS Pivot Table - table1

File Edit View Insert Pivot Format Help

Bookmarks

Statistics Mean

- Transpose Rows and Columns
- Move Layers to Rows
- Move Layers to Columns
- Reset Pivots to Defaults
- Pivoting Trays
- Go to Layer...

Constructed Beneficiary Group	Male or Female - R	Weight without shoes	In gnrl, how would you rate overall hlth
Active Duty <65	Male	185.28	3.90
	Female	144.32	3.88
	Total	177.82	3.90
Family of Active <65	Male	193.38	4.00
	Female	155.17	3.77
	Total	158.58	3.79
RetSun/Fam <65	Male	200.32	3.51
	Female	159.05	3.63
	Total	180.01	3.57
RetSun/Fam 65+	Male	190.10	3.39
	Female	147.98	3.26
	Total	168.40	3.32
Total	Male	191.72	3.64
	Female	153.51	3.58
	Total	173.29	3.62

The rows and columns will be reversed as shown in the following screen. Though the table appears too wide in the viewer, it will fit the page when printed. You can do all the table editing in the left section of the table, and the changes will spread through the entire table.

Statistics	Report									
	Constructed Beneficiary Group									
	Active Duty <65			Family of Active <65			Ret/SurvFam <65			R
	Male or Female - R			Male or Female - R			Male or Female - R			Mal
	Male	Female	Total	Male	Female	Total	Male	Female	Total	M:
Weight without shoes	185.28	144.32	177.82	193.38	155.17	158.58	200.32	159.05	180.01	1
In gntl, how would you rate overall hith	3.90	3.88	3.90	4.00	3.77	3.79	3.51	3.63	3.57	

You would then notice that certain labels are redundant. The labels, **Constructed Beneficiary Group** and **Male or Female - R** are the **Variable Labels** for the variables. The information in these labels is echoed in the **Value Labels**, which are also reproduced in the table. You would delete the Variable Labels as follows.

Click inside the section of the table where the label, **Constructed Beneficiary Group**, appears. Right-click to open a dialog box, choosing **Hide Dimension Label**, as illustrated below.

Statistics	Report									
	Constructed Beneficiary Group									
	Active Duty <65			Family of Active <65			Ret/SurvFam <65			R
	Male or Female - R			Male or Female - R			Male or Female - R			Mal
	Male	Female	Total	Male	Female	Total	Male	Female	Total	M:
Weight without shoes	185.28	144.32	177.82	193.38	155.17	158.58	200.32	159.05	180.01	1
In gntl, how would you rate overall hith	3.90	3.88	3.90	4.00	3.77	3.79	3.51	3.63	3.57	

Click inside the table section labeled **Male or Female - R** and repeat the above procedure. An improved table is shown in the following screen.

Report										
Statistics	Mean									
	Active Duty <65			Family of Active <65			RetSurvFam <65			R
	Male	Female	Total	Male	Female	Total	Male	Female	Total	M
Weight without shoes	185.28	144.32	177.82	193.38	155.17	158.58	200.32	159.05	180.01	1
In gnt, how would you rate overall hith	3.90	3.88	3.90	4.00	3.77	3.79	3.51	3.63	3.57	

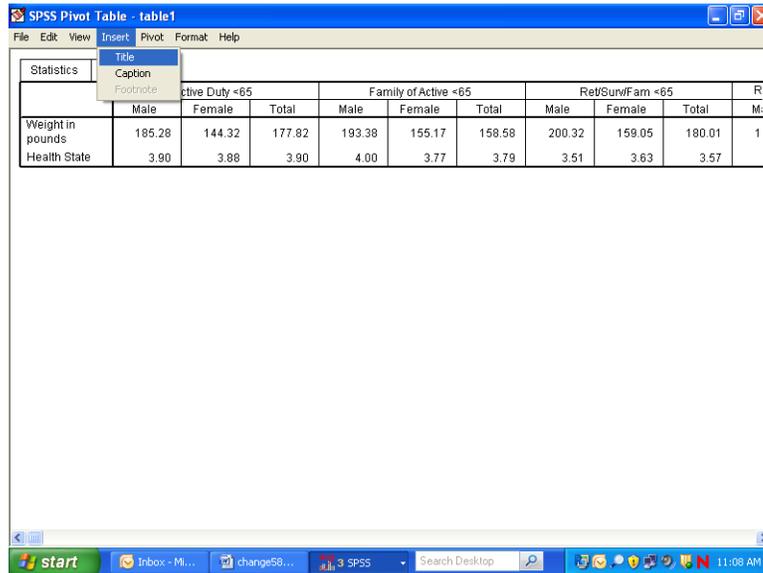

The mean values reported are formatted to allow space for the labels of the satisfaction variables. The spaces between the values are not pleasing to the eye. You can shorten these labels and add the lost information in another place, according to the following procedures:

Double-click on the label for health state. Delete the text, entering only the words, **Health State**. Do the same for the health care label, entering only the words, **Weight in pounds**.

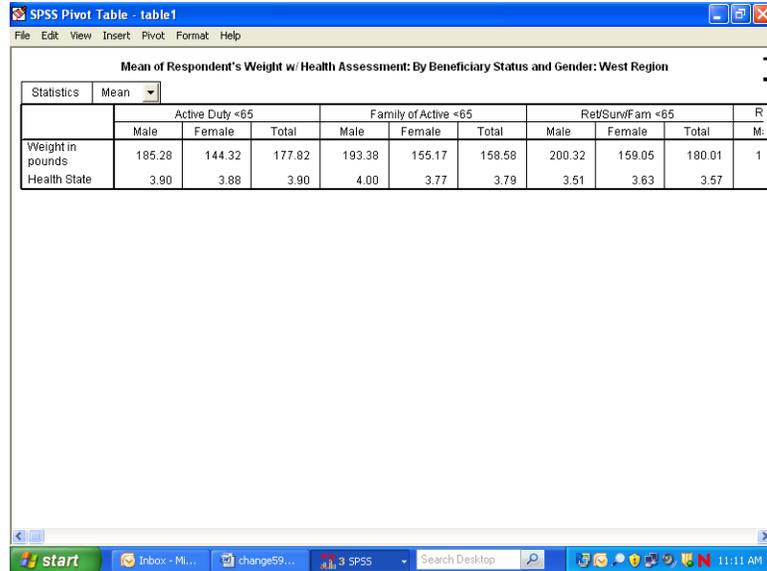

Double-click on the word, **Report**, in the center at the top of the table, right-click, and choose **Delete** from the dialog box.

Report										
Statistics	Mean									
	Active Duty <65			Family of Active <65			RetSurvFam <65			R
	Male	Female	Total	Male	Female	Total	Male	Female	Total	M
Weight in pounds	185.28	144.32	177.82	193.38	155.17	158.58	200.32	159.05	180.01	1
Health State	3.90	3.88	3.90	4.00	3.77	3.79	3.51	3.63	3.57	

The resulting table is much more readable. You can then add the deleted information to clarify the table output. Open the **Insert** menu and choose **Title** as in the following:

Type in a new title for the table. The final result appears below.

After all the editing changes have been made, exit the Pivot Table editor and return to the output navigator. Click on the File menu and choose Print Preview. Zoom in on the page and review the appearance of the report. The page will appear as the page below.

The screenshot shows the SPSS Viewer window with three tables of mean data for West Region beneficiaries. The first table is for Active Duty <65 and Family of Active <65. The second table is for Ret/Sun/Fam <65. The third table is partially visible at the bottom.

	Active Duty <65			Family of Active <65		
	Male	Female	Total	Male	Female	Total
Weight in pounds	185.28	144.32	177.82	193.38	155.17	158.58
Health State	3.90	3.88	3.90	4.00	3.77	3.79

	Ret/Sun/Fam <65		
	Male	Female	Total
Weight in pounds	200.32	159.05	180.01
Health State	3.51	3.63	3.57

Calculating Percents

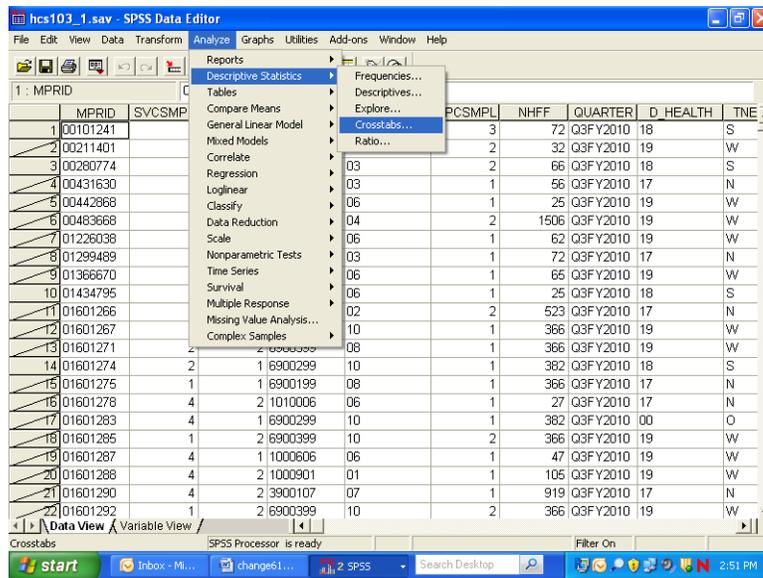

The **Crosstabs** procedure offers many options for analyzing data. The distribution of cases resulting from “crossing” one variable with another is often of interest. The number of cases, row percentages, column percentages, total percentages, and residuals are easily reproduced by **Crosstabs**. A full array of statistics is also available.

The examples given here involve examining relationships between variables, with a view toward the number of cases and the percent of cases in cells produced by “crossing” the variables.

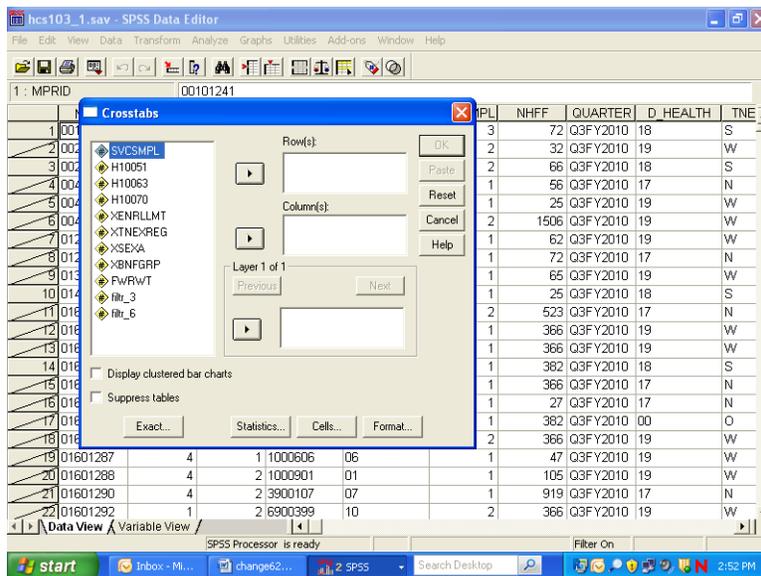

For example, suppose you want to see the percentage of people within each branch of service answered “yes” or “no” to the question, “Did you ever smoke at least 100 cigarettes in your life?” The variables in this analysis are **svcsmpl** – the branch of service, and **H10051** – the questionnaire variable. The cases for the analysis are from the South only.

The first task is to build a new filter variable, assigning **1** to the variable when **XTNEXREG = 2**. You would call the variable **filtr_6** and build it the same way you built the filter, **filtr_3**. Cases from the South are selected when you activate the filter, and the other cases are filtered out. Check the status line for **Filter On**.

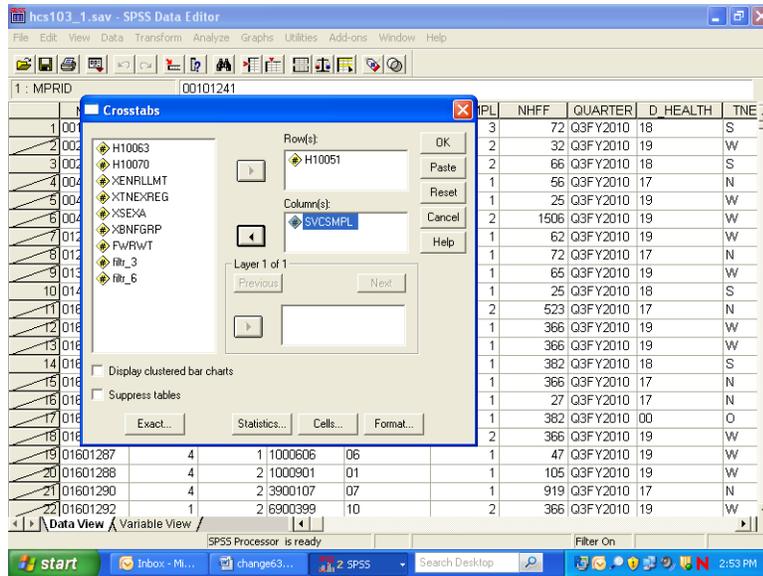

Next, open the **Analyze** menu in the **Data Window**, choosing **Descriptive Statistics** and **Crosstabs**, as shown below.

The Crosstabs dialog box will open as follows:

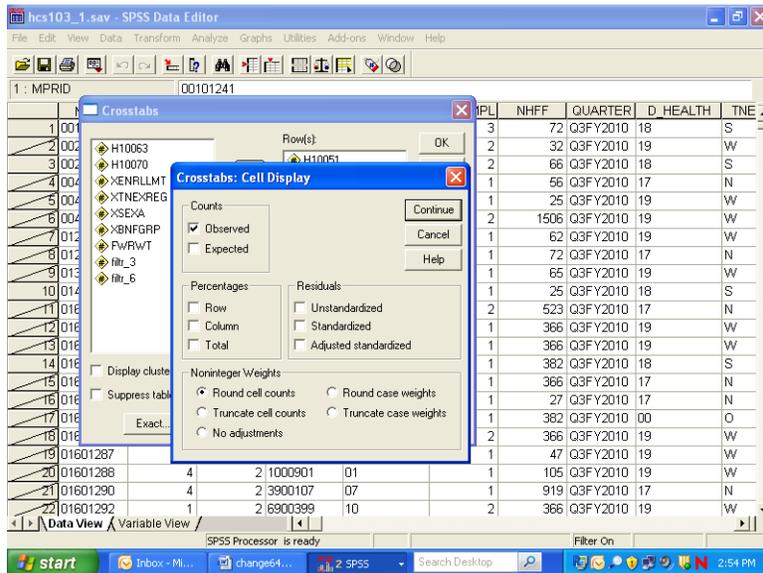

Move **H10051** from the variable list on the left into the box marked **Row(s)**;, and move the variable **svcsmpl** into the box marked **Column(s)**;. The screen will resemble the following:

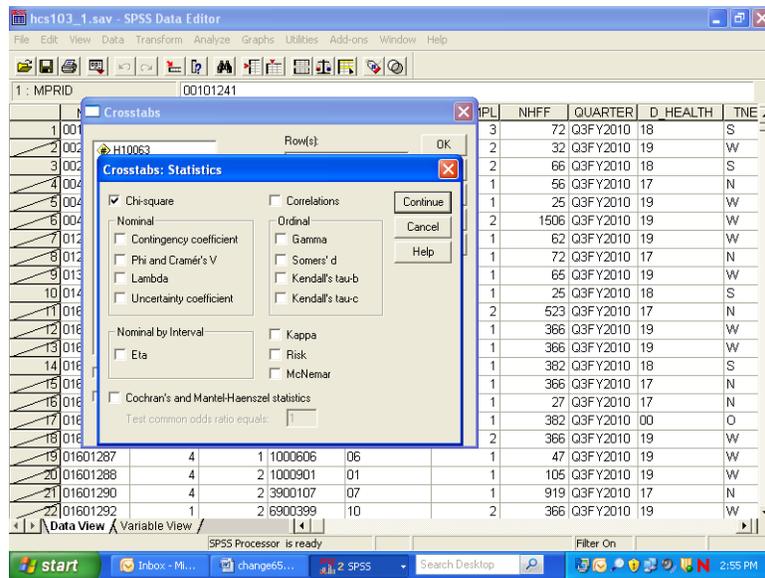

For this analysis, there are no **Layer** variables, so you can proceed to format the table cells.

Click on **Cells...** and open the following dialog box.

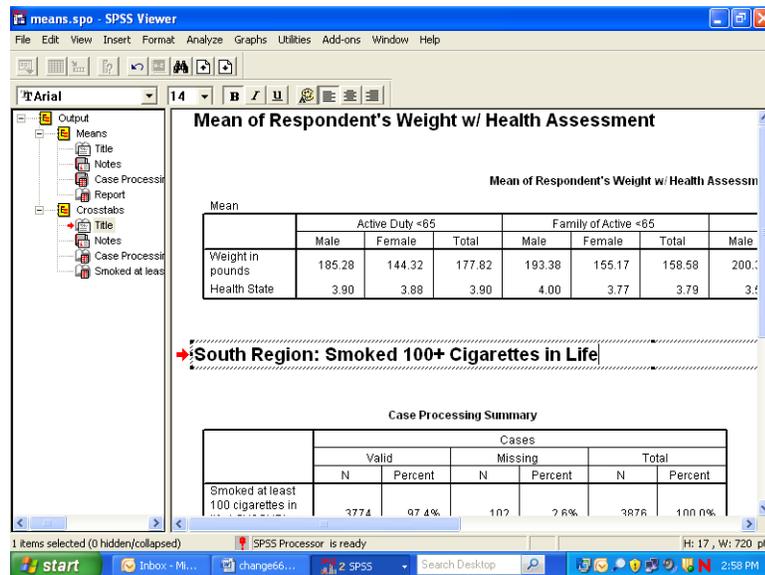

Under **Counts**, **Observed** is checked. This refers to the cell count, a statistic you want to see, so you would leave it checked. Under **Percentages**, check **Column** because you are interested in the percentage of people in each branch of service. Click **Continue** and return to the original screen.

Suppose you also want to see the chi-square statistic. Click on **Statistics**, and the following screen will open:

If you wanted to calculate chi-square, you would check **Chi-square** as in the screen above, click **Continue** to return to the first screen, and click **OK** to run the procedure. **Running Crosstabs** will appear on the status line, together with the case counter. For this crosstabulation we will not reflect the chi-square statistics.

When the run is completed, the output window will open, and you can proceed to reformat the table. For a given work session, SPSS appends new output to previous output--in our case, the **Means** procedure. As shown in the next screen, a second section now appears in the left pane, headed by the word **Crosstabs**. Navigate to the **Title** section and double-click inside the title box to change the text in the box to fit the table, as in the example below.

As you did for the **Means** procedure, you would again evaluate the **Notes** and examine the **Case Processing Summary**. Hide the **Notes** and the **Case Processing Summary** as you did before.

Navigate to the procedure icon. Follow the procedure for opening an **SPSS Pivot Table Object**, open the table in the special editor and maximize the screen as in the following:

Smoked at least 100 cigarettes in life * SVCSMPL - Branch of Service Crosstabulation

			SVCSMPL - Branch of Service					
			Army	Navy	Marine Corps	Air Force	Coast Guard	Other/Unknown
Smoked at least 100 cigarettes in life	Yes	Count	504	251	73	580	39	
		% within SVCSMPL - Branch of Service	40.5%	41.4%	45.1%	35.1%	42.4%	14.3%
	No	Count	741	356	89	1074	53	
		% within SVCSMPL - Branch of Service	59.5%	58.6%	54.9%	64.9%	57.6%	85.7%
Total		Count	1245	607	162	1654	92	
		% within SVCSMPL - Branch of Service	100.0%	100.0%	100.0%	100.0%	100.0%	100.0%

The information you requested is in the table, but the table is hard to read. The first possibility is to realign the percent statistic, bringing it into the row dimension. To do this, open the **Pivot** menu and choose **Pivoting Trays**, as in the following screen:

Smoked at least 100 cigarettes in life * SVCSMPL - Branch of Service Crosstabulation

			SVCSMPL - Branch of Service					
			Army	Navy	Marine Corps	Air Force	Coast Guard	Other/Unknown
Smoked at least 100 cigarettes in life	Yes	Count	504	251	73	580	39	
		% within SVCSMPL - Branch of Service	40.5%	41.4%	45.1%	35.1%	42.4%	14.3%
	No	Count	741	356	89	1074	53	
		% within SVCSMPL - Branch of Service	59.5%	58.6%	54.9%	64.9%	57.6%	85.7%
Total		Count	1245	607	162	1654	92	
		% within SVCSMPL - Branch of Service	100.0%	100.0%	100.0%	100.0%	100.0%	100.0%

The pivoting tool will appear:

Smoked at least 100 cigarettes in life * SVCSMPL - Branch of Service Crosstabulation

			SVCSMPL - Branch of Service					
			Army	Navy	Marine Corps	Air Force	Coast Guard	Other/Unknown
Smoked at least 100 cigarettes in life	Yes	Count	504	251	73	580	39	
		% within SVCSMPL - Branch of Service	40.5%	41.4%	45.1%	35.1%	42.4%	14.0%
	No	Count	741	356	89	1074	53	
		% within SVCSMPL - Branch of Service	59.5%	58.6%	54.9%	64.9%	57.6%	85.0%
Total		Count	1245	607	162	1654	92	
		% within SVCSMPL - Branch of Service	100.0%	100.0%	100.0%	100.0%	100.0%	100.0%

Pivoting Trays2

This tool reflects the table structure: rows, columns, and layers. The icons in the margins of the pivoting trays represent the table elements: the variables and the cell statistics. Place the mouse pointer on each icon and notice the element name appear. In this example, on the ROW axis, you would find the variable, **H10051** – smoked at least 100 cigarett in life, and **Statistics** – the percent of people in each branch of service. On the column axis is the variable, **svcsmpl** – the branch of service.

Place the mouse pointer on the **Statistics** icon. Click and drag the icon from the ROW to the COLUMN dimension. The table immediately reformats as in the following screen:

Smoked at least 100 cigarettes in life * SVCSMPL - Branch of Service Crosstabulation

			SVCSMPL - Branch of Service					
			Army		Navy		Marine Corps	
			Count	% within SVCSMPL - Branch of Service	Count	% within SVCSMPL - Branch of Service	Count	% within SVCSMPL - Branch of Service
Smoked at least 100 cigarettes in life	Yes		504	40.5%	251	41.4%	73	45.1%
	No		741	59.5%	356	58.6%	89	54.9%
Total			1245	100.0%	607	100.0%	162	100.0%

Pivoting Trays2

Close the pivoting tool and scroll from side to side in the table. Again, the table appears too wide, but the report will print properly. Notice that the table is much more readable.

The label at the top of the table is the **Variable Label** for **svcsmpl**. Select it by double-clicking and edit it for clarity (see the screen below).

The table is now formatted to accommodate the long percent label, creating a lot of wasted space. Double-click this element, delete the text, and replace it with the word, “Percent”. The empty space disappears and the table appears as follows:

Smoked at least 100 cigarettes in life ' SVCSMPL - Branch of Service Crosstabulation

		Branch of Service					
		Army		Navy		Marine Corps	
		Count	Percent	Count	Percent	Count	Percent
Smoked at least 100 cigarettes in life	Yes	504	40.5%	251	41.4%	73	45.1%
	No	741	59.5%	356	58.6%	89	54.9%
Total		1245	100.0%	607	100.0%	162	100.0%

Next, notice that the label for **H10051** is awkward. Select and clear it.

Last, edit the text in the table label so that it better expresses the content of the table. The finished table appears as follows:

Smoked At Least 100 Cigarettes in Life: By Branch of Service

		Branch of Service							
		Army		Navy		Marine Corps		Air Force	
		Count	Percent	Count	Percent	Count	Percent	Count	Percent
Yes		504	40.5%	251	41.4%	73	45.1%	580	
No		741	59.5%	356	58.6%	89	54.9%	1074	
Total		1245	100.0%	607	100.0%	162	100.0%	1654	

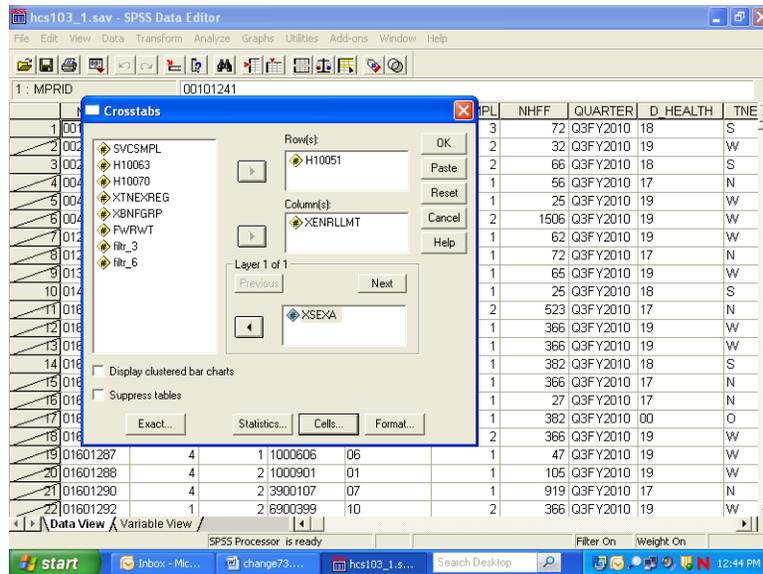

Check **Print Preview** to see if the table is acceptable.

The last example shows you how to add a **Layer** dimension to a **Crosstabs** analysis. Using the same row variable, **H10051**, suppose you want to look at the percentage of people by their enrollment status

in TRICARE Prime, **xenrlimt**, who smoked at least 100 cigarettes in their lifetime. Suppose you are also interested in sex differences, **xsexa**, among the groupings. **Xsexa** is the **Layer** variable. You want to remain in the South region, using **filtr_6** as the filter variable. The cases will be weighted by **FWRWT**.

The status line indicates **Weight On** and **Filter On**. Verify that both the weight and the filter variables are appropriate.

Once more, open the **Crosstabs** dialog box, enter the analysis variables, and set the **Cells** options, checking **Column** under **Percentages** until the dialog box looks like the following:

Do the following:

- Run Crosstabs.
- Edit the **Title** element in the **Output Navigator**.
- Examine **Notes** and the **Case Processing Summary** to verify that the crosstab ran as expected.
- Open the table as an **SPSS Pivot Table Object**, and the following will appear:

SPSS Pivot Table - table4

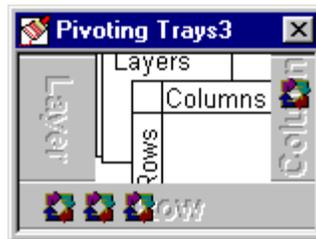

File Edit View Insert Pivot Format Help

Smoked at least 100 cigarettes in life ' Enrollment in TRICARE Prime ' Male or Female - R
Crosstabulation

				Enrollment in TRICARE Prime			
				Active Duty - under 65	Enrolled - under 65	Not enrolled - under 65	Not enrolled - 65 or over
Male	Smoked at least 100 cigarettes in life	Yes	Count % within Enrollment in TRICARE Prime	138187 41.6%	128029 49.7%	122566 57.2%	231152 73.2%
		No	Count % within Enrollment in TRICARE Prime	193887 58.4%	129827 50.3%	91883 42.8%	84758 26.8%
	Total		Count % within Enrollment in TRICARE Prime	332074 100.0%	257856 100.0%	214449 100.0%	315910 100.0%
Female	Smoked at least 100 cigarettes in life	Yes	Count % within Enrollment in TRICARE Prime	20467 24.8%	169888 34.6%	96582 37.2%	136046 41.1%
		No	Count % within Enrollment in TRICARE Prime	62102 75.2%	320640 65.4%	162984 62.8%	195122 58.9%
	Total		Count % within Enrollment in TRICARE Prime	82569 100.0%	490528 100.0%	259566 100.0%	331168 100.0%

The table is difficult to read, but you can improve it by doing the following.

Select the **Pivot** menu to activate the **Pivoting Trays**. The table structure is reproduced in the tool as follows:

Place the mouse pointer on each small icon to find the second grouping variable, labeled **Male or Female - R**, in the ROW dimension. Move it to the COLUMN dimension, and the table changes to the following:

Smoked at least 100 cigarettes in life ' Enrollment in TRICARE Prime ' Male or Female - R Crosstabulation

			Enrollment in TRICARE Prime					
			Active Duty - under 65		Enrolled - under 65		Not enrolled - under 65	
			Male or Female - R		Male or Female - R		Male or Female - R	
			Male	Female	Male	Female	Male	Female
Smoked at least 100 cigarettes in life	Yes	Count	138187	20467	128029	169888	122566	96582
		% within Enrollment in TRICARE Prime	41.6%	24.8%	49.7%	34.6%	57.2%	37.2%
	No	Count	193887	62102	129827	320640	91883	162984
		% within Enrollment in TRICARE Prime	58.4%	75.2%	50.3%	65.4%	42.8%	62.8%
Total		Count	332074	82569	257856	490528	214449	259566
		% within Enrollment in TRICARE Prime	100.0%	100.0%	100.0%	100.0%	100.0%	100.0%

Then drag the **Statistics** icon to the COLUMN dimension to produce the following change:

Smoked at least 100 cigarettes in life ' Enrollment in TRICARE Prime ' Male or Female - R Crosstabulation

			Enrollment in TRICARE Prime					
			Active Duty - under 65			Enrolled - under 65		
			Male or Female - R			Male or Female - R		
			Male		Female	Male		Female
			Count	% within Enrollment in TRICARE Prime	Count	% within Enrollment in TRICARE Prime	Count	% within Enrollment in TRICARE Prime
Smoked at least 100 cigarettes in life	Yes		138187	41.6%	20467	24.8%	128029	49.7%
	No		193887	58.4%	62102	75.2%	129827	50.3%
Total			332074	100.0%	82569	100.0%	257856	100.0%

Close the **Pivoting Trays** and hide the dimension label, **Male or Female - R**, in the table. Then, change the percent label to "Percent" and delete the label for **H10051** in the row dimension. Last, revise the label above the table to make it more informative.

The resulting table is both clear and informative.

The screenshot shows the SPSS Pivot Table window with the following data:

South Region: Smoked 100+ Cigarettes in Lifetime: Enrollment Status By Gender								
		Enrollment in TRICARE Prime						
		Active Duty - under 65				Enrolled - under 65		
		Male		Female		Male		Female
		Count	Percent	Count	Percent	Count	Percent	Count
Yes		138187	41.6%	20467	24.8%	128029	49.7%	16988
No		193887	58.4%	62102	75.2%	129827	50.3%	32064
Total		332074	100.0%	82569	100.0%	257856	100.0%	49052

The Print Preview, as in the view below, shows how the report will print.

The screenshot shows the SPSS Viewer window displaying a print preview of the pivot table. The table is formatted for printing and includes the following data:

South Region: Smoked 100+ Cigarettes in Lifetime: Enrollment Status By Gender								
		Enrollment in TRICARE Prime						
		Active Duty - under 65				Enrolled - under 65		
		Male		Female		Male		Female
		Count	Percent	Count	Percent	Count	Percent	Count

Total		332074	100.0%	82569	100.0%	257856	100.0%	49052

South Region: Smoked 100+ Cigarettes in Lifetime: Enrollment Status By Gender								
		Enrollment in TRICARE Prime						
		Enrolled - under 65						
		Male		Female		Male		Female
		Count	Percent	Count	Percent	Count	Percent	Count
Yes		128029	49.7%	169888	34.6%			
No		129827	50.3%	320640	65.4%			
Total		257856	100.0%	490528	100.0%			

CALCULATING VARIANCES OF ESTIMATES

Sampling error occurs when estimates are derived from a sample rather than a complete census of the population. The sample used for a particular survey is only one of a large number of possible samples of the same size and design that could have been selected. Even if the same questionnaire and instructions were used, the estimates from each sample would differ from the others. The standard error (or square root of the variance) indicates the magnitude of the sampling error and thus measures the precision expected from a particular sample.

It is desirable to assess the accuracy of an estimate. The standard error of a survey estimate measures the precision with which an estimate from one sample approximates the true population value. The standard error can be used to construct confidence intervals for survey parameters, within which the true parameter lies within a measurable degree of certainty.

This section explains how to estimate standard errors or variances for estimators computed from the Quarter III, 2010 Adult HCSDb. For a full discussion of variance estimation methods, see Wolter (1985) and references cited therein.

Variance Estimation Methods

To account for complex estimators for the sample design¹, it is customary to use either Taylor series linearization or a resampling method for variance estimation. Neither variance estimation method is, in general, better so the choice of one or the other is largely a matter of convenience. To help users to estimate standard errors using Taylor series linearization or Jackknife replication, the public release files for the Quarter III, 2010 Adult HCSDb include the following variables:

- The stratum variable (STRATUM) for the Taylor series linearization method
- Quarterly final weight (FWRWT)
- Quarterly jackknife replicate weights (FWRWT01 to FWRWT60)

Three popular software packages are available for performing Taylor series linearization method: SAS/STAT[®] version 8.0 or higher, SUDAAN[™] (Research Triangle Institute, 2001) and WesVarPC (Brick et al. 1996), respectively. The last two software packages can be used for replication methods including Jackknife variance estimation. The discussion below explains how SUDAAN and SAS are used to calculate variance estimates using Taylor series linearization method, and how SUDAAN and WesVarPC are used to calculate variance estimates using Jackknife replication method.

Taylor Series Linearization Method

For most sample designs (including the Quarter III, 2010 Adult HCSDb), design-based variance estimates for linear estimators of totals or means can be obtained with explicit formulas. However, nonlinear functions such as ratios do not have exact expressions for the variance. The Taylor series linearization method approximates the variance of a nonlinear estimator with the variances of the linear terms from the Taylor series expansion. Woodruff (1971) presented applications of this technique to sample surveys. Details on this method can also be found in “The 2010 Health Care Survey of DoD Beneficiaries: Adult Technical Manual”.

To calculate variance estimates based on the Taylor series linearization method with HCSDb's stratified sampling design, both the stratum variable (STRATUM) and the final weight (FWRWT) specified for each data record are needed.

¹The 2010 HCSDb uses a stratified sampling design. For details, see “Health Care Survey of DoD Beneficiaries: 2010 Adult Sampling Report.” Washington, DC: Mathematica Policy Research, August 2009.

SUDAAN

SUDAAN incorporates the final analysis weight and the survey design to obtain estimates and their sampling errors. With a small overall sampling rate of about 1 percent, you can use the with-replacement design procedure (STRWR) in calculating standard errors.

All SUDAAN procedures require the following:

- The specification of sampling design. The terminology for the stratified with-replacement sample design is DESIGN = STRWR.
- The data file sorted by the variable specified in the NEST statement. For the Quarter III, 2010 Adult HCSDDB, the data file for adults must be sorted by STRATUM before using any SUDAAN procedure.
- A FILE TYPE appropriate for SUDAAN, if you use a stand-alone SUDAAN program. For example, some SUDAAN PC versions under Windows or MS-DOS accept only V6.02 through V6.04 SAS files, and FILE TYPE must be specified as SAS. SAS-callable SUDAAN is also available and can be invoked directly in a SAS program with any available SAS file as input; FILE TYPE is not needed here.
- The WEIGHT variable is FWRWT.

The following program is an example of how to use SUDAAN to calculate variance estimates for a mean statistic. Suppose you want to estimate:

- The rating of a specialist (H10031), among all beneficiaries who smoked at least 100 cigarettes in their lifetime (H10051=1) for each TNEX region (XTNEXREG)

```
PROC DESCRIPT DATA=HCSDDB /*FILETYPE=SAS*/ DESIGN=STRWR;  
WEIGHT          FWRWT;  
NEST            STRATUM;  
SUBPOPN        H10051=1;  
SUBGROUP       XTNEXREG;  
LEVELS         4;  
VAR             H10031;  
RUN;
```

The following program is an example of how to use SUDAAN to calculate variance estimates for column percentages or row percentages. Suppose you want to estimate:

- A cross tabulation of respondents in TNEX region 3 who last had a blood pressure reading less than 12 months ago, 1 to 2 years ago, and more than 2 years ago (H10048) by TRICARE enrollment (XENRLLMT).

```
PROC CROSSTAB DATA=HCSDDB /*FILETYPE=SAS*/ DESIGN=STRWR;  
WEIGHT          FWRWT;  
NEST            STRATUM;  
SUBPOPN        XTNEXREG = 3;  
SUBGROUP       H10048 XENRLLMT;  
LEVELS         3 5;  
TABLES         H10048 *XENRLLMT;  
RUN;
```

From the above examples, users should note that:

- PROC DESCRIPT can be used to compute estimates of means and the corresponding standard errors.
- PROC CROSSTAB can be used to compute estimates of proportions and the corresponding standard errors.

For a more detailed and complete discussion of how to use SUDAAN, see Research Triangle Institute (2001).

SAS

SAS/STAT version 8.0 and higher provide procedures for survey sampling. These procedures can be used to analyze data from a stratified random sampling. These procedures include:

- PROC SURVEYMEANS: for estimating population means, totals, and proportions, including domain (subpopulation) estimates
- PROC SURVEYREG: for performing linear regression model fitting.

The following procedures were added to SAS/STAT version 9.0:

- PROC SURVEYFREQ: for constructing one-way frequency tables, two-way and multiway crosstabulation tables, and estimating population totals and proportions
- PROC SURVEYLOGISTIC: for performing cumulative logit regression model fitting, logit, complementary log-log, and probit link functions, and generalized logit regression model fitting.

The above procedures currently provide only the Taylor series linearization method to estimate standard error or variance of the estimate.

The following program is an example of how to use SAS/STAT to calculate variance estimates for a mean statistic. Suppose you want to estimate:

- The rating of a specialist (H10031), among all beneficiaries who smoked at least 100 cigarettes in their lifetime (H10051=1) for each TNEX region (XTNEXREG)

```
PROC SURVEYMEANS DATA=HCSDB;  
WEIGHT          FWRWT;  
STRATA          STRATUM;  
DOMAIN          H10051 * XTNEXREG;  
VAR             H10031;  
RUN;
```

The above codes will provide output for H10051=1 and 2. User only needs to use output from H10051=1.

The following program is an example of how to use SAS/STAT to calculate variance estimates for column percentages or row percentages. Suppose you want to estimate:

- A cross tabulation of respondents in each TNEX region who last had a blood pressure reading less than 12 months ago, 1 to 2 years ago, and more than 2 years ago (H10048) by TRICARE enrollment (XENRLLMT).

```
PROC SURVEYFREQ DATA=HCSDB;  
WEIGHT          FWRWT;
```

```
STRATA          STRATUM;  
TABLES          XTNEXREG * H10048 * XENRLMT;  
RUN;
```

For a more detailed and complete discussion of how to use SAS/STAT, see SAS Institute Inc. (1999).

Jackknife Replication Method

Another popular way to estimate the variance is to use a resampling method such as Jackknife replication, balanced repeated replication, random groups, or the bootstrap method. Like other replication methods, Jackknife replication constructs a number of subsamples (replicates) from the full sample and computes the statistics of interest for each replicate (with the same formula as the full sample estimate). The mean square error of the replicate estimates around their corresponding full estimate provides an estimate of the sampling variance of the statistic of interest regardless of the functional form of the statistic.

There are 60 replicate weights (FWRWT01-FWRWT60) for the Quarter III, 2010 Adult HCSDb file. Construction of these weights is described in the “2010 Health Care Survey of DoD Beneficiaries: Adult Technical Manual”. With the replicate weights, you can produce Jackknife standard errors using in-house or custom written software, or you can use a publicly available software package such as WesVarPC or SUDAAN 7.5. Because WesVarPC 2.02 is available as freeware on the World Wide Web (<http://www.westat.com/wesvar/demo/index.html>), the following example explains how it is used to produce Jackknife variance estimates for statistics from the Quarter III, 2010 Adult HCSDb.

Suppose you want to estimate the mean rating of specialists (H10031) among all beneficiaries who smoked at least 100 cigarettes in their lifetime (H10051=1) for each region (XTNEXREG). You would use SUDAAN or WesVarPc as follows.

SUDAAN

```
PROC DESCRIPT DATA=HCSDb DESIGN=JACKKNIFE;  
WEIGHT      FWRWT ;  
JACKWGTS    FWRWT1-FWRWT60 / ADJJACK=1 ;  
SUBPOPN     H10051=1;  
SUBGROUP    XTNEXREG;  
LEVELS      4;  
VAR         H10031 ;  
OUTPUT      NSUM MEAN SEMEAN / TABLECELL=DEFAULT FILENAME=OUT1 ;  
RUN;
```

WESVARPC

- **Create a SAS V6.04 file, SAS Transport file, or ASCII file.** WesVarPC has a restriction for the input data format. All files must be converted to one of these three types of files before being imported to WesVarPC.
- **Create a WesVarPC data file.** From the *Prep* menu, choose the *Import Data Files* screen and import all variables for the analysis. For this example, input H10051, H10031, and XTNEXREG into the *Variables* box, FWRWT1-FWRWT60 into the *Replicates* box, and MPRID into the *ID* box. Also specify the replication method as JK1 on this screen.
- Create a data file for the subpopulation. Specify the subpopulation by choosing the *Subpop WesVarPC Data File* from the *Prep* menu: H10051=1.

- **Calculate estimates.** From the *Tables* menu, choose **New** and select the file created from the above procedure. Then, from the *Table Request* screen, specify H10031 as the **Analysis** variable, MEAN (H10031) as the **Compute Statistics**, and XTNEXREG as the **Table**.

The above steps can also be followed to produce standard errors. The WesVarPC user's manual (Brick et al. 1996) provides other possible methods for producing standard errors. The latest WesVarPC 4.0 is no longer freeware and can be purchased from Westat.

Codebook

This chapter describes every variable in the database. This codebook will also be helpful in identifying which data are available for various analyses, and what, if any, recoding of variables will meet your needs. It may also be useful in reviewing output.

The variables are in order based on their order in the database. An alphabetical listing (see Table of Contents) is provided to assist in locating variables.

The codebook contains frequency distributions for both discrete and continuous variables. A discrete variable is one that has only a few values. A continuous variable may have many possible values.

Below are two examples of the presentation of variables in the codebook. For each variable, we include the variable name, definition, weighted and unweighted frequency distributions, and the format value for each value. The first example contains a frequency distribution for a discrete variable.

H10005 - In last year: facility used most for health care					
Value	Unweighted		Weighted		Formatted Value
	Count	Percent	Count	Percent	
.	57	0.43	32539.41	0.44	Did not answer
1	7488	56.00	2574131.00	34.63	A military facility
2	4863	36.37	4120084.00	55.42	A civilian facility
3	52	0.39	54473.95	0.73	Uniformed Services Fam Health Plan facil
4	383	2.86	339918.70	4.57	Veterans Affairs (VA) clinic or hospital
5	528	3.95	312510.20	4.20	Went to none of listed types of facility

The table below contains an example of a frequency distribution for a continuous variable: age. The frequency does not list every possible value of age individually but instead shows several age ranges that together cover all possible values of age. You will notice that the second to last range representing ages “75 years to 85” includes 292 respondents aged 75 to 85.

RDAGEQY - Age at time of data collection-Capped(18 and below, 86 and above)					
Value	Unweighted		Weighted		Formatted Value
	Count	Percent	Count	Percent	
18	158	1.18	123605.10	1.66	18 and younger
19 -- 34	4583	34.28	2300585.00	30.95	19--34
35 -- 44	2819	21.08	895570.30	12.05	35--44
45 -- 54	2445	18.29	851457.90	11.45	45--54
55 -- 64	2538	18.98	1356165.00	18.24	55--64
65 -- 74	469	3.51	1074866.00	14.46	65--74
75 -- 85	292	2.18	677910.90	9.12	75--85
86	67	0.50	153496.40	2.06	86 and older

MPRID - Unique MPR identifier					
Value	Unweighted Count	Percent	Weighted Count	Percent	Formatted Value
00101241 -- 13483797	13371	100.00	7433657.00	100.00	00000001--99999999

SVCSMPL - Branch of service sampling variable					
Value	Unweighted Count	Percent	Weighted Count	Percent	Formatted Value
1	4130	30.89	2988041.00	40.20	Army
2	3010	22.51	1658534.00	22.31	Navy
3	896	6.70	563596.20	7.58	Marine Corps
4	4894	36.60	2024947.00	27.24	Air Force

APPENDIX A

ANNOTATED QUESTIONNAIRE – QUARTER III

PAGE IS INTENTIONALLY LEFT BLANK TO ALLOW FOR DOUBLE-SIDED COPYING

Health Care Survey of DoD Beneficiaries

April 2010

PAGE IS INTENTIONALLY LEFT BLANK TO ALLOW FOR DOUBLE-SIDED COPYING

According to the Privacy Act of 1974 (5 U.S.C. §552a), the Department of Defense is required to inform you of the purposes and use of this survey. Please read it carefully.

Authority: 10 U.S.C. §1074 (Medical and Dental Care for Members and Certain Former Members, as amended by National Defense Authorization Act of 1993, Public Law 102-484, §706); 10 U.S.C. §1074f (Medical Tracking System for Members Deployed Overseas); 32 C.F.R. §199.17 (TRICARE Program); 45 C.F.R. Part 160 Subparts A and E of Part 164 (Health Insurance Portability and Accountability Act of 1996, Privacy Rule); DoD 6025.18-R (Department of Defense Health Information Privacy Regulation); DoD 6025.13-R (Military Health System Clinical Quality Assurance Program Regulation); 64 FR 22837 (DHA 08 – Health Affairs Survey Data Base, April 28, 1999); and, E.O. 9397 (as amended, November 20, 2008, for SSN collection).

Purpose: This survey helps health policy makers gauge beneficiary satisfaction with the current military health care system and provides valuable input from beneficiaries that will be used to improve the Military Health System.

Routine Uses: None.

Disclosure: Participation is voluntary. Failure to respond will not result in any penalty to the respondent. However, maximum participation is encouraged so that data will be as complete and representative as possible.

YOUR PRIVACY

Your participation in this survey effort is very important. Your responses are confidential and your participation is voluntary. The number on the back of this survey is ONLY used to let us know if you returned your survey so we don't have to send you reminders.

This is your opportunity to tell officials of your opinions and experiences with the current military health care system. It is also an opportunity to provide feedback and identify areas where improvements are needed.

The survey processing center removes all identifying information before sending the results to the Department of Defense.

Your information is grouped with others and no individual information is shared. Only group statistics will be compiled and reported. No information about you as an individual will be disclosed.

SURVEY INSTRUCTIONS

Answer all the questions by checking the box to the left of your answer. You are sometimes told to skip over some questions in this survey. When this happens you will see an arrow with a note that tells you what question to answer next, like this:

- Yes → **Go to Question 42**
- No

Please return the completed questionnaire in the enclosed postage-paid envelope within **seven days**. If the envelope is missing, please send to:

Office of the Assistant Secretary of Defense (Health Affairs)
 TMA/HPAE
 c/o Synovate Survey Processing Center
 PO Box 5030
 Chicago, IL 60680-4138

As an eligible TRICARE beneficiary, please complete this survey even if you did not receive your health care from a military facility.

Please recognize that some specific questions about TRICARE benefits may not apply to you, depending on your entitlement and particular TRICARE program.

This survey is about the health care of the person whose name appears on the cover letter. The questionnaire should be completed by that person. If you are not the addressee, please give this survey to that person.

1. Are you the person whose name appears on the cover letter?

H10001

- 1 Yes → **Go to Question 2**
- 2 No → Please give this questionnaire to the person addressed on the cover letter.

2. By which of the following health plans are you currently covered?

H10002A-H10002R

MARK ALL THAT APPLY.

Military Health Plans

- A TRICARE Prime (including TRICARE Prime Remote and TRICARE Overseas)
- C TRICARE Extra or Standard (CHAMPUS)
- N TRICARE Plus
- O TRICARE for Life
- P TRICARE Supplemental Insurance
- Q TRICARE Reserve Select

Other Health Plans

- F Medicare
- G Federal Employees Health Benefit Program (FEHBP)
- H Medicaid
- I A civilian HMO (such as Kaiser)
- J Other civilian health insurance (such as Blue Cross)
- K Uniformed Services Family Health Plan (USFHP)
- M The Veterans Administration (VA)
- R Government health insurance from a country other than the US
- L Not sure

3. Which health plan did you use for all or most of your health care in the last 12 months?

H10003
See Note 1

MARK ONLY ONE ANSWER.

- 1 TRICARE Prime
- 3 TRICARE Extra or Standard (CHAMPUS)
- 11 TRICARE Plus
- 12 TRICARE Reserve Select
- 4 Medicare (may include TRICARE for Life)
- 5 Federal Employees Health Benefit Program (FEHBP)
- 6 Medicaid
- 7 A civilian HMO (such as Kaiser)
- 8 Other civilian health insurance (such as Blue Cross)
- 9 Uniformed Services Family Health Plan (USFHP)
- 10 The Veterans Administration (VA)
- 13 Government health insurance from a country other than the US
- 5 Not sure
- 6 Did not use any health plan in the last 12 months → [Go to Question 5](#)

For the remainder of this questionnaire, the term health plan refers to the plan you indicated in Question 3.

4. How many months or years in a row have you been in this health plan?

H10004
See Note 1

- 1 Less than 6 months
- 2 6 up to 12 months
- 3 12 up to 24 months
- 4 2 up to 5 years
- 5 5 up to 10 years
- 6 10 or more years

YOUR HEALTH CARE IN THE LAST 12 MONTHS

These questions ask about your own health care. Do not include care you got when you stayed overnight in a hospital. Do not include the times you went for dental care visits.

5. In the last 12 months, where did you go most often for your health care?

H10005

MARK ONLY ONE ANSWER.

- 1 A military facility – This includes: Military clinic, Military hospital, PRIMUS clinic, NAVCARE clinic
- 2 A civilian facility – This includes: Doctor's office, Clinic, Hospital, Civilian TRICARE contractor
- 3 Uniformed Services Family Health Plan facility (USFHP)
- 4 Veterans Affairs (VA) clinic or hospital
- 5 I went to none of the listed types of facilities in the last 12 months

6. In the last 12 months, did you have an illness, injury, or condition that needed care right away in a clinic, emergency room, or doctor's office?

1 <input type="checkbox"/> Yes	H10006	See Note 2
2 <input type="checkbox"/> No	→ Go to Question 9	

7. In the last 12 months, when you needed care right away, how often did you get care as soon as you thought you needed?

H10007
See Note 2

- 1 Never
- 2 Sometimes
- 3 Usually
- 4 Always
- 6 I didn't need care right away for an illness, injury or condition in the last 12 months

8. In the last 12 months, when you needed care right away for an illness, injury, or condition, how long did you usually have to wait between trying to get care and actually seeing a provider?

H10008
See Note 2

- 1 Same day
- 2 1 day
- 3 2 days
- 4 3 days
- 5 4-7 days
- 6 8-14 days
- 7 15 days or longer
- 6 I didn't need care right away for an illness, injury or condition in the last 12 months

9. In the last 12 months, not counting the times you needed health care right away, did you make any appointments for your health care at a doctor's office or clinic?

1 <input type="checkbox"/> Yes	→ Go to Question 12	H10009	See Note 3
2 <input type="checkbox"/> No			

10. In the last 12 months, not counting times you needed care right away, how often did you get an appointment for your health care at a doctor's office or clinic as soon as you thought you needed?

H10010
See Note 3

- 1 Never
- 2 Sometimes
- 3 Usually
- 4 Always
- 6 I had no appointments in the last 12 months

11. In the last 12 months, not counting the times you needed health care right away, how many days did you usually have to wait between making an appointment and actually seeing a provider?

H10011
See Note 3

- 1 Same day
- 2 1 day
- 3 2-3 days
- 4 4-7 days
- 5 8-14 days
- 6 15-30 days
- 7 31 days or longer
- 6 I had no appointments in the last 12 months

12. In the last 12 months, how many times did you go to an emergency room to get care for yourself?

- 1 None
- 2 1
- 3 2
- 4 3
- 5 4
- 6 5 to 9
- 7 10 or more

H10012

13. In the last 12 months (not counting times you went to an emergency room), how many times did you go to a doctor's office or clinic to get health care for yourself?

- 1 None → [Go to Question 19](#)
- 2 1
- 3 2
- 4 3
- 5 4
- 6 5 to 9
- 7 10 or more

H10013

See Note 4

14. In the last 12 months, how often did you and a doctor or other health provider talk about specific things you could do to prevent illness?

- 1 Never
- 2 Sometimes
- 3 Usually
- 4 Always

H10014

See Note 4

15. Choices for your treatment or health care can include choices about medicine, surgery, or other treatment. In the last 12 months, did a doctor or other health provider tell you there was more than one choice for your treatment or health care?

- 1 Yes
- 2 No → [Go to Question 18](#)

H10015

See Notes 4,5

16. In the last 12 months, did a doctor or other health provider talk with you about the pros and cons of each choice for your treatment or health care?

- 1 Definitely yes
- 2 Somewhat yes
- 3 Somewhat no
- 4 Definitely no

H10016

See Notes 4,5

17. In the last 12 months, when there was more than one choice for your treatment or health care, did a doctor or other health provider ask which choice you thought was best for you?

- 1 Definitely yes
- 2 Somewhat yes
- 3 Somewhat no
- 4 Definitely no

H10017

See Notes 4,5

18. Using any number from 0 to 10, where 0 is the worst health care possible and 10 is the best health care possible, what number would you use to rate all your health care in the last 12 months?

- 0 0 Worst health care possible
- 1 1
- 2 2
- 3 3
- 4 4
- 5 5
- 6 6
- 7 7
- 8 8
- 9 9
- 10 10 Best health care possible
- 6 I had no visits in the last 12 months

H10018

See Note 4

19. In the last 12 months, did you have a health problem for which you needed special medical equipment, such as a cane, a wheelchair, or oxygen equipment?

- 1 Yes
- 2 No → [Go to Question 21](#)

S10C09

See Note 5A1

20. In the last 12 months, how much of a problem, if any, was it to get the special medical equipment you needed through your health plan?

- 1 A big problem
- 2 A small problem
- 3 Not a problem
- 6 I didn't need to get any special medical equipment in the last 12 months

S10C10

See Note 5A1

21. In the last 12 months, did you have any health problems that needed special therapy, such as physical, occupational, or speech therapy?

- 1 Yes
- 2 No → [Go to Question 23](#)

S10C11

See Note 5A2

22. In the last 12 months, how much of a problem, if any, was it to get the special therapy you needed through your health plan?

- 1 A big problem
- 2 A small problem
- 3 Not a problem
- 6 I didn't need any special therapy in the last 12 months

S10C12

See Note 5A2

23. Home health care or assistance means home nursing, help with bathing or dressing, and help with basic household tasks.

- 1 Yes
- 2 No → [Go to Question 25](#)

S10C13

See Note 5A3

In the last 12 months, did you need someone to come into your home to give you home health care or assistance?

24. In the last 12 months, how much of a problem, if any, was it to get the home health care you needed through your health plan?
- 1 A big problem S10C14
- 2 A small problem See Note 5A3
- 3 Not a problem
- 6 I didn't need home health care or assistance in the last 12 months

YOUR PERSONAL DOCTOR

25. A personal doctor is the one you would see if you need a checkup, want advice about a health problem, or get sick or hurt. Do you have a personal doctor?

- 1 Yes H10019 See Note 6_q3
- 2 No → Go to Question 42

26. Is this person a general doctor, a specialist doctor, a physician assistant, or a nurse?

- 1 General doctor (Family practice or internal medicine) S10C01
- 2 Specialist doctor See Note 6_q3
- 3 Physician assistant
- 4 Nurse
- 6 I don't have a personal doctor or nurse

27. How many months or years have you been going to your personal doctor or nurse?

- 1 Less than 6 months S10C02 See Note 6_q3
- 2 At least 6 months but less than 1 year
- 3 At least 1 year but less than 2 years
- 4 At least 2 years but less than 5 years
- 5 5 years or more
- 6 I don't have a personal doctor or nurse

28. Do you have a physical or medical condition that seriously interferes with your ability to work, attend school, or manage your day-to-day activities?

- 1 Yes S10C03 See Notes 6_q3, 6A1
- 2 No → Go to Question 30

29. Does your personal doctor or nurse understand how any health problems you have affect your day-to-day life?

- 1 Yes S10C04 See Notes 6_q3, 6A1
- 2 No
- 6 I don't have any health problems or I don't have a personal doctor or nurse

30. In the last 12 months, how many times did you visit your personal doctor to get care for yourself?

- 0 None → Go to Question 40
- 1 1
- 2 2
- 3 3 H10020 See Notes 6_q3,7
- 4 4
- 5 5 to 9
- 6 10 or more

31. In the last 12 months, how often did your personal doctor listen carefully to you?

- 1 Never H10021
- 2 Sometimes See Notes 6_q3,7
- 3 Usually
- 4 Always
- 6 I had no visits in the last 12 months

32. In the last 12 months, how often did your personal doctor explain things in a way that was easy to understand?

- 1 Never H10022
- 2 Sometimes
- 3 Usually See Notes 6_q3,7
- 4 Always
- 6 I had no visits in the last 12 months

33. In the last 12 months, how often did your personal doctor show respect for what you had to say?

- 1 Never H10023
- 2 Sometimes
- 3 Usually See Notes 6_q3,7
- 4 Always
- 6 I had no visits in the last 12 months

34. In the last 12 months, how often did your personal doctor spend enough time with you?

- 1 Never H10024
- 2 Sometimes
- 3 Usually See Notes 6_q3,7
- 4 Always
- 6 I had no visits in the last 12 months

35. In the last 12 months, did you get care from a doctor or other health provider besides your personal doctor?

- 1 Yes H10025 See Notes 6_q3,7 & 8
- 2 No → Go to Question 37

36. In the last 12 months, how often did your personal doctor seem informed and up-to-date about the care you got from these doctors or other health providers?

- 1 Never H10026
- 2 Sometimes
- 3 Usually See Notes 6_q3,7 & 8
- 4 Always

GETTING HEALTH CARE FROM A SPECIALIST

When you answer the next questions, do not include dental visits or care you got when you stayed overnight in a hospital.

37. We want to know how you, your doctors, and other health providers make decisions about your health care.

In the last 12 months, were any decisions made about your health care?

S10C06 See Notes 6_q3, 8B1

- 1 Yes
- 2 No

→ [Go to Question 40](#)

38. In the last 12 months, how often were you involved as much as you wanted in these decisions about your health care?

1 Never S10C07 See Notes 6_q3, 8B1

- 2 Sometimes
- 3 Usually
- 4 Always
- 6 No decisions were made about my health care in the last 12 months

39. In the last 12 months, how often was it easy to get your doctors or other health providers to agree with you on the best way to manage your health conditions or problems?

1 Never S10C08 See Notes 6_q3, 8B1

- 2 Sometimes
- 3 Usually
- 4 Always
- 6 No decisions were made about my health care in the last 12 months

40. Using any number from 0 to 10, where 0 is the worst personal doctor possible and 10 is the best personal doctor possible, what number would you use to rate your personal doctor?

- 0 0 Worst personal doctor possible
- 1 1
- 2 2
- 3 3
- 4 4
- 5 5
- 6 6
- 7 7
- 8 8
- 9 9
- 10 10 Best personal doctor possible
- 6 I don't have a personal doctor

H10027
See Note 6_q3

41. Did you have the same personal doctor or nurse before you joined this health plan?

S10009

- 1 Yes
- 2 No

→ [Go to Question 43](#)

See Notes 6_q3, 8A1

42. Since you joined your health plan, how much of a problem, if any, was it to get a personal doctor or nurse you are happy with?

- 1 A big problem
- 2 A small problem
- 3 Not a problem

S10010
See Note 8A1

43. Specialists are doctors like surgeons, heart doctors, allergy doctors, skin doctors, and other doctors who specialize in one area of health care.

In the last 12 months, did you try to make any appointments to see a specialist?

1 Yes H10028 See Note 9

- 2 No

→ [Go to Question 48](#)

44. In the last 12 months, how often was it easy to get appointments with specialists?

1 Never H10029

2 Sometimes See Note 9

- 3 Usually
- 4 Always
- 6 I didn't need a specialist in the last 12 months

45. How many specialists have you seen in the last 12 months?

0 None → [Go to Question 48](#)

1 1 specialist H10030

2 2

3 3

4 4

5 5 or more specialists

See Notes 9,10_q3

46. In the last 12 months, how many times did you go to specialists for care for yourself?

1 1 S10C05 See Notes 9,10_q3

- 2 2
- 3 3
- 4 4
- 5 5 to 9
- 6 10 or more

47. We want to know your rating of the specialist you saw most often in the last 12 months. Using any number from 0 to 10, where 0 is the worst specialist possible and 10 is the best specialist possible, what number would you use to rate the specialist?

0 0 Worst specialist possible

1 1

2 2

3 3

4 4

5 5

6 6

7 7

8 8

9 9

10 10 Best specialist possible

-6 I didn't see a specialist in the last 12 months

H10031
See Notes 9,10_q3

48. In general, how would you rate your overall mental or emotional health?

S10B01

- 1 Excellent
- 2 Very good
- 3 Good
- 4 Fair
- 5 Poor

49. In the last 12 months, did you need any treatment or counseling for a personal or family problem?

- 1 Yes S10B02 See Note 10A1
- 2 No → [Go to Question 52](#)

50. In the last 12 months, how much of a problem, if any, was it to get the treatment or counseling you needed through your health plan?

S10B03

See Note 10A1

- 1 A big problem
- 2 A small problem
- 3 Not a problem

51. Using any number from 0 to 10, where 0 is the worst treatment or counseling possible and 10 is the best treatment or counseling possible, what number would you use to rate your treatment or counseling in the last 12 months?

- 0 0 Worst treatment or counseling possible
- 1 1
- 2 2
- 3 3
- 4 4
- 5 5
- 6 6
- 7 7
- 8 8
- 9 9
- 10 10 Best treatment or counseling possible
- 6 I had no treatment or counseling in the last 12 months

S10B04

See Note 10A1

YOUR HEALTH PLAN

The next questions ask about your experience with your health plan. By your health plan, we mean the health plan you marked in Question 3.

52. In the last 12 months, did you try to get any kind of care, tests, or treatment through your health plan?

- 1 Yes H10032 See Note 11
- 2 No → [Go to Question 54](#)

53. In the last 12 months, how often was it easy to get the care, tests or treatment you thought you needed through your health plan?

H10033

See Note 11

- 1 Never
- 2 Sometimes
- 3 Usually
- 4 Always
- 6 I didn't need care, tests or treatment through my health plan in the last 12 months

54. In the last 12 months, did you look for any information in written materials or on the Internet about how your health plan works?

H10034B

See Note 11B

- 1 Yes
- 2 No → [Go to Question 56](#)

55. In the last 12 months, how often did the written material or the Internet provide the information you needed about how your plan works?

H10034

See Note 11B

- 1 Never
- 2 Sometimes
- 3 Usually
- 4 Always
- 6 I didn't look for information from my health plan in the last 12 months

56. Sometimes people need services or equipment beyond what is provided in a regular or routine office visit, such as care from a specialist, physical therapy, a hearing aid, or oxygen.

In the last 12 months, did you look for information from your health plan on how much you would have to pay for a health care service or equipment?

- 1 Yes H10035 See Note 12
- 2 No → [Go to Question 58](#)

57. In the last 12 months, how often were you able to find out from your health plan how much you would have to pay for a health care service or equipment?

H10036

See Note 12

- 1 Never
- 2 Sometimes
- 3 Usually
- 4 Always
- 6 I didn't need a health care service or equipment from my health plan in the last 12 months

58. In some health plans, the amount you pay for a prescription medicine can be different for different medicines, or can be different for prescriptions filled by mail instead of at the pharmacy.

In the last 12 months, did you look for information from your health plan on how much you would have to pay for specific prescription medicines?

- 1 Yes H10037 See Note 13
- 2 No → [Go to Question 60](#)

59. In the last 12 months, how often were you able to find out from your health plan how much you would have to pay for specific prescription medications?

- 1 Never H10038
- 2 Sometimes
- 3 Usually See Note 13
- 4 Always
- 6 I didn't need prescription medications from my health plan in the last 12 months

60. In the last 12 months, did you try to get information or help from your health plan's customer service?

- 1 Yes H10039 See Note 14
- 2 No ➔ [Go to Question 63](#)

61. In the last 12 months, how often did your health plan's customer service give you the information or help you needed?

- 1 Never H10040
- 2 Sometimes See Note 14
- 3 Usually
- 4 Always
- 6 I didn't call my health plan's customer service in the last 12 months

62. In the last 12 months, how often did your health plan's customer service staff treat you with courtesy and respect?

- 1 Never H10041
- 2 Sometimes
- 3 Usually See Note 14
- 4 Always
- 6 I didn't call my health plan's customer service in the last 12 months

63. In the last 12 months, did your health plan give you any forms to fill out?

- 1 Yes H10042 See Note 15
- 2 No ➔ [Go to Question 65](#)

64. In the last 12 months, how often were the forms from your health plan easy to fill out?

- 1 Never H10043
- 2 Sometimes See Note 15
- 3 Usually
- 4 Always
- 6 I didn't have any experiences with paperwork for my health plan in the last 12 months

65. Claims are sent to a health plan for payment. You may send in the claims yourself, or doctors, hospitals, or others may do this for you. In the last 12 months, did you or anyone else send in any claims to your health plan?

- 1 Yes H10044 See Note 16
- 2 No ➔ [Go to Question 68](#)
- 5 Don't know ➔ [Go to Question 68](#)

66. In the last 12 months, how often did your health plan handle your claims quickly?

- 1 Never H10045
- 2 Sometimes See Note 16
- 3 Usually
- 4 Always
- 5 Don't know
- 6 No claims were sent for me in the last 12 months

67. In the last 12 months, how often did your health plan handle your claims correctly?

- 1 Never H10046
- 2 Sometimes See Note 16
- 3 Usually
- 4 Always
- 5 Don't know
- 6 No claims were sent for me in the last 12 months

68. Using any number from 0 to 10, where 0 is the worst health plan possible and 10 is the best health plan possible, what number would you use to rate your health plan?

- 0 0 Worst health plan possible
- 1 1
- 2 2 H10047
- 3 3
- 4 4
- 5 5
- 6 6
- 7 7
- 8 8
- 9 9
- 10 10 Best health plan possible

PREVENTIVE CARE

Preventive care is medical care you receive that is intended to maintain your good health or prevent a future medical problem. A physical or blood pressure screening are examples of preventive care.

69. When did you last have a blood pressure reading?

- 3 Less than 12 months ago H10048
- 2 1 to 2 years ago
- 1 More than 2 years ago

70. Do you know if your blood pressure is too high?

- 1 Yes, it is too high H10049
- 2 No, it is not too high
- 3 Don't know

71. For a blood stool test, a person uses a home kit and puts some stool on a card. The card is sent to the doctor's office or lab. Have you ever had this test using a home kit?

- 1 Yes S10Q01 See Note 16A1
2 No → [Go to Question 73](#)
-5 Don't know → [Go to Question 73](#)

72. How long has it been since you had your last blood stool test using a home kit?

- S10Q02 See Note 16A1
1 Less than 12 months ago
2 At least one year but less than 2 years ago
3 At least 2 year but less than 5 years ago
4 5 or more years ago
-6 Never had a blood stool test
-5 Don't know

73. Sigmoidoscopy and colonoscopy are exams in which a lighted tube is inserted in the rectum to view the colon for signs of cancer or other health problems. Have you ever had either of these exams?

- 1 Yes S10Q03 See Note 16A2
2 No → [Go to Question 76](#)
-5 Don't know → [Go to Question 76](#)

74. A sigmoidoscopy is limited to the lower part of the colon and is usually done without anesthesia. How long has it been since you had your last sigmoidoscopy?

- 1 Less than 12 months ago S10Q04
2 At least one year but less than 2 years ago
3 At least 2 year but less than 5 years ago
4 5 or more years ago
-6 Never had a sigmoidoscopy See Note 16A2
-5 Don't know

75. For a colonoscopy the entire colon is examined and patients usually receive medication in their veins to relax them and make them feel sleepy. How long has it been since you had your last colonoscopy?

- S10Q05 See Note 16A2
1 Less than 12 months ago
2 At least one year but less than 2 years ago
3 At least 2 year but less than 5 years ago
4 5 or more years ago
-6 Never had a colonoscopy
-5 Don't know

76. When did you last have a flu shot?

- H10050
4 Less than 12 months ago
3 1-2 years ago
2 More than 2 years ago
1 Never had a flu shot

77. Have you ever smoked at least 100 cigarettes in your entire life?

- H10051 See Note 17
1 Yes
2 No → [Go to Question 82](#)
-5 Don't know → [Go to Question 82](#)

78. Do you now smoke cigarettes every day, some days or not at all?

- H10052 See Note 17
4 Every day → [Go to Question 79](#)
3 Some days → [Go to Question 79](#)
2 Not at all → [Go to Question 82](#)
-5 Don't know → [Go to Question 82](#)

79. In the last 12 months, on how many visits were you advised to quit smoking by a doctor or other health provider in your plan?

- H10053
1 None See Notes 17, 18
2 1 visit
3 2 to 4 visits
4 5 to 9 visits
5 10 or more visits
-6 I had no visits in the last 12 months

80. On how many visits was medication recommended or discussed to assist you with quitting smoking (for example: nicotine gum, patch, nasal spray, inhaler, prescription medication)?

- H10054
1 None See Notes 17, 18
2 1 visit
3 2 to 4 visits
4 5 to 9 visits
5 10 or more visits
-6 I had no visits in the last 12 months

81. On how many visits did your doctor or health provider recommend or discuss methods and strategies (other than medication) to assist you with quitting smoking?

- 1 None H10055
2 1 visit See Notes 17, 18
3 2 to 4 visits
4 5 to 9 visits
5 10 or more visits
-6 I had no visits in the last 12 months

82. Do you currently smoke any tobacco products other than cigarettes, such as cigars, pipes, bidis, kreteks, or any other tobacco product?

Note: Bidis are small, brown, hand-rolled cigarettes from India and other southeast Asian countries. Kreteks are clove cigarettes made in Indonesia that contain clove extract and tobacco.

- S10D03
1 Yes
2 No
-5 Don't know

83. Do you currently use smokeless tobacco products such as dip, chewing tobacco, snuff or snus every day, some days, or not at all?

S10D02

- 1 Every day
- 2 Some days
- 3 Not at all

84. If you use tobacco products other than cigarettes, on how many visits in the last 12 months were you advised to quit by a doctor or other health provider in your plan?

S10D05

- 1 None
- 2 1 visit
- 3 2 to 4 visits
- 4 5 to 9 visits
- 5 10 or more visits
- 6 I had no visits in the last 12 months
- 3 I do not use other tobacco products

85. Are you male or female?

H10056

See Note 19A

- 1 Male → [Go to Question 92](#)
- 2 Female

86. When did you last have a Pap smear test?

H10057

See Notes 19A & 19B

- 5 Within the last 12 months
- 4 1 to 3 years ago
- 3 More than 3 but less than 5 years ago
- 2 5 or more years ago
- 1 Never had a Pap smear test

87. Are you under age 40?

H10058

See Notes 19A, 19B & 20

- 1 Yes → [Go to Question 89](#)
- 2 No

88. When was the last time your breasts were checked by mammography?

H10059

See Notes 19A, 19B & 20

- 5 Within the last 12 months
- 4 1 to 2 years ago
- 3 More than 2 years ago but less than 5 years ago
- 2 5 or more years ago
- 1 Never had a mammogram

89. Have you been pregnant in the last 12 months or are you pregnant now?

H10060

See Notes 19A, 19B, & 21

- 1 Yes, I am currently pregnant → [Go to Question 90](#)
- 2 No, I am not currently pregnant, but have been pregnant in the past 12 months → [Go to Question 91](#)
- 3 No, I am not currently pregnant, and have not been pregnant in the past 12 months → [Go to Question 92](#)

90. In what trimester is your pregnancy?

- 1 First trimester (up to 12 weeks after 1st day of last period) → [Go to Question 92](#)
- 2 Second trimester (13th through 27th week)
- 3 Third trimester (28th week until delivery)

H10061

See Notes 19A, 19B, & 21

91. In which trimester did you first receive prenatal care?

H10062

See Notes 19A, 19B, & 21

- 4 First trimester (up to 12 weeks after 1st day of last period)
- 3 Second trimester (13th through 27th week)
- 2 Third trimester (28th week until delivery)
- 1 Did not receive prenatal care

ABOUT YOU

92. In general, how would you rate your overall health?

- 5 Excellent
- 4 Very good
- 3 Good
- 2 Fair
- 1 Poor

H10063

93. Are you limited in any way in any activities because of any impairment or health problem?

- 1 Yes
- 2 No → [Go to Question 96](#)

H10064

See Note 21A1

94. Because of any impairment or health problem, do you need the help of other persons with your personal care needs, such as eating, dressing, or getting around the house?

- 1 Yes
- 2 No

S10C15

See Note 21A1

95. Because of any impairment or health problem, do you need help with your routine needs, such as everyday household chores, doing necessary business, shopping, or getting around for other purposes?

- 1 Yes
- 2 No

S10C16

See Note 21A1

96. Do you have a physical or medical condition that seriously interferes with your independence, participation in the community, or quality of life?

- 1 Yes
- 2 No

S10C17

97. We want to know your rating of how well your health plan has done in providing the equipment, services, and help you need.

Using any number from 0 to 10, where 0 is the worst your plan could do and 10 is the best your plan could do, what number would you use to rate your health plan now?

- 0 0 Worst your health plan could do
- 1 1 S10C18
- 2 2
- 3 3
- 4 4
- 5 5
- 6 6
- 7 7
- 8 8
- 9 9
- 10 10 Best your health plan could do

98. In the last 12 months, have you been a patient in a hospital overnight or longer?

- 1 Yes
- 2 No

S10C19

99. In the last 12 months, have you seen a doctor or other health provider 3 or more times for the same condition or problem?

- 1 Yes
- 2 No

H10065

See Note 22

→ [Go to Question 101](#)

100. Is this a condition or problem that has lasted for at least 3 months? Do not include pregnancy or menopause.

- 1 Yes
- 2 No

H10066

See Note 22

101. Do you now need or take medicine prescribed by a doctor? Do not include birth control.

- 1 Yes
- 2 No

H10067

See Note 23

→ [Go to Question 103](#)

102. Is this medicine to treat a condition that has lasted for at least 3 months? Do not include pregnancy or menopause.

- 1 Yes
- 2 No

H10068

See Note 23

103. How tall are you without your shoes on?

Please give your answer in feet and inches.

Example:

Height	
Feet	Inches
<u>5</u>	<u>6</u>
<input type="checkbox"/> 1	<input type="checkbox"/> 0
<input type="checkbox"/> 2	<input type="checkbox"/> 1
<input type="checkbox"/> 3	<input type="checkbox"/> 2
<input type="checkbox"/> 4	<input type="checkbox"/> 3
<input checked="" type="checkbox"/> 5	<input type="checkbox"/> 4
<input type="checkbox"/> 6	<input type="checkbox"/> 5
<input type="checkbox"/> 7	<input checked="" type="checkbox"/> 6
	<input type="checkbox"/> 7
	<input type="checkbox"/> 8
	<input type="checkbox"/> 9
	<input type="checkbox"/> 10
	<input type="checkbox"/> 11

Your answer:

Height	
Feet	Inches
<u> </u>	<u> </u>
<input type="checkbox"/> 1	<input type="checkbox"/> 0
<input type="checkbox"/> 2	<input type="checkbox"/> 1
<input type="checkbox"/> 3	<input type="checkbox"/> 2
<input type="checkbox"/> 4	<input type="checkbox"/> 3
<input type="checkbox"/> 5	<input type="checkbox"/> 4
<input type="checkbox"/> 6	<input type="checkbox"/> 5
<input type="checkbox"/> 7	<input type="checkbox"/> 6
	<input type="checkbox"/> 7
	<input type="checkbox"/> 8
	<input type="checkbox"/> 9
	<input type="checkbox"/> 10
	<input type="checkbox"/> 11

H10069F, H10069I

104. How much do you weigh without your shoes on?

Please give your answer in pounds.

Example:

Weight		
Pounds		
<u>1</u>	<u>6</u>	<u>0</u>
<input type="checkbox"/> 0	<input type="checkbox"/> 0	<input checked="" type="checkbox"/> 0
<input checked="" type="checkbox"/> 1	<input type="checkbox"/> 1	<input type="checkbox"/> 1
<input type="checkbox"/> 2	<input type="checkbox"/> 2	<input type="checkbox"/> 2
<input type="checkbox"/> 3	<input type="checkbox"/> 3	<input type="checkbox"/> 3
	<input type="checkbox"/> 4	<input type="checkbox"/> 4
	<input type="checkbox"/> 5	<input type="checkbox"/> 5
	<input checked="" type="checkbox"/> 6	<input type="checkbox"/> 6
	<input type="checkbox"/> 7	<input type="checkbox"/> 7
	<input type="checkbox"/> 8	<input type="checkbox"/> 8
	<input type="checkbox"/> 9	<input type="checkbox"/> 9

Your Answer:

Weight		
Pounds		
<u> </u>	<u> </u>	<u> </u>
<input type="checkbox"/> 0	<input type="checkbox"/> 0	<input type="checkbox"/> 0
<input type="checkbox"/> 1	<input type="checkbox"/> 1	<input type="checkbox"/> 1
<input type="checkbox"/> 2	<input type="checkbox"/> 2	<input type="checkbox"/> 2
<input type="checkbox"/> 3	<input type="checkbox"/> 3	<input type="checkbox"/> 3
	<input type="checkbox"/> 4	<input type="checkbox"/> 4
	<input type="checkbox"/> 5	<input type="checkbox"/> 5
	<input type="checkbox"/> 6	<input type="checkbox"/> 6
	<input type="checkbox"/> 7	<input type="checkbox"/> 7
	<input type="checkbox"/> 8	<input type="checkbox"/> 8
	<input type="checkbox"/> 9	<input type="checkbox"/> 9

H10070

105. What is the highest grade or level of school that you have completed?

- 1 8th grade or less
- 2 Some high school, but did not graduate
- 3 High school graduate or GED
- 4 Some college or 2-year degree
- 5 4-year college graduate
- 6 More than 4-year college degree

SREDA

106. Are you of Hispanic or Latino origin or descent?

(Mark "NO" if not Spanish/Hispanic/Latino.)

See Note 24

- A No, not Spanish, Hispanic, or Latino
- B Yes, Mexican, Mexican American, Chicano
- C Yes, Puerto Rican
- D Yes, Cuban
- E Yes, other Spanish, Hispanic, or Latino

H10071A- H10071E, H10071

107. What is your race?

(Mark ONE OR MORE races to indicate what you consider yourself to be.)

- A White
- B Black or African American
- C American Indian or Alaska Native
- D Asian (e.g., Asian Indian, Chinese, Filipino, Japanese, Korean, Vietnamese)
- E Native Hawaiian or other Pacific Islander (e.g., Samoan, Guamanian, or Chamorro)

SRRACEA-SRRACEE

108. What is your age now?

- 1 18 to 24
- 2 25 to 34
- 3 35 to 44
- 4 45 to 54
- 5 55 to 64
- 6 65 to 74
- 7 75 or older

SRAGE

109. Currently, are you covered by Medicare Part A? *Medicare is the federal health insurance program for people aged 65 or older and for certain persons with disabilities. Medicare Part A helps pay for inpatient hospital care.*

H10072

- 1 Yes, I am now covered by Medicare Part A
- 2 No, I am not covered by Medicare Part A

110. Currently, are you covered by Medicare Part B? *Medicare is the federal health insurance program for people aged 65 or older and for certain persons with disabilities. Medicare Part B helps pay for doctor's services, outpatient hospital services, and certain other services.*

H10073

- 1 Yes, I am now covered by Medicare Part B
- 2 No, I am not covered by Medicare Part B

111. Currently, are you covered by Medicare supplemental insurance? *Medicare supplemental insurance, also called Medigap or MediSup, is usually obtained from private insurance companies and covers some of the costs not paid for by Medicare.*

H10074

- 1 Yes, I am now covered by Medicare supplemental insurance
- 2 No, I am not covered by Medicare supplemental insurance

112. Using a scale of 1 to 5, with 1 being "strongly disagree" and 5 being "strongly agree", how much do you agree with the following statement: In general, I am able to see my provider(s) when needed?

S10011

- 1 1 Strongly disagree
- 2 2 Disagree
- 3 3 Neither agree nor disagree
- 4 4 Agree
- 5 5 Strongly agree

113. Using a scale of 1 to 5, with 1 being "completely dissatisfied" and 5 being "completely satisfied", how satisfied are you, overall, with the health care you received during your last visit?

S10014

- 1 1 Completely dissatisfied
- 2 2 Somewhat dissatisfied
- 3 3 Neither satisfied nor dissatisfied
- 4 4 Somewhat satisfied
- 5 5 Completely satisfied

THANK YOU FOR TAKING THE TIME TO COMPLETE THE SURVEY! Your generous contribution will greatly aid efforts to improve the health of our military community.

Return your survey in the postage-paid envelope. If the envelope is missing, please send to:

SAMPLE NOTIFICATION LETTER

March 8, 2010

12345678 26C3 0300 301
SSGT DAVE BRYANT
222 S. RIVERSIDE DRIVE
CHICAGO, IL 60606-5809

Dear SSGT DAVE BRYANT:

We need your help! The Department of Defense needs your help in completing the *April 2010 Health Care Survey of Department of Defense Beneficiaries*. Our mission is to provide beneficiaries with the highest quality health care that we can. To accomplish this, we need to know what we are doing right and what needs improvement. We depend on you to keep us informed. By sharing your thoughts and feelings about your health care experiences, you can help us make health care better for all beneficiaries and their families.

This survey asks about your experience and satisfaction with the health care services you have received in the past 12 months. You are one of a few military beneficiaries who have been selected for this study. **Your responses are important to us even if you do not receive your health care through the military.**

The survey will be mailed to you within a month. However, you may complete it now on our web site using the following address and password.

www.synovate.net/aprilsurvey10
Password: 7654321

If your installation's server blocks the survey site, you can complete the survey online using a civilian internet source.

If you have questions about the survey, need the survey sent to your new address or do not wish to participate, please contact the Survey Processing Center. You can reach them by email at survey-dodq2@synovate.net; by calling 1-877-236-2390; or sending a fax to 1-800-409-7681. Please reference your ID number, 12345678, in all communication.

For information about the legitimacy of the survey, please go to the TRICARE Web site at www.tricare.mil/hpae/home and click on the List of Approved Surveys. The DoD Report Control Symbol for this survey is RCS# DD-HA(A) 1942. Thank you for your time and assistance in this very important effort.

Sincerely,

Thomas V. Williams, Ph.D.
Director, Health Program Analysis and Evaluation Directorate
Office of the Assistant Secretary of Defense (Health Affairs)/TRICARE Management Activity

SAMPLE FIRST SURVEY COVER LETTER

April 1, 2010

12345678 26C3 0301 301
SSGT DAVE BRYANT
222 S. RIVERSIDE DRIVE
CHICAGO, IL 60606-5809

Dear SSGT DAVE BRYANT:

We need your help. Please fill out the enclosed *April 2010 Health Care Survey of Department of Defense Beneficiaries* that asks about the health care you received in the last 12 months. By completing this survey, you will provide the information we need to improve the health care services for our entire military community. **Even if you did not receive any of your health care from a military facility, we still ask that you complete the survey.** Your views are important to us and your opinions count. We hope you will take the time to answer these questions. Most people find it takes only 20 minutes to answer these questions.

If you have already completed this survey online, we thank you and please disregard this letter.

You have been chosen as part of a scientific sample of military beneficiaries. To get accurate results, we need to get answers from you and other people we ask to take part in this survey. Of course, what you have to say is private, and your answers will be pooled with others to mask your individual response while providing aggregate information to decision makers. What you write will be used only by this study. You may choose to fill out this survey or not. If you choose not to, this will not affect the benefits you get.

For your convenience, you can also complete the survey online by using the link and password below. If your installation's server blocks the survey site, you can complete the survey online using a civilian internet source.

www.synovate.net/aprilsurvey10
Password: 7654321

If you have questions about the survey, need the survey sent to your new address or do not wish to participate, please contact the Survey Processing Center. You can reach them by email at survey-dodq2@synovate.net; by calling **1-877-236-2390**; or sending a fax to **1-800-409-7681**. Please reference your ID number, **12345678**, in all communication.

For information about the legitimacy of the survey, please go to the TRICARE Web site at www.tricare.mil/hpae/home and click on the List of Approved Surveys. The DoD Report Control Symbol for this survey is RCS# DD-HA(A) 1942. Thank you for your time and support in this very important effort.

WE NEED YOUR HELP!

HELLO!

26C3-30

Recently, we sent you the *April 2010 Health Care Survey of Department of Defense Beneficiaries*. If you already filled it out and returned it, please accept our thanks. If you have not returned a completed survey, please do so now.

We share a common goal: a great military health care system. By completing this survey, you will provide the information we need to improve the health care services for our entire military community. This survey includes questions about the health care services you may have received in the past 12 months. Even if you did not receive any of your health care from a military facility, we still ask that you complete the survey. Your views are important to us and your opinions count. We hope you will take the time to answer these questions. Most people find it takes only 20 minutes to answer these questions.

For your convenience, you can also complete the survey online by using the link and password below. If your installation's server blocks the survey site, you can complete the survey online using a civilian internet source.

APPENDIX D
CODING SCHEME AND CODING TABLES – QUARTER III

PAGE IS INTENTIONALLY LEFT BLANK TO ALLOW FOR DOUBLE-SIDED COPYING

QUARTER III

2010 HEALTH CARE SURVEY OF DOD BENEFICIARIES (HCSDB) CODING SCHEME AND CODING TABLES

BASIC SAS AND ASCII/EBCDIC MISSING DATA AND NOT APPLICABLE CODES

SAS		ASCII/EBCDIC	
Numeric		Numeric	Description
.		-9	No response
.O		-7	Out of range error
.N		-6	Not applicable or valid skip
.D		-5	Scalable response of “don’t know” or “not sure”
.I		-4	Incomplete grid error
.T		-3	“I do not use other tobacco products.”
.C		-1	Question should have been skipped.

Missing values ‘.’ and incomplete grids ‘.I’ are encoded prior to implementation of the Coding Scheme Notes (see below).

**Coding Table for Note 1:
H10003, H10004**

N1	H10003 is:	H10004 is:	H10003 is coded as:	H10004 is coded as:	*
1	1-13: Health plan or -5: Not sure	Marked or missing response	Stands as original value	Stands as original value	
2	-6: No usage in past 12 months	Marked response	Stands as original value	.C, question should be skipped	F
3	-6: No usage in past 12 months	Missing response	Stands as original value	.N, valid skip	F
4	Missing response	Marked or missing response	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 2:
H10006, H10007, H10008**

N2	H10006 is:	H10007-H10008 are:	H10006 is coded as:	H10007-H10008 are coded as:	*
1	1: Yes	“All are blank”	Stands as original value	Stand as original value	
2	1: Yes or missing response	“Blank or NA”	2: No	.N, valid skip if missing; .C, question should be skipped if marked	B F
3	1: Yes	“One marked, and one NA”	Stands as original value	., missing if -6; stand as original value otherwise	F
4	1: Yes	At least one is “marked”	Stands as original value	Stand as original value	
5	2: No	“One marked, and one NA”	Stands as original value	.C, question should be skipped if marked	F
6	2: No or missing response	At least one is “marked”	1: Yes	., missing if -6; stand as original value otherwise	B F
7	2: No	“All are blank” or “Blank or NA”	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
8	Missing response	“All are blank”	Stands as original value	Stand as original value	

* Indication of backward coding (B) or forward coding (F).

Definition of “all are blank” in Coding Table for Note 2:
Responses to H10007-H10008 are all missing.

Definition of “Blank or NA” in Coding Table for Note 2:
All of the following are true: H10007-H10008 are a combination of not applicable (-6) or missing.

Definition of “One marked and one NA” in Coding Table for Note 2:
H10007-H10008 have one response marked not applicable (-6) and one marked response (other than not applicable).

Definition of “marked” in Coding Table for Note 2:
Any pattern of marks outside the definitions “all are blank”, “One marked and one NA”, and “Blank or NA”.

**Coding Table for Note 3:
H10009, H10010, H10011**

N3	H10009 is:	H10010-H10011 are:	H10009 is coded as:	H10010-H10011 are coded as:	*
1	1: Yes	“All are blank”	Stands as original value	Stand as original value	
2	1: Yes or missing response	“Blank or NA”	2: No	.N, valid skip if missing; .C, question should be skipped if marked	B F
3	1: Yes	“One marked and one NA”	Stands as original value	., missing if -6; stand as original value otherwise	F
4	1: Yes	At least one is “marked”	Stands as original value	Stand as original value	
5	2: No	“One marked and one NA”	Stands as original value	.C, question should be skipped if marked	F
6	2: No or missing response	At least one is “marked”	1: Yes	., missing if -6; stand as original value otherwise	B F
7	2: No	“All are blank” or “blank or NA”	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
8	Missing response	“All are blank”	Stands as original value	Stand as original value	

* Indication of backward coding (B) or forward coding (F).

Definition of “all are blank” in Coding Table for Note 3:
Responses to H10010-H10011 are all missing.

Definition of “Blank or NA” in Coding Table for Note 3:
All of the following are true: H10010-H10011 are a combination of not applicable (-6) or missing.

Definition of “One marked and one NA” in Coding Table for Note 3:
H10010-H10011 have one response marked not applicable (-6) and one marked response (other than not applicable).

Definition of “marked” in Coding Table for Note 3:
Any pattern of marks outside the definitions “all are blank”, “one marked and one NA”, and “blank or NA”.

**Coding Table for Note 4:
H10013, H10014-H10018**

N4	H10013 is:	H10014-H10018 are:	H10013 is coded as:	H10014-H10018 are coded as:	*
1	1: None	Any value	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
2	2-7, or missing response	“Blank or NA”	1: None	.N, valid skip if missing; .C, question should be skipped if marked	B F
3	2-7	At least one is “marked” or “all are blank”	Stands as original value	., missing if -6; stand as original value otherwise	F
4	Missing response	“All are blank”	Stands as original value	Stand as original value	
5	Missing response	At least one is “marked”	Stands as original value	., missing if -6; stand as original value otherwise	F

* Indication of backward coding (B) or forward coding (F).

Definition of “all are blank” in Coding Table for Note 4:
Responses to H10014-H10018 are all missing.

Definition of “blank or NA” in Coding Table for Note 4:
All of the following are true: H10014-H10018 are a combination of not applicable (-6) or missing.

Definition of “marked” in Coding Table for Note 4:
Any pattern of marks outside the definitions “all are blank” and “blank or NA”.

**Coding Table for Note 5:
H10015, H10016-H10017**

N5	H10015 is:	H10016 is:	H10017 is:	H10015 is coded as:	H10016 is coded as:	H10017 is coded as:	*
1	.N, valid skip, or .C, question should be skipped	.N, valid skip, or .C, question should be skipped	.N, valid skip, or .C, question should be skipped	Stands as original value	Stands as original value	Stands as original value	
2	1: Yes	Any value	Any value	Stands as original value	Stands as original value	Stands as original value	
3	2: No or missing response	1: Definitely yes 2: Somewhat yes	Any value	1: Yes	Stands as original value	Stands as original value	B
4	2: No or missing response	3: Somewhat no, 4: Definitely no, or missing	1: Definitely yes 2: Somewhat yes	1: Yes	Stands as original value	Stands as original value	B
5	2: No	3: Somewhat no, 4: Definitely no, or missing	3: Somewhat no, 4: Definitely no, or missing	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	.N, valid skip if missing; .C, question should be skipped if marked	F
6	Missing response	3: Definitely no, 4: Somewhat no, or missing	3: Definitely no, 4: Somewhat no, or missing	Stands as original value	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 5A1:
S10C09, S10C10**

N5A1	S10C09 is:	S10C10 is:	S10C09 is coded as:	S10C10 is coded as:	*
1	1: Yes	1-3: Marked or missing response	Stands as original value	Stands as original value	
2	1: Yes or missing response	-6: Didn't need to get special medical equipment	2: No	.C, question should be skipped	B F
3	2: No or missing response	1-3: Marked	1: Yes	Stands as original value	B
4	2: No	-6: Didn't need to get special medical equipment or missing response	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
5	Missing response	Missing response	Stands as original value	Stands as original value	F

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 5A2:
S10C11, S10C12**

N5A2	S10C11 is:	S10C12 is:	S10C11 is coded as:	S10C12 is coded as:	*
1	1: Yes	1-3: Marked or missing response	Stands as original value	Stands as original value	
2	1: Yes or missing response	-6: Didn't need to get special therapy	2: No	.C, question should be skipped	B F
3	2: No or missing response	1-3: Marked	1: Yes	Stands as original value	B
4	2: No	-6: Didn't need to get special therapy or missing response	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
5	Missing response	Missing response	Stands as original value	Stands as original value	F

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 5A3:
S10C13, S10C14**

N5A3	S10C13 is:	S10C14 is:	S10C13 is coded as:	S10C14 is coded as:	*
1	1: Yes	1-3: Marked or missing response	Stands as original value	Stands as original value	
2	1: Yes or missing response	-6: Didn't need to get home health care	2: No	.C, question should be skipped	B F
3	2: No or missing response	1-3: Marked	1: Yes	Stands as original value	B
4	2: No	-6: Didn't need to get home health care or missing response	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
5	Missing response	Missing response	Stands as original value	Stands as original value	F

* Indication of backward coding (B) or forward coding (F).

Coding Table for Note 6_q3:

H10019, H10020-H10027, S10C01-S10C04, S10C06-S10C08, S10009

N6_q3	H10019 is:	S10C01- S10C02, H10027 are:	S10C03, H10025- H10026, S10C06- S10C08, S10009 are:	S10C04, H10020- H10024 are:	H10019 is coded as:	S10C01- S10C02, H10027 are coded as:	S10C03- S10C04, H10020- H10026, S10C06- S10C08, S10009 are coded as:	*
-------	---------------	--------------------------------------	-----------------------------------------------------------------------	--------------------------------------	---------------------------	-----------------------------------------------	-------------------------------------------------------------------------------------------	---

1	1: Yes	At least one is “marked” or “all are blank”	Any value	Any value	Stands as original value	., missing if -6; stand as original value otherwise	Stand as original value	F
2	1: Yes or missing response	“Blank or NA”	Any value	Any value	2: No	.N, valid skip if missing; .C, question should be skipped if marked	.N, valid skip if missing; .C, question should be skipped if marked	B F
3	2: No or missing response	At least one is “marked”	Any value	Any value	1: Yes	., missing if -6; stand as original value otherwise	Stand as original value	B F
4	2: No or missing response	“All are blank”	Any value	“Any marked”	1: Yes	Stand as original value	Stand as original value	B
5	2: No	“All are blank”	Any value	“All are unmarked”	Stands as original value	.N, valid skip	.N, valid skip if missing; .C, question should be skipped if marked	F
6	2: No	“Blank or NA”	Any value	Any value	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	.N, valid skip if missing; .C, question should be skipped if marked	F
7	Missing response	“All are blank”	Any value	“All are unmarked”	Stands as original value	Stand as original value	Stand as original value	

* Indication of backward coding (B) or forward coding (F).

Definition of “all are blank” in Column 3 of Coding Table for Note 6_q3:
Responses to S10C01-S10C02, H10027 are all missing.

Definition of “blank or NA” in Column 3 of Coding Table for Note 6_q3:
Responses to S10C01-S10C02, H10027 are a combination of not applicable (-6) or missing.

Definition of “marked” in Column 3 of Coding Table for Note 6_q3:
Any pattern of marks for S10C01-S10C02, H10027 outside the definitions “all are blank” or “blank or NA”.

Definition of “all are unmarked” in Column 5 of Coding Table for Note 6_q3:
All of the following are true: H10020 is either 0: None or missing and S10C04, H10021-H10024 are either not applicable (-6) or missing.

Definition of “any marked” in Column 5 of Coding Table for Note 6_q3:
Any pattern of marks for S10C04, H10020-H10024 outside the definition “all are unmarked”.

**Coding Table for Note 6A1:
S10C03, S10C04**

N6A1	S10C03 is:	S10C04 is:	S10C03 is coded as:	S10C04 is coded as:	*
1	.N, valid skip, or .C, question should be skipped	.N, valid skip, or .C, question should be skipped	Stands as original value	Stands as original value	
2	1: Yes	1: Yes, 2: no, or missing response	Stands as original value	Stands as original value	
3	1: Yes or missing response	-6: Don't have any health problems or don't have a personal doctor	2: No	.C, question should be skipped	B F
4	2: No or missing response	1: Yes or 2: no	1: Yes	Stands as original value	B
5	2: No	Missing response or -6: Don't have any health problems or don't have a personal doctor	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
6	Missing response	Missing response	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 7:
H10020, H10021-H10026**

N7	H10020 is:	H10021-H10024 are:	H10025- H10026 are:	H10020 is coded as:	H10021-H10026 are coded as:	*
1	.N, valid skip, or .C, question should be skipped	.N, valid skip, or .C, question should be skipped	Any value	Stands as original value	Stand as original value	
2	0: None	Any value	Any value	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
3	1-6, or missing response	“Blank or NA”	Any value	0: None	.N, valid skip if missing; .C, question should be skipped if marked	B F
4	1-6, or missing response	At least one is “marked” or “all are blank”	Any value	Stands as original value	., missing if –6; stand as original value otherwise	F

* Indication of backward coding (B) or forward coding (F).

Definition of “all are blank” in Coding Table for Note 7:
Responses to H10021-H10024 are all missing.

Definition of “blank or NA” in Coding Table for Note 7:
Responses to H10021-H10024 are a combination of not applicable (-6) or missing.

Definition of “marked” in Coding Table for Note 7:
Any pattern of marks for H10021-H10024 outside the definitions “all are blank” and “blank or NA”.

**Coding Table for Note 8:
H10025, H10026**

N8	H10025 is:	H10026 is:	H10025 is coded as:	H10026 is coded as:	*
1	.N, valid skip, or .C, question should be skipped	.N, valid skip, or .C, question should be skipped	Stands as original value	Stands as original value	
2	1: Yes	Any value	Stands as original value	Stands as original value	
3	2: No or missing response	1, 2, 3, 4	1: Yes	Stands as original value	B
4	2: No	Missing response	Stands as original value	.N, valid skip	F
5	Missing response	Missing response	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 8B1:
S10C06, S10C07-S10C08**

N8B1	S10C06 is:	S10C07-S10C08 are:	S10C06 is coded as:	S10C07-S10C08 are coded as:	*
1	.N, valid skip, or .C, question should be skipped	.N, valid skip, or .C, question should be skipped	Stands as original value	Stand as original value	
2	1: Yes	At least one is “marked” or “all are blank”	Stands as original value	., missing if –6; stand as original value otherwise	F
3	1: Yes or missing response	“Blank or NA”	2: No	.N, valid skip if missing; .C, question should be skipped if marked	B F
4	2: No or missing response	At least one is “marked”	1: Yes	., missing if –6; stand as original value otherwise	B F
5	2: No	“Blank or NA” or “all are blank”	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
6	Missing response	“All are blank”	Stands as original value	Stand as original value	

* Indication of backward coding (B) or forward coding (F).

Definition of “all are blank” in Coding Table for Note 8B1:
Responses to S10C07-S10C08 are all missing.

Definition of “blank or NA” in Coding Table for Note 8B1:
Responses to S10C07-S10C08 are a combination of not applicable (-6) or missing.

Definition of “marked” in Coding Table for Note 8B1:
Any pattern of marks for S10C07-S10C08 outside the definitions “all are blank” and “blank or NA”.

**Coding Table for Note 8A1:
S10009, S10010**

N8A1	S10009 is:	S10010 is:	S10009 is coded as:	S10010 is coded as:	*
1	.N, valid skip, or .C, question should be skipped	Any value	Stands as original value	Stands as original value	
2	1: Yes	Any value	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
3	2: No	Any value	Stands as original value	Stands as original value	
4	Missing	Any value	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 9:
H10028, H10029-H10031, S10C05**

N9	H10028 is:	H10029-H10031, S10C05 are:	H10028 is coded as:	H10029 is coded as:	H10030-H10031, S10C05 are coded as:	*
1	1: Yes	Any value	Stands as original value	., missing if -6; stands as original value otherwise	Stand as original value	F
2	2: No, missing	At least one is "marked"	1: Yes	., missing if -6; stands as original value otherwise	Stand as original value	B
3	2: No	"All are blank" or "blank or NA"	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	.N, valid skip if missing; .C, question should be skipped if marked	F
4	Missing response	"Blank or NA"	2: No	.N, valid skip if missing; .C, question should be skipped if marked	.N, valid skip if missing; .C, question should be skipped if marked	B F
5	Missing response	"All are blank"	Stands as original value	Stands as original value	Stand as original value	

* Indication of backward coding (B) or forward coding (F).

Definition of "all are blank" in Coding Table for Note 9:
Responses to H10029-H10031, S10C05 are all missing.

Definition of "blank or NA" in Coding Table for Note 9:
All of the following are true: H10029 and H10031 are a combination of not applicable (-6) or missing; H10030 is either missing or 0: None; and S10C05 is missing.

Definition of "marked" in Coding Table for Note 9:
Any pattern of marks outside the definitions "all are blank" and "blank or NA".

**Coding Table for Note 10_q3:
H10030, S10C05, H10031**

N10_q3	H10030 is:	S10C05 is:	H10031 is:	H10030 is coded as:	S10C05 is coded as:	H10031 is coded as:	*
1	.N, valid skip, or .C, question should be skipped	.N, valid skip, or .C, question should be skipped	.N, valid skip, or .C, question should be skipped	Stands as original value	Stands as original value	Stands as original value	
2	1-5: Specialists	1-6: Marked	Any value	Stands as original value	Stands as original value	., missing if -6; stands as original value otherwise	F
3	1-5: Specialists	Missing response	0-10 or missing response	Stands as original value	Stands as original value	Stands as original value	
4	1-5: Specialists or missing response	Missing response	-6: Didn't see a specialist in the last 12 months	0: None	.N, valid skip	.C, question should be skipped	F
5	0: None	1-6: Marked	0-10 or missing response	., missing	Stands as original value	Stands as original value	B
6	0: None	1-6: Marked	-6: Didn't see a specialist in the last 12 months	Stands as original value	.C, question should be skipped	.C, question should be skipped	F
7	0: None	Missing response	Any value	Stands as original value	.N, valid skip	.N, valid skip if missing; .C, question should be skipped if marked	F
8	Missing response	1-6: Marked	-6: Didn't see a specialist in the last 12 months	Stands as original value	Stands as original value	., missing	F
9	Missing response	Any value	0-10 or missing response	Stands as original value	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 10A1:
S10B02, S10B03-S10B04**

N10A1	S10B02 is:	S10B03-S10B04 are:	S10B02 is coded as:	S10B03-S10B04 are coded as:	*
1	1: Yes	Any value	Stands as original value	., missing if -6; stand as original value otherwise	F
2	2: No or missing response	At least one is "marked"	1: Yes	., missing if -6; stand as original value otherwise	B F
3	2: No	"All are blank" or "blank or NA"	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
4	Missing response	"Blank or NA"	2: No	.N, valid skip if missing; .C, question should be skipped if marked	B F
5	Missing response	"All are blank"	Stands as original value	Stand as original value	

* Indication of backward coding (B) or forward coding (F).

Definition of "all are blank" in Coding Table for Note 10A1:
Responses to S10B03-S10B04 are all missing.

Definition of "blank or NA" in Coding Table for Note 10A1:
All of the following are true: S10B03-S10B04 are a combination of not applicable (-6) or missing.

Definition of "marked" in Coding Table for Note 10A1:
Any pattern of marks outside the definitions "all are blank" and "blank or NA".

**Coding Table for Note 11:
H10032, H10033**

N11	H10032 is:	H10033 is:	H10032 is coded as:	H10033 is coded as:	*
1	1: Yes	1-4: How often or missing response	Stands as original value	Stands as original value	
2	1: Yes or missing response	-6: Didn't need care, tests, or treatment	2: No	.C, question should be skipped	B F
3	2: No or missing response	1-4: How often	1: Yes	Stands as original value	B
4	2: No	-6: Didn't need care, tests, or treatment or missing response	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
5	Missing response	Missing response	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 11B:
H10034B, H10034**

N11B	H10034B is:	H10034 is:	H10034B is coded as:	H10034 is coded as:	*
1	1: Yes	1-4: How often or missing response	Stands as original value	Stands as original value	
2	1: Yes or missing response	-6: Didn't look for information	2: No	.C, question should be skipped	B F
3	2: No or missing response	1-4: How often	1: Yes	Stands as original value	B
4	2: No	-6: Didn't look for information or missing response	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
5	Missing response	Missing response	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 12:
H10035, H10036**

N12	H10035 is:	H10036 is:	H10035 is coded as:	H10036 is coded as:	*
1	1: Yes	1-4: How often, or missing response	Stands as original value	Stands as original value	
2	1: Yes or missing response	-6: Didn't need service or equipment	2: No	.C, question should be skipped	B F
3	2: No or missing response	1-4: How often	1: Yes	Stands as original value	B
4	2: No	-6: Didn't need service or equipment, or missing response	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
5	Missing response	Missing response	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 13:
H10037, H10038**

N13	H10037 is:	H10038 is:	H10037 is coded as:	H10038 is coded as:	*
1	1: Yes	1-4: How often, or missing response	Stands as original value	Stands as original value	
2	1: Yes or missing response	-6: Didn't need prescription meds	2: No	.C, question should be skipped	B F
3	2: No or missing response	1-4: How often	1: Yes	Stands as original value	B
4	2: No	-6: Didn't need prescription meds, or missing response	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
5	Missing response	Missing response	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 14:
H10039, H10040-H10041**

N14	H10039 is:	H10040-H10041 are:	H10039 is coded as:	H10040-H10041 are coded as:	*
1	1: Yes	At least one is “marked” or “all are blank”	Stands as original value	., missing if -6; stand as original value otherwise	F
2	1: Yes or missing response	“Blank or NA”	2: No	.N, valid skip if missing; .C, question should be skipped if marked	B F
3	2: No or missing response	At least one is “marked”	1: Yes	., missing if -6; stand as original value otherwise	B F
4	2: No	“All are blank” or “blank or NA”	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
5	Missing response	“All are blank”	Stands as original value	Stand as original value	

* Indication of backward coding (B) or forward coding (F).

Definition of “all are blank” in Coding Table for Note 14:
Responses to H10040-H10041 are all missing.

Definition of “blank or NA” in Coding Table for Note 14:
All of the following are true: H10040-H10041 are a combination of not applicable (-6) or missing.

Definition of “marked” in Coding Table for Note 14:
Any pattern of marks outside the definitions “all are blank” and “blank or NA”.

**Coding Table for Note 15:
H10042, H10043**

N15	H10042 is:	H10043 is:	H10042 is coded as:	H10043 is coded as:	*
1	1: Yes	1-4: How often, or missing response	Stands as original value	Stands as original value	
2	1: Yes or missing response	-6: Didn’t receive forms to fill out	2: No	.C, question should be skipped	B F
3	2: No or missing response	1-4: How often	1: Yes	Stands as original value	B
4	2: No	-6: Didn’t receive forms to fill out, or missing response	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
5	Missing response	Missing response	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 16:
H10044, H10045-H10046**

N16	H10044 is:	H10045-H10046 are:	H10044 is coded as:	H10045-H10046 are coded as:	*
1	1: Yes	At least one is “marked”, “all are blank” or “blank or don’t know”	Stands as original value	., missing if –6; stand as original value otherwise	F
2	1: Yes, -5: don’t know or missing response	“Blank or NA” or “NA or don’t know”	2: No	.N, valid skip if missing; .C, question should be skipped if marked	B F
3	2: No, -5: don’t know or missing response	At least one is “marked”	1: Yes	., missing if –6; stand as original value otherwise	B F
4	2: No	None are “marked”	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
5	-5: Don’t know	“Blank or don’t know” or “all are blank”	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
6	Missing response	“Blank or don’t know” or “all are blank”	Stands as original value	Stand as original value	

* Indication of backward coding (B) or forward coding (F).

Definition of “all are blank” in Coding Table for Note 16:
Responses to H10045-H10046 are all missing.

Definition of “blank or NA” in Coding Table for Note 16:
Responses to H10045-H10046 are either all not applicable (-6) or a combination of missing and not applicable (-6).

Definition of “blank or don’t know” in Coding Table for Note 16:
Responses to H10045-H10046 are either all don’t know (-5) or a combination of missing and don’t know (-5).

Definition of “NA or don’t know” in Coding Table for Note 16:
Responses to H10045-H10046 are a combination of not applicable (-6) and don’t know (-5).

Definition of “marked” in Coding Table for Note 16:
Any pattern of marks outside the definitions “all are blank,” “blank or NA,” “blank or don’t know,” or “NA or don’t know”.

**Coding Table for Note 16A1:
S10Q01, S10Q02**

N16A1	S10Q01 is:	S10Q02 is:	S10Q01 is coded as:	S10Q02 is coded as:	*
1	1: Yes	1-4: Time since last blood stool test, missing response, or -5: don't know	Stands as original value	Stands as original value	
2	1: Yes or missing response	-6: Never had a blood stool test	2: No	.C, question should be skipped	B F
3	2: No, -5: don't know, or missing response	1-4: Time since last blood stool test	1: Yes	Stands as original value	B
4	2: No, -5: don't know	Missing response, -6: never had a blood stool test, or -5: don't know	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
5	Missing response	Missing response or -5: don't know	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 16A2:
S10Q03, S10Q04-S10Q05**

N16A2	S10Q03 is:	S10Q04-S10Q05 are:	S10Q03 is coded as:	S10Q04-S10Q05 are coded as:	*
1	1: Yes	At least one is "marked", "unmarked or don't know", or "all are blank"	Stands as original value	Stand as original value	
2	1: Yes, -5: don't know, or missing response	"Blank or NA"	2: No	.N, valid skip if missing; .C, question should be skipped if marked	B F
3	2: No, -5: don't know, or missing response	At least one is "marked"	1: Yes	Stand as original value	B
4	2: No	"Blank or NA", "unmarked or don't know", or "all are blank"	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
5	-5: Don't know	"Unmarked or don't know" or "all are blank"	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
6	Missing response	"Unmarked or don't know" or "all are blank"	Stands as original value	Stand as original value	

* Indication of backward coding (B) or forward coding (F).

Definition of "all are blank" in Coding Table for Note 16A2:
Responses to S10Q04-S10Q05 are all missing.

Definition of "blank or NA" in Coding Table for Note 16A2:
Responses to S10Q04-S10Q05 are either all not applicable (-6) or a combination of missing and not applicable (-6).

Definition of "unmarked or don't know" in Coding Table for Note 16A2:
Responses to S10Q04-S10Q05 are either all don't know (-5) or a combination of don't know (-5) and either missing or not applicable (-6).

Definition of "marked" in Coding Table for Note 16A2:
Any pattern of marks outside the definitions "all are blank", "blank or NA", or "unmarked or don't know".

**Coding Table for Note 17:
H10051--H10055**

N17	H10051 is:	H10052 is:	H10053- H10055 are:	H10051 is coded as:	H10052 is coded as:	H10053- H10055 are coded as:	*
1	1: Ever smoked	3 or 4: Still smoke	Any value	Stands as original value	Stands as original value	Stand as original value	
2	1: Ever smoked	2: Quit, -5: don't know	Any value	Stands as original value	Stands as original value	.C, question should be skipped if marked; .N, valid skip if missing	F
3	1: Ever smoked	Missing response	Any value	Stands as original value	Stands as original value	Stand as original value	
4	2: Never, -5: don't know, missing response	3 or 4: Still smoke	Any value	1: Ever smoked	Stands as original value	Stand as original value	B
5	2: Never or -5: don't know	2: Quit, -5: don't know, or missing response	Any value	Stands as original value	.C, question should be skipped if marked; .N, valid skip if missing	.C, question should be skipped if marked; .N, valid skip if missing	F
6	Missing response	2: Quit, missing response	Any = 2- 5: Some visits	1: Ever smoked	Stands as original value	Stand as original value	B
7	Missing response	2: Quit, missing response	All = 1: None, -6: No visits, or missing	Stands as original value	Stands as original value	Stand as original value	
8	Missing response	-5: Don't know	Any value	Stands as original value	Stands as original value	.C, question should be skipped if marked; .N, valid skip if missing	F

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 18:
H10053, H10054-H10055**

N18	H10053 is:	H10054 is:	H10055 is:	H10053 is coded as:	H10054 is coded as:	H10055 is coded as:	*
1	.N: No doctor visits	Any value	Any value	Stands as original value	.C, question should be skipped if marked; .N: No doctor visits, otherwise	.C, question should be skipped if marked; .N: No doctor visits, otherwise	F
2	.C: Should be skipped	Any value	Any value	Stands as original value	Stands as original value	Stands as original value	
3	1: None	.N: No doctor visits	.N: No doctor visits	Stands as original value	1: None	1: None	F
4	1: None	.N: No doctor visits	1-5, missing	Stands as original value	1: None	Stands as original value	F
5	1: None	1-5, missing	.N: No doctor visits	Stands as original value	Stands as original value	1: None	F
6	2-5: Visits, missing	.N: No doctor visits	.N: No doctor visits	Stands as original value	.:Missing	.:Missing	F
7	2-5: Visits, missing	.N: No doctor visits	1-5, missing	Stands as original value	.:Missing	Stands as original value	F
8	2-5: Visits, missing	1-5, missing	.N: No doctor visits	Stands as original value	Stands as original value	.:Missing	F
9	1-5: 0 or more visits	More visits than indicated by H10053	More visits than indicated by H10053	Stands as original value	H10053	H10053	F
10	1-5: 0 or more visits	More visits than indicated by H10053	Same or fewer visits than indicated by H10053 or missing	Stands as original value	H10053	Stands as original value	F
11	1-5: 0 or more visits	Same or fewer visits than indicated by H10053 or missing	More visits than indicated by H10053	Stands as original value	Stands as original value	H10053	F
12	1-5: 0 or more visits	Same or fewer visits than indicated by H10053 or missing	Same or fewer visits than indicated by H10053 or missing	Stands as original value	Stands as original value	Stands as original value	
13	Missing	1-5, missing	1-5, missing	Stands as original value	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

Coding Table for Note 19:

Note 19 (Part a)

H10056, SEX, XSEXA, H10057-H10062

N19A	H10056 is :	SEX is:	H10057--H10062 are:	XSEXA is coded as:
1	Missing response	F	Any marked	2: Female
2	Missing response	F	All missing	2: Female
3	Missing response	M	Any marked	1: Male
4	Missing response	M	All missing	1: Male
5	Missing response	Z, missing	Any marked	2: Female
6	Missing response	Z	All missing	., missing value
7	Missing response	Missing	All missing	., missing value
8	1: Male	Any value	All missing	1: Male
9	1: Male	F	Any marked	2: Female
10	1: Male	M, Z, or missing	Any marked	1: Male
11	2: Female	Any value	Any marked	2: Female
12	2: Female	M	All missing	1: Male
13	2: Female	F, Z, or missing	All missing	2: Female

SEX (PNSEXCD) is the gender from the DEERS file. This variable is not used to override questionnaire responses, but to clear up any omissions or discrepancies in the responses.

XSEXA is the recoded gender variable after taking into account the self-reported response (H10056), any responses to gender-specific questions, and the gender of the sample beneficiary from DEERS.

Note 19 (Part B):

XSEXA, H10057 - H10062

N19B	XSEXA is:	H10057--H10062 are:	H10057--H10062 are coded as:	*
1	1: Male	“All are blank”	.N, valid skip	F
2	1: Male	At least one is “marked”	.N, valid skip if missing; .C, question should be skipped if marked	F
3	2: Female	“All are blank” or at least one is “marked”	Stand as original value	
4	Missing	“All are blank” or at least one is “marked”	Missing value	F

* Indication of backward coding (B) or forward coding (F).

Definition of “all are blank” in Coding Table for Note 19b:
All variables H10057--H10062 are missing.

Definition of “marked” in Coding Table for Note 19b:
Any pattern of marks outside the definition “all are blank”.

Coding Table for Note 20
XSEXA, AGE, H10058, H10059

N20	XSEXA is:	AGE is:	H10058 is:	H10059 is:	H10058 is coded as:	H10059 is coded as:	*
1	1: Male	Any value	.C, question should be skipped, or .N, valid skip	C, question should be skipped, or .N, valid skip	Stands as original value	Stands as original value	
2	2: Female	Any value	2: 40 or over	Any value	Stands as original value	Stands as original value	
3	2: Female	Any value	1: Under 40	Any value	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
4	2: Female	Any value	Missing	Marked	2: >= 40	Stands as original value	B
5	2: Female	< 40	Missing	Missing	1: < 40	.N, valid skip	F B
6	2: Female	>=40	Missing	Missing	2: >= 40	Stands as original value	B
7	2: Female	Missing	Missing	Missing	Stands as original value	Stands as original value	
8	Missing	Any value	Missing	Missing	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

AGE (DAGEQY) is from the DEERS file. This variable is not used to override questionnaire responses, but to clear up any omissions or discrepancies in the responses.

**Coding Table for Note 21:
XSEXA, H10060, H10061, H10062**

N21	XSEXA is:	H10060 is:	H10061 is:	H10062 is:	H10060 is coded as:	H10061 is coded as:	H10062 is coded as:	*
1	1: Male	Any value	Any value	Any value	Stands as original value	Stands as original value	Stands as original value	
2	2: Female	1: Pregnant now	1: First trimester	Any value	Stands as original value	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
3	2: Female	1: Pregnant now	2: Second trimester	2: Third trimester	Stands as original value	Stands as original value	∴ missing value	F
4	2: Female	1: Pregnant now	2: Second trimester	4: First trimester, 3: second trimester, 1: did not receive prenatal care, or missing	Stands as original value	Stands as original value	Stands as original value	
5	2: Female	1: Pregnant now	3: Third trimester, missing response	Any value	Stands as original value	Stands as original value	Stands as original value	
6	2: Female	2: Pregnant in last 12 months	Any value	Any value	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	Stands as original value	F
7	2: Female	3: Not pregnant in past 12 months	Any value	Any value	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	.N, valid skip if missing; .C, question should be skipped if marked	F
8	2: Female	Missing response	1: First trimester	Any value	1: Pregnant now	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	B F

* Indication of backward coding (B) or forward coding (F).

Coding Table for Note 21 continued:

N21	XSEXA is:	H10060 is:	H10061 is:	H10062 is:	H10060 is coded as:	H10061 is coded as:	H10062 is coded as:	*
9	2: Female	Missing response	2: Second trimester	2: Third trimester	1: Pregnant now	Stands as original value	.: missing value	B F
10	2: Female	Missing response	2: Second trimester	4: First trimester, 3: second trimester, 1: did not receive prenatal care, or missing	1: Pregnant now	Stands as original value	Stands as original value	B
11	2: Female	Missing response	3: Third trimester	Any value	1: Pregnant now	Stands as original value	Stands as original value	B
12	2: Female	Missing response	Missing response	Any value	Stands as original value	Stands as original value	Stands as original value	F
13	Missing	Missing response	Marked, missing response	Any value	Stands as original value	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 21A1:
H10064, S10C15-S10C16**

N21A1	H10064 is:	S10C15-S10C16 are:	H10064 is coded as:	S10C15-S10C16 are coded as:	*
1	1: Yes	Any value	Stands as original value	Stand as original value	
2	2: No or missing response	“At least one marked yes”	1: Yes	Stand as original value	B
3	2: No	“Both marked no or missing”	Stands as original value	N, valid skip if missing; .C, question should be skipped if marked	F
4	Missing response	“Both marked no or missing”	Stands as original value	Stand as original value	

* Indication of backward coding (B) or forward coding (F).

Definition of “at least one marked yes” in Coding Table for Note 21A1:
At least one of the responses to S10C15-S10C16 are marked 1: yes.

Definition of “both marked no or missing” in Coding Table for Note 21A1:
Both responses to S10C15-S10C16 are either missing or marked 2: no.

**Coding Table for Note 22:
H10065, H10066**

N22	H10065 is:	H10066 is:	H10065 is coded as:	H10066 is coded as:	*
1	1: Yes	Any value	Stands as original value	Stands as original value	
2	2: No or missing response	1: Yes or 2: no	1: Yes	Stands as original value	B
3	2: No	Missing response	Stands as original value	.N, valid skip	F
4	Missing response	Missing response	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 23:
H10067, H10068**

N23	H10067 is:	H10068 is:	H10067 is coded as:	H10068 is coded as:	*
1	1: Yes	Any value	Stands as original value	Stands as original value	
2	2: No or missing response	1: Yes or 2: no	1: Yes	Stands as original value	B
3	2: No	Missing response	Stands as original value	.N, valid skip	F
4	Missing response	Missing response	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 24:
H10071, H10071A-H10071E**

N24	H10071A is:	H10071B is:	H10071C is:	H10071D is:	H10071E is:	H10071 is coded as:	H10071A-E are coded as:	*
1	Any value	1: Marked	Any value	Any value	Any value	2: Yes, Mexican, Mexican American, Chicano	Stand as original value	F
2	Any value	2: Unmarked	Any value	Any value	1: Marked	5: Yes, other Spanish, Hispanic, or Latino	Stand as original value	F
3	Any value	2: Unmarked	1: Marked	Any value	2: Unmarked	3: Yes, Puerto Rican	Stand as original value	F
4	Any value	2: Unmarked	2: Unmarked	1: Marked	2: Unmarked	4: Yes, Cuban	Stand as original value	F
5	1: Marked	2: Unmarked	2: Unmarked	2: Unmarked	2: Unmarked	1: No, not Spanish, Hispanic, or Latino	Stand as original value	F
6	2: Unmarked	2: Unmarked	2: Unmarked	2: Unmarked	2: Unmarked	:: Missing	Stand as original value	F

* Indication of backward coding (B) or forward coding (F).

APPENDIX G

RESPONSE RATE TABLES – QUARTER III

PAGE IS INTENTIONALLY LEFT BLANK TO ALLOW FOR DOUBLE-SIDED COPYING

TABLE G.1

RESPONSE RATES BY EMAIL EARLY NOTIFICATION INDICATOR – QUARTER III, 2010

	RR Unweighted Response Rate	RR _w Weighted Response Rate
Non-Active Duty	30.9	51.8
No	5.0	4.4
Yes	22.4	20.7

*Only Active Duty received the email notification

TABLE G.2

RESPONSE RATES BY ENROLLMENT AND BENEFICIARY – QUARTER III, 2010

	RR Unweighted Response Rate	RR _w Weighted Response Rate
Active Duty	21.2	18.9
Active Duty fam,Prime,civ PCM	22.5	23.7
Active Duty fam,Prime,mil PCM	21.6	21.2
Active Duty fam,non-enrollee	14.8	16.2
Retired,<65,civ PCM	49.0	50.7
Retired,<65,mil PCM	47.4	47.9
Retired,<65,non-enrollee	40.7	44.6
Retired,65+,enrolled	76.5	76.3
Retired,65+,non-enrollee	75.3	75.3
TRICARE Reserve Select	33.3	33.3

TABLE G.3

RESPONSE RATES BY XOCONUS – QUARTER III, 2010

	RR Unweighted Response Rate	RR _w Weighted Response Rate
In US/Missing Region	27.6	44.9
Europe	18.2	18.8
Western Pacific	18.5	19.1
Latin America	21.7	31.0

TABLE G.4

RESPONSE RATES BY SEX – QUARTER III, 2010

	RR Unweighted Response Rate	RR _w Weighted Response Rate
Male	25.5	42.2
Female	27.4	45.6

TABLE G.5

RESPONSE RATES BY CONUS/OCONUS INDICATOR – QUARTER III, 2010

	RR Unweighted Response Rate	RR _w Weighted Response Rate
Invalid/Missing	17.1	37.0
Not in USA	18.8	20.3
In USA	27.8	45.0

TABLE G.6

RESPONSE RATES BY BENEFICIARY CATEGORY – QUARTER III, 2010

	RR Unweighted Response Rate	RR _w Weighted Response Rate
Active Duty and Guard/Reserve	21.2	19.5
Dependent of Active Duty & Guard/Reserve	19.2	21.1
Retiree/Depend of Retir/Surviv/Other 65+	75.4	75.4
Retiree/Depend of Retir/Surviv/Other <65	45.1	47.0

TABLE G.7

RESPONSE RATES BY CATCHMENT AREA - QUARTER III, 2010

	RR Unweighted Response Rate	RR _w Weighted Response Rate
Redstone Ars/Ft McClellan	37.3	37.4
Ft. Rucker	24.1	27.1
